EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible.
Sharon & Jack Huffman - Editors

**Suzuki Contingency Dollars to F.T.R. Riders**

The Florida Trail Riders has been selected by American Suzuki Motor Corporation as one of eleven organizations Suzuki will support during 1991 with the Suzuki RMX Off Road Contingency Program. Thanks to a lot of leg work by Suzuki's District Sales Manager in Florida, Joey Peterson, and support from Charles Halcomb, Suzuki's Off Road Riding Representative at the National Office, F.T.R. RMX riders will be eligible for contingencies if they finish in the top five positions of their class at any of the FTR Enduros and Hare Scrambles during 1991. This program will start with the Suncoast Trail Blazers Hare Scrambles at the Rocking V Ranch in Plant City on January 20, 1991, and continue for the rest of 1991. Only Suzuki RMX riders will be able to compete for these Suzuki contingencies which will be paid out for the following places: 1st place is worth \$200.00, 2nd place \$150.00, 3rd \$100.00, 4th \$75.00 and 5th place will earning you \$50.00. In order to be eligible a RMX rider must first register with Suzuki and then send in enduro/hare scrambles results to collect their winnings. For further information on how you can qualify for this program see you local Suzuki dealer.

1991/92 HARE SCRAMBLES RULE CHANGES

On Saturday night December 11, 1990 the FTR Hare Scrambles Committee met at the Rodeheaver Boys' Ranch. The main topic of concern was the proposed rule changes for the 1991/92 racing season to begin next July. The official minutes from that meeting will be printed in next months magazine, but we thought you would be interested in some of the changes now. (1) All riders will be scored in each class provided they pass the scoring table once. (2) Proof of age will be required for all age determined classes. (3) Addition of a Super Senior C Class. (4) No big bore kits allowed. (5) 4 Stroke classes will run in the noon race. (6) Promoting Clubs will be required to post times for all riders competing at their race. (7) To retain your H/S riding # (plate #) your FTR membership must be renewed in July. Once again this is just a brief sketch of the new rules that will be established July 1991 for next year.

SUNCOAST TRAIL BLAZERS DOES IT AGAIN! by Tom Russell

The 8th Annual 'Turkey' Hare Scrambles was one of the best in years. Good traction and no dust set the tone for the day. Mat Smith laid out an excellent course consisting of short, fast straights separated by short palmetto sections. Palmettos are never easy, but Mat always bush-hogs them on his courses, making it easy to pass in all but a few places. Even at the 2:00 race the course was not only rideable, but could have been rated "excellent".

Kenny Keylon high-pointed the event in grand style. What a spectacle to see not only leading the race, but wheeling all the way across the field beyond the scoring table! Awesome!

Suncoast Trailblazers club rider Robbie Possehl turned in the next fastest time to win the A-250 class. Other STB riders turning good finishes were Jenni Terrell, Mose Howard, Matt Crist, Paul Seburn and Tim Johnson. A pretty good club showing!

Big stink of the day honors concerned a set of double arrows several riders chose to ignore. After a much heated debate, it seems some 15-20 riders may be disqualified. It's not an easy decision to disqualify riders en masse, and I'm glad I don't have to make the call. Remember, 2 sets of double arrows means you have to go between them. This was mentioned at the riders meeting and is a riders' responsibility. It's not fair to let one rider choose his own lines, disregarding course markers, while another rider obeys the rules (even if he has doubled back to make the arrows).

Sportsman of the day honors go to Otto Perez, who could have easily walked away with the "C High Point" trophy. Instead, he notified us his time was incorrect. All riders should be so honorable!

Thanks to the many volunteers who showed up to help on race day. Your help is appreciated and needed.

I would like to take this opportunity to thank Mr. Waller for letting us use his land again. Without people like him, we wouldn't be able to put on any races, good or bad.

November 26, 1990

Gal's and Guy's of F.T.R.

We at Suncoast Trail Blazer's want to thank everyone who participated in our 8th Annual "Turkey" Run H/S. November 11, 1990.

On Friday night before the Sunday race, old Mother Nature was very good to us again, we got about 2" of rain, and boy that sure helped out on Sunday.

We hope everyone had a good time and a good race and a big thanks goes to everyone for a great job on the trash. Boy it makes you feel good not having to pick up after the race, you guys were great as always.

One more "Big Thanks" to the Bay Area Yamaha Dealers. Cahills Yamaha, Cycle Springs Yamaha, and Barnie's Yamaha. These dealers are the best, they were co-sponsor on our event, boy that helped out. These dealers know about F.T.R. and they know about dirt bike riders. The owners of these dealerships will give you 20% off of parts and accessories, now I think that will go a long way now a days, so if you need any parts, be sure to give them a call, they will help you any way they can.

