The chairman explained that it had come to his attention that the youth advancement rules adopted earlier in the season may be a little over aggressive for some of the classes. The Evo-C class also needed some adjustment and the following proposal was presented:

Chapter VII, C

Current:

2. For all lowest division classes (Ex: Specialty and Displacement C Classes, etc), with the exception of the Golden Master, Women's and Youth Classes, when 25 advancement points are accrued, the rider is promoted to the next higher division. All youth B riders will advance when 35 advancement points are accrued. For all other classes, except youth-C riders, the advancement point is at 45 points. When the points are accrued at or prior to the first fifty percent (50%) of the proposed and approved season sanctions, the rider is promoted immediately and will then take 90% of the points awarded in the lower class to the higher class. When the points are accrued after 50% or more of the scheduled events have been completed, the rider can remain in the lower class for the remainder of the season. The promotion will take effect at the start of the next competition season. However, riders voluntarily advancing themselves to a higher division after 50% of the scheduled events have been completed will carry no points to the higher division. Points earned in the lower division will remain in the lower division.

8. All youth C riders (Ex: Junior-C, Mini-C, 65-C and Peewee-C) will advance to the next higher class after accumulation of two 1st place finishes or 3 top 5 finishes. This promotion will take effect immediately. The rider will take 90% of their points awarded in the lower class to the higher class. Exception: If 90% of their points places them in a higher position in the new class they will be awarded only enough points to attain an equal position in the new class.
