EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible.

**From the President**

Well, here we are again, a new season starting soon. The banquet was handled very ably by Robert Possehl with help from his girl friend, Charlene, and the Suncoast Trail Blazers. The weather was not cooperative, but otherwise, a good time was enjoyed by all with many rewards bestowed by the FTR for year long performance.

During the general membership meeting, it was decided to clarify the FTR rule on enduro pre-entry drawing to accommodate the SETRA rule allowing row choice, but still maintaining the random drawing aspect of the FTR and AMA rule. This clarification will be in the new rule book.

At the Executive Board meeting, the Cochran, Ga. Jaycees requested an enduro date of September 22. Due to a conflict with the Croom enduro on September 29, this was refused. I have been informed this week that Tallahassee and Croom were both able to move their date to make room for Cochran. Thanks! We need all the enduros we can get.

I am hoping to meet with the SETRA officers before the Armidillo Enduro to discuss ways to make co-sanctioned enduros work more smoothly.

The Hare Scrambles schedule is starting to come together as well, with some prime dates still available, so get your sanction money to the chairman with the date of your choice.

See ya in the woods!

F. T. R. Awards

On Saturday, July 13th, the Florida Trail Riders held its 21st Annual Awards Banquet at the Sheraton Sand Key Resort on the Sand Key portion of Clearwater Beach. The banquet marks the official end the FTR's two Championship Series and is the occasion for the riders who rode in the series to be rewarded for the total of their achievements at the individual competition events that made up the series. Traditionally it is fun filled night where the membership gets to have a friendly get together with their friends and competitors.

The Chairman of this years banquet was Robbie Possehl, FTR Vice President and President of the Suncoast Trail Blazers. Robbie had lots of help from the club, but was the first to say that if it hadn't been for his lady friend Charlene, the job wouldn't have been accomplished. He went on to say that this was a "learning experience" and he didn't believe the amount of time and effort it took to pull the banquet together. Later that night Robbie, Charlene and the Suncoast Trail Blazers received a huge well deserved round of applause for their hard work.

The Banquet began with a social hour at 6:00 PM. This time was allotted to let everyone find the table they were going to sit at, make a trip to two the bar for liquid libation if they were so inclined and generally make themselves at home. I always have trouble with this part of the banquet. It usually takes me a while to figure out who people are. I can recognized the

voice and face, but some how I can't place the person when they aren't all dusty, muddy or sweaty. This years group looked great!! I thought.

Around 7:00 FTR President, Kirk Braden called the Banquet to order and Past President Nick Krupa gave the blessing. Afterwards it was announced that when your table number was called you could go up to the serving lines and dig in. This part of most banquets really disturbs me. Why can't we have a rule that says you get served by the post mark on your banquet ticket request and then if you snooze you loose. We also need some course marshalls at the banquet, cause I saw a whole bunch of eaters that jumped the gun before their table was called, some even went on the outside of double tables, but most everybody was too busy eating or waiting to eat to notice. The food was great and there was plenty of it. If you went away hungry it was your fault.

After dinner the awards ceremony started. Three special awards were presented to the membership for participation recognized as above and beyond what is expected of a FTR Member. Larry Walls former, FTR Area Director from Orlando, was recognized for competing in every FTR sanctioned event this year and any and all extra events the promoting clubs had to offer. Jack Terrell was honored for helping to score at most enduros and hare scrambles this year and the Suncoast Trail Blazers received a

plaque for promoting the most FTR sanctioned events (3 hare scrambles and 1 enduro) during this competitive season. All the present FTR Officers, Score Keepers and Referees were given plaques rewarding them for donating their time to the FTR. About this time Richard "Mose" Howard received a surprise birthday cake honoring his 18th birthday about the same time it was announced that Mose had been picked as the winner of the Florida Trail Riders annual \$500.00 scholarship. Dianna Rawls then spoke to the membership about mothers and friends.