Well I can't tell you to much about the race, who won or who didn't. Hope to see you in Plant City in January.

Mat Smith

Suncoast Trail Blazers

Attention Riders:... During the noon race at this event many riders (better than 50%) were seen off the course (cutting double arrows). This action requires disqualifications from the event, the score from this event has to be counted as a year end score ("0" points) and finally suspension from the next three events (can not enter.) **The penalty for course cutting is severe and it should be...** Later, at a Hare Scrambles Meeting, held at the Rodeheaver Boys' Ranch event, much time was spent on the above issue and a decision made that **due to special circumstances** that the **disqualifications would be overturned** and the race results accepted as scored by the Suncoast Trail Blazers... It was also noted that this seems to be a **regular re-occurring violation with some riders**. Promoting clubs were ask to get serious about policing their race courses, take names and numbers and **report those violators** so the referee's and H/S committee can take the needed action **to regulate our events and safeguard our sport**.

Dear Editor and FTR Members,

With the onslaught of environmental interest groups against off-road recreationists it behooves us to do a little public relations work. To that end I have investigated an idea that I believe is an effective, cost efficient means of generating a positive image - **POST CARDS!**

The idea is to make them available to FTR members (maybe even pre-stamp and pre-address them) so that we can **inform our elected officials and influential groups** about the amount of money we spend in their town or county or about important pending legislation that we feel strongly about or just to inform a land owner that we appreciate the use of his or her land. The recipients can see who we are and what we stand for and should the subject of dirt bikes come their way again, hopefully the postcard will trigger a positive association. I imagine the postcard depicting the FTR membership (in its entirety) with their bikes and with the motor homes in the background. The **Responsible Motorcyclists Emblem** across the front perhaps with the message "I Vote" wouldn't be a bad idea either. Think of the impact a few hundred of these could make if the mailing was coordinated!

As much as I would like to take credit for this idea I must admit that this approach has already been exploited by other interest groups some of which are against motorized off-road recreation. The cost is minimal, about \$450.00 dollars for the first batch of 5,000 after which the cost is six cents per postcard. Implementation would take one to two months.

I'm at most of the races. Feel free to walk-up and discuss this idea with me. Your feedback is appreciated.

Sincerely, Keith Allen 8A - Open Class.

A few members have already seen this and think it's a great idea ! O. K. so lets not just talk about it lets do something about it ! The Editor

Trelleborg 945 Sandmaster

"The Trelleborg 945 gives excellent bite in horrible conditions. The widely spaced knobs hook up almost as well as a Dunlop 990 but seem to hold up better under abuse from rocks and roots that cause the knobs on other tires to chunk. At \$78.95 the tire is priced right, gives good bite and lasts a long time." Reprinted from May 88 Dirt Rider.

The best sand/mud tire available - period. Will not chunk knobs in rough conditions.

Rodeheaver Boys' Ranch Part II

John Thomas

This time the Azalea City Motorcycle Club teamed up with the Rodeheaver Boys' Ranch and the Pilot Club of Palatka to promote race number six of the Florida Trail Riders twelve race Florida State Hare Scrambles Championship Series. Azalea City is noted for donating the proceeds of their FTR Sanctioned events to service clubs and needy organizations and while you may get tired of hearing this they are the most successful club in the state when it comes to obtaining property for use for our events. You have to know that part of the reason is because of their kindness to those that help the less fortunate. On the other side of the coin they always have a ATV race at their Hare Scrambles, because they mostly ride ATV's and this is their reward to themselves for all the hard work they have done getting the course prepared for the event. Slowly but surely this Saturday afternoon race is becoming popular. This time a group of riders from the Southwest Florida Trail Riders (Ft. Myers area) showed up and when the dust cleared Wayne Arnold had won the event. Other Saturday happenings were a FTR H/S Committee meeting. More rules were adopted and less arguing done at this meeting than any meeting in the FTR's recent history. A great Bar-B-Que dinner was served and a night poker run after that. I can't tell you who won because it got so cold that most normal beings were where it was warm.

The next morning frost was everywhere and if you hadn't covered up your trusty scooter, then one of the things you had to do was to defrost your seat before you could practice. The course for this race would be mostly on the south side of the main access road with riders crossing the road with the help of Azalea City club members. Once on the other side there were pastures and fields tied together with short trails through the woods. In a couple of spots ditches were used, but most riders found them to be no problem. When you crossed the road heading back to the start the course was the same long straights used in the October race.

