Proposal # 3

2009-2010 Rule Book

Chapter IV Enduro Rules, Section B. Classification of Riders. Paragraph 3. Page 13.

Current rule:

3. This rule applies to displacement classes only. The specialty Advancement System is described in rule Chapter IV, paragraph B, 7. Any time before 50% of the sanctioned runs, any "B" rider accumulating 100 FTR advancement points will be advanced to "A" division immediately. After that time, a "B" rider accumulating 100 FTR advancement points will be allowed to compete for the remainder of that year in the "B" division. "A" and "B" FTR Hare Scrambles series and Motocross series riders will ride in the "B" enduro division. At the end of each season, a "C" rider will be promoted to the "B" division if the average of their year-end award scores equals 60 or more points. Average will be calculated only for those riders competing in three or more FTR championship events. A rider in this category will advance to "B" class regardless of their standing. Also any time throughout the year, if any "C" rider accumulates 15 or more FTR advancement points, they will be moved to "B" division immediately. Riders may reclassify themselves at any time to higher (but not lower) division by notifying the FTR scorekeeper. A rider can be reclassified to a lower division by petitioning the enduro committee. An A-rider reclassified (by enduro committee vote) as a B-rider will carry 50 promotion points to the new class, and a B-rider reclassified (by enduro committee vote) as a C-rider will carry 7 promotion points to the new class. The enduro committee has the authority to rescind (by majority vote) previous reclassification actions if a subsequent review of the rider's scores in the lower classification demonstrate that reclassification action was not warranted.