Next the manufacturers and distributors made their awards and announcements. Joey Peterson District Sales Manager for Suzuki presented Suzuki RMX Contingency Checks to riders who had won bucks under that program. Joey also awarded Kenny Boyd a complete set of "National Champion" go fast riding apparel for being the top Suzuki rider in both series. Jeff Chambers from Kawasaki "Team Green" then spoke to the Kawasaki riders telling them that Kawasaki was aware of their performances and would reward them as they picked up their trophies. Allen Collins from 4-C Racing briefed the members about some products he had donated. Mitch Maguire owner of Cycle Riders Suzuki of Orlando announce that Cycle Riders would be giving away some awards to Suzuki riders. Mike Reynolds owner of Mike's Cycle's in Belleview represented ATK and all ATK award

Banquet

winners received a goody from the ATK factory. Tim Buffalo, from Beach Sportcycles and Championship Motorsports Racing Association made a announcement that Yamaha was going to include the FTR Hare Scrambles Series in their contingency program for the next competition year and had allotted \$100,00.00 plus for the series. Blair Birchfield was present representing FOX. Pro Pad East donated several thousand dollars worth of motorcycle accessories and riding apparel for the drawing held during the trophy presentation and dance.

Finally it was time for the big event of the night, what most had come to the banquet for, TROPHY TIME. 250 plaques were awarded to riders for their placement in the FTR State Championship Series in Enduro and Hare Scrambles. Enduro Committee Chairman Jack Terrell announced the Enduro winners and Joe Steidl Hare Scrambles Committee Chairman did the Hare Scramblers awards. Continuing a trend started a few years ago the series champions received nice large elaborate plaques. Joey Hopkins, Kawasaki KDX rider from North Augusta, South Carolina, took home the Enduro Champions award for the second consecutive year in a row. After a bad year last year Kenny Keylon Kawasaki KX rider from Brooksville, Florida won the Hare Scrambles Championship for the third time. The Team Champions were awarded similar, but smaller plaques. Team Frog made up of Tallahassee Trail Riders was first

in the enduro standings nudging out the Daytona Dirt Riders by 2 points. The Sunrunners Red team took the Hare Scrambles team trophy. Each rider was then called to come up and receive their plaque. Class winners would also receive a bright red FTR jacket, with a new FTR logo on the back, and a hot pink FTR hat.

Around 10:30 the dancing started and continued to the wee hours of the morning. If the FTR should ever have a "dancing couples" award it would have to go to Herm and Jean Stevens of West Palm Beach. This year and for as many years as one can remember they danced the night away out lasting even the younger generation. "Way to go Herm and Jean!"

If there was one problem with this years Banquet it would have to be the weather! Those that came to get some beach and sun time were disappointed as it rained and stormed most of the time. On the bright side of the weekend had the FTR been promoting and enduro or hare scrambles it more than likely would have been postponed due to the violent weather.

Robbie Posseh, his friends and the members of the Suncoast Trail Blazers are to be congratulated for there hard work in putting together this years superb banquet.

Many thanks to those who donated awards or merchandise to the riders or their time to help make the banquet fun for all.

The following is a list of company's, club's and businesses that donated awards and prizes for the banquet. Please consider them when you make your next motorcycle related purchases.

DEER PARK Hare Scrambles

Well, it's that time again. The 1991/92 Hare Scrambles racing season is about to begin. Round 1 will be the Deer Park Hare Scrambles, located just 12 miles west of Melbourne. The second annual Deer Park race is again going to traverse on new land. The weekends festivities will begin Saturday at 3:00 with sign-up till 5:00, then starts a good old fashioned Real Pit Bar-b-que dinner under the oaks with the cooking being provided by landowner Reed Kempfer, served along with your choice of bar-b-que chicken or beef will be cole slaw, beans and a beverage all for only \$7.00 and Reed says "Nobody will go away hungry." As the sun touches the horizon, Poker Run participants will be revving their engines awaiting their first chance to ride the newly arrowed course. Afterwards all riders and crew will get a chance at a leisurely hay ride on land which at a time in the past was once traveled by early pioneers.

As riders and crews awaken on Race Day, they will find the beginnings of a fast paced day at hand with sign-up, practice, and a riders meeting taking place all before the 10:00 race, which will kick off a brand new, long awaited season of racing. The aroma of bar-b-que will once again be filling the air as lunch time arrives for those who missed a chance at Saturday's feast.

The Deer Park Hare Scrambles will be the inaugural race for welcoming YAMAHA's 1991 YZ/WR Contingency Program, as Yamaha riders will race toward what promises to be a prosperous year. CMRA also welcomes AXO SPORTS and Renthal as contingency sponsors for this event. On hand to assist riders will be AXO SPORT/Renthal representative Scott Taylor.