Kenny Keylon once again was the rider to beat. Kenny picked up his fifth consecutive High Point in the last five races. It looked for a short time that A-250 rider Mike Phillips was picking up time on Kenny, but during his gas stop Kenny got the word and he turned up the burner a little and pulled out to a 57 second lead for the overall win. Mike finished second overall and

1st place in the A-250 class followed by FTR VP Robert Possehl 24 seconds later for 2nd in the A-250 class. In the B-250 race Vince Dewitt from Ft. Lauderdale pulled out to a one minute lead over Ed Butler and Roc Northey who finished one second apart for a real close finish in that race. In the B-200 race Rick Patterson, just promoted from C-200, took a first with a three and a half minute lead over Bill Michaud.

During the 2:00 race, Mark Cassels (just promoted) took first by 13 seconds over Art Whitney in the 4-Stroke A Class. This was Art's first race since September when a fall put him out of racing till now. Pat Post (some of you will remember this name from Florida motocross) blew away the 4-Stroke B class with a time 50 seconds faster than the 4-Stroke A's. In the C-Open class Otto Perez (Ex. A-Open rider, *how'd he do that???*) won with a 3 minute plus lead over 2nd place Ronald Richardson. New FTR member David Paskert from Brandon took first in the C-250 race, beating Mark Nicholas by 59 seconds. Third place went to new FTR member Greg Alspaugh 2 seconds behind.

In the morning race David Johnson and Johnny Borders battled to a two second finish with David getting the win in the Senior A class. The Masters B class was won by Chuck Argentine. Chuck said that "this was his first win in fifteen years of racing." Jenni Terrell won the Women's B class with five minutes to spare followed by Delena Johnson and Sandy Harrison.

In the team competition Sunrunner Red took first with 3 first places. Team Crash was second and Apollo Blue took third.

If you were there you may have wondered, just as I did, who all the lovely ladies were that were doing some of the scoring during the races. These were the ladies from the Pilot Club doing there share to help make your day and the event more fun. Thank You "Pilot Club" I know your help was appreciated. The trophies were awarded around five by Ashley Jeter, Rodeheaver Boys' Ranch leader. Most everyone was gone a little later, except the workers and they were still hard at work when it got dark.

Florida Clubs Active

This was the title of a article in the SVIA Rider Support Program a great monthly newsletter that your club should be receiving. The **South West Florida Trail Riders** were recognized for their active leadership and a increase in membership of 50 %. They were applauded for their membership in the Florida Trail Riders, the writer stating, "Strength in numbers is no more a cliché. We all know about the extra horsepower affiliation with a state association can add when representing the sport." He complimented the F.T.R. for actively supporting the National Recreational Trails Act in the last session of Congress by encouraging associate member organizations to write letters. South West Florida Trail Riders is one of the clubs that took the message to heart and sent 60 letters to Congress!"

SWFTR is organizing a group trail riding trip to Colorado in the spring "for the adventure of a lifetime." If you live in the Ft. Myers area and would be interested in joining the club you will be able to do so using the information listed in the back of this magazine. If you club does not get the SVIA Riders Support Program news letter then write to Dick Lydecker, SVIA Rider Support Program, 1235 Jefferson Davis Hwy, #600 Arlington, VA. 22202 or you can phone them at (703) 521-0444.

FLORIDA MOTOCROSS NEWSLETTER

Orange County Raceway has offered off-road activities since 1969, it's not unusual to have three events going on at the same time on a Saturday evening. A spectator is welcomed at any and all events for the single entrance price, \$8.00 for adults, children under twelve free with an adult.

Every Saturday evening is a motocross evening, gate open at 5:00 pm, practice starts at 6:00 pm and racing at 8:00 pm, your usually out by 11:00 pm. Going into 1991 there will be four separate ten race series with the best six of the ten races scored for the series.

Every second and fourth Saturday night both the clay banked oval track and the clay flat-track will be running. Their time schedule is the same as the motocross track's.

On the third Saturday evening the mud bogs and the sand drag strip are running. This is a very unique example of Florida Country Fun. The drag strip time trials start at 6:00 pm and events run at 8:00 pm. The mud bog events start at 8:00 pm.

It's expected that both the banked oval track and the sand drags will extend their racing schedule to every Saturday evening in the near future, the interest buildup is very high.

The facility is open for practice every Wednesday from 4:00 pm to 9:00 pm, the lights are turned on at twilight. Practice is a great way to experience motocross without pressure.

LETTERS TO THE EDITOR

The editor has received letters concerning the course cutting problem at the "Turkey Hare Scrambles" November 11th. In view of the fact the Hare Scrambles Committee has ruled there will be NO DISQUALIFICATIONS THIS TIME we feel the problem has been solved for the time being and therefore there is no need to print them. Thank you for your input.

Dear Editor,

The race at Rodeheavers Boys Ranch was another great FTR event and I want to thank the people who made it possible.

After the race through I spoke to a number of people and noticed that they felt the same way I did: Great race but toooooo short! More than a few mentioned that they thought that recent events had been too short (not the course the duration). A, B, and C riders alike hoped for another lap or two.

I don't mean to be one of those people that endlessly wine about some aspect of the race. I'm sure however, that all would agree to extending, something as enjoyable as, something as totally wild and outrageous as...the Rodeheavers Hare Scrambles!

Sincerely,

Keith H. Allen

Internal Triangle by Dianna Rawls

The night was cold and wet...fires to keep warm by, only seemed to put off the reality of the coming day.....YES RACE FANS THE 2ND BIG RODEHEAVERS FUN TIME OF THE YEAR!!!!!! Got your attention didn't it???? Did we have fun or what.....This was more fun than normal people should be allowed to have. BUT who ever said WE were normal!!!!

Leon and I arrived around 12:00 with our trusty side-kicks Robert and Beth Turner. She was yelling at him, and he was giving her THAT look. OH come on people....you know the one..... teenagers ALWAYS bring out the best in

their parents, don't they? I let them carry on, and Leon went out doing the pre-ride thing. With some time to kill some major warming had to start NOW! It was COLD, and it started to drizzle. I couldn't get into my lawn chair mode, so I decided to drive everybody else crazy. The club had a nice fire going. I stayed pretty steamy until some guy came up and told me I was on fire. Time to move away from the flame.....but it felt soooooo good. Your body is all numb and short of a mine going off in your face...you have no idea your trying to play human torch.

Then a very damaged motor home was coming in. This one was not the normal type at the races. You know...with certain rough edges, and assorted dents. IT WAS NEW, or used to be anyway. It was the Cox family and unusually late too. They are always at every race early, set up, in lawn chairs, and "BOB" their miniature watchdog trying to chew my ankles off when it dawns on him I smell like someone he knows. I LIKE.....Had to ASK where have you guys been???? Claire Cox starts telling me about this 10 point something that they had hit...and how all these hunters started coming out of the woods towards them. She said Ernie gave it to them. Personally there probably lucky those guys didn't want the stew she was cooking too! All I could think of was BOY...what I wouldn't give to be there when they try telling this one to the insurance company. Most of those guys are from another planet anyway.

At this time most were getting ready for the ATV race. This was where our nice steady and sure 230 turns into SUPER QUAD!!! In the past when your referee tried this event he brought it back missing...things. Bolts mostly. Leon is generally safe on a quad it won't jump things, and that keeps our medical bills down, and a wife that isn't the headline on the morning Paper UNDER.... "WIFE BUTCHERS HUSBAND OVER ATV RACE". Know what I mean VERN?? By the time it was over I had mellowed alot, the trusty cooler was by my side. Given cold chill factor of about 0, honest.... that's what it felt like. Turn out for the poker run would be nothing. WRONG.... Leon and I wimped out, but alot of "delco energizers" were out burning up the track. Singing tools came to mind as I walked

up on the PJ3 Trailer of the Cox abode. Ms Claire in the corner...she was the tool giver...when they were done she was the tool retriever. The lady is a nurse by trade, and I thought she was doing pretty good to master tools AND surgical instruments..AND still know how to define the two at this time of night. Ernie was putting his YZ back together. I noticed he could identify with Leon about air boxes on this one. Finally it was done he started putting coolant in the radiator when Claire mentioned it was coming out the other end. Out came the paper towels, and the look that could kill was very much at large! The women has alot more guts than me to sit there and still smile.....but not too much. Shes been married along time.

Around 11:00 things were settling down trail bosses were still trying to find the few lost souls that were hiding from them. Doug Qualls was saying something about not doing this anymore. But you know he just can't take a joke. We all need to tie him down and give him a dose of FTR craziness. Who knows by Sunday night he won't remember what happened to him BUT.....he had a goooooo time getting there!

About 3:00 AM, I could have sworn I heard someone that sounded like Kathy Frank, get out of her warm truck, and head towards the Port-o-Lets. All that beer caught up with her huh??? I couldn't print what she was saying, but it was only one wordand she used it all the way there and all the way back. Words could not even half way give a man the idea of what it's like....you guys don't HAVE to sit down all the time!! My husband just uses his evil little snickering, then cops to the "Gee honey I must have been doing that in my sleep again". The only time when I feel justified is putting my God given COLD FEET on him when I get back in bed. You think they would learn. Really cutting some ZZZZZZZZZZZZ. I can sleep through generators, snoring even sunlight, but when Kenny Boyd shows up and thinks everyone should be up with him,....I just never learn. Pillows and even trying to get under my husband could not keep this mans voice from cracking every line of my sleeping state. You know the type some cant take fingernails across a blackboard I can't take Kenny Boyd at 7 AM. He is TOOOOOO ALIVE. I NEEDED

COFFEE.

Awake now, I attempted to get into my usual position..... the lawn chair and the cooler. Steve Hill comes in towing Kathy Franks bike. He says no spark....and starts taking it apart, hoping to work miracles before the 10:00 race that shes in. Setting out of my chair was a no no, I was too warm and he was throwing things. Getting up the nerve to ask him why he was so ticked was more than I needed to get my day going. After I was REAL sure he was done, HEY STEVIE WHAT'S UP GUY??? Kats bike going to live?? Never have I seen Steve drop so low and start mumbling into his hands. Side cover off..seat in no mans land and the gas tank just before becoming part of the side of their truck. He looked dead at me, as if little ole me represented all women in general, SHE WAS JUST OUT OF GAS. WAIT...WAIT...this is a trick right???? But my second grade teacher was no where in sight. Upon returning after finishing practice on Steves bike, lucky for him huh?? This was going to be good. All I heard was WHAT?????? They can't print the rest. The next word was as clear as jello "I just put gas in it the other day!" Stevie was not a happy camper. What probably really made him like he was...he pushed it half way back BEFORE someone towed him in. He could have rode it in on reserve. CAN WE TALK HERE? Everyone was asking her if she needed to pit on every lap! It's going to be hard living that one down Kat!! I rate it right up there with forgotten air filters, ... butt plugs left in silencers and rags left in air boxes!!

Boyd finished 1st, Stevie finished 1st, I can't remember what Kathy Frank placed. She was staying away from me, I had my pen and paper out already making notes. There's a new guy on the block that gave Steve Hill a good run....Maynard Patterson. He got moved up at the meeting. Proves to be interesting. Rumor has it Leon Rawls might be in that class soon. Continuing story.....

Everyone had a great time, and I had a good way to vent my next article. I guess there was just too much good stuff to ignore this one guys. Seeeeee you at the next one.

RAWLS RATING - 5 bikes. Good weather, Good food, great event period. Thanks to Club Azalea.

CLASS _____ / SATURDAY NIGHT _____ PLATE # _____ TEAM _____

I have voluntarily entered an FTR sanctioned event. An FTR sanction indicates that this event is listed in the associations official calendar. FTR rules for competition will be used as a guideline. The officials for this event have not been trained or accredited by FTR. This indicates that you or your child's safety will not be warranted by FTR, land owners, or the Apollo Motorcycle Club. Motorsports are inherently dangerous. You should take part in this event based on your own assessment of your or your child's abilities. Today's route may traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of you or your child's motorcycle and protective apparel.

The promoter does not provide medical insurance coverage. We urge you not to compete in motorsports without adequate personal medical insurance coverage. If you have any doubts at this time about you or your child's personal abilities to participate in this event. If you or your child have not adequately prepared yourself and your equipment. If you question the safety of the course, or if you believe your personal insurance coverages are not adequate to compensate you or your child for and injury that might occur, we urge you or your child not to participate in this event, the Apollo M/C Hare Scrambles on this date, Feb 3, 1991.

The Apollo M/C as well as the land owners are not experts in laying out and sponsoring a Hare Scrambles. Not all OBSTACLES may be marked so riders ride at your own risk! The Apollo M/C, the FTR and the land owners will not be held liable for and mishaps or injuries. The course is DANGEROUS, so ride carefully. . .

New Model!

AutoCal
Electronic Odometer

Our latest model achieves the ultimate in Enduro accuracy - it monitors the calibration throughout the entire race and automatically re-calibrates to match the bike used to layout each section! Additional features include "AAA" batteries for years of run time, a more rugged sensor with TuffShield wire protection, and much easier programming of race data. Complete kit with full mounting hardware for all bikes is \$199.95

Standard Electronic Odometer
Automatic Resets, adjustable wheel size, Speed and Peak Speed readout - all features which make it the most popular odometer in the sport. \$179.95

Pro 3 Enduro Computer
Easy programming, possible check readout, built in clock, 1 year warranty - the Pro 3 has it all. \$179.95

TimeMaster Enduro Clock
A rugged clock designed just for Enduros. \$89.95

Bark Busters
The original and still the best, featuring special mounts for aluminum bars. \$39.95