See you where the deer park,

Editors Note: Since this meeting the Suncoast Trail Blazers, the Tallahassee Trail Riders and the Azalea City Motorcycle Club have been kind enough to adjust their scheduled events by moving their dates back a week or so allowing the Cochran Enduro on September 22nd to be included the Florida Trail Riders Enduro schedule. The Cochran flyer is on page number 23 of this magazine

Editors Note: We were unable to find notes taken at the Executive Committee Meeting. Unofficially and for your information concerning the Enduro drawing rule the following was decided. The FTR rule for enduro starting positions would be interpreted to include pre-entry row choice by the rider with a random drawing of all pre-entries, including those that want to choose their row, on the cut off date, still being mandatory. Enduro Committee Chairman Jack Terrell would see that the exact wording explaining this interpreted was forwarded to the rule book committee as soon as possible so that it could be included in the NEW RULE BOOK.

FLORIDA TRAIL RIDERS "GREAT PEOPLE"

I would like to thank you and the Daytona Dirt Riders for helping me and my family in our time of need, at the May 19th Scrub Oak Enduro at Daytona where I broke my foot and had to be taken to the hospital requiring surgery. I would like to give special thanks to the Wingard family for their hospitality to my family while I was in the hospital. And also special thanks to Mr. Jack Terrell for keeping and returning my bike back home safely and to the D.D.R. for the donations to get us back home. It was a terrible day but it's good to know that they're are nice people out there that are willing to help when someone is in need. I am glad to belong to a great club like the Florida Trail Riders, God Bless you all and thanks once again.

Kenneth Krise & Family

P.S. My foot is alot better and I'm getting ready for next season.

THANK YOU!

Paul Seburn #110, C-200—Would like to say thank you to all the members of Suncoast Trail Blazers and the Florida Trail Riders for their help and support during the 1990/1991 competition year.

Also a special thanks to Robby Possehl and Charlene Stochlen, Harold, Danny and Brian of Clearwater Motorcycle Supply, Dean of Honda Kawasaki of Lakeland, Phil and Nancy of Phil Flack Racing.

Support

I would like to express my appreciation for the support I have received during the last two years from ATK and my local dealer, Mike's Cycle Center of Belleview, Florida. While I have been competing in the Florida Trail Riders championship series, Mike and Elaina Reynolds have provided me with exceptional service. They deliver parts and supplies to the events or UPS them to my home, offer a racers discount/support program, and were instrumental in my winning the C-Open Enduro Class for the 90-91 series.

Mike has represented ATK at the FTR year end awards banquet by distributing the factory contingency awards as well as providing coupons redeemable at Mike's Cycle Center. I look forward to another year with the "ATK Team"

Very truly yours,

David

David G. Leckie

From the Hare Scrambles Chairman

By the time you read this we will be post-banquet and ready for a new season. I wanted to let everyone know what's going on as far as Hare Scrambles go.

I'm returning as Chairman (you just can't get rid of some people) and I'm happy to tell you that Leon and Tom are returning as H/S Referee and Scorekeeper, respectively.

Right now I'm working with the clubs to get more events on our schedule. This season we will be working to implement the new class, changes, and rules now going into effect.

Finally, I'd like to talk with you about the "loose end" from last season, our adventure with the double arrow rule. The whole thing is too involved to describe here, so let me just say the committee had to make a tough call and we did what we thought right for FTR. I bring it up again because some feed back we've gotten is negative, that we don't care about the rule (or rules for that matter). This isn't true, but it concerns me if anyone thinks that way. This is important to me, as I promised last season I'd always give you my best, and would go with what the majority wants even if it isn't what I personally want. So the question becomes is this feedback telling us what the majority wants, or is this just a vocal minority. And so, I'm asking again for your input. Feel free to come talk with me (blue/white ranger, Honda #466, Sr. C.) anytime except 9:59 a.m. on the starting line - which has happened by the way!) Let me just say that right now the impression Leon, Tom and I are getting is that you want the double arrow rule to take precedence over other factors such as those that came up last February. So now it's up to you to let us know what you want.

Thanks,
Joe Steidl

PROMOTIONS

At the beginning of each competition year there always seems to be some confusion about what class a rider can ride in??? It is hoped that the following will help answer any questions and help slow down the confusion or worse at the sign up tables at the first few events this year. If a rider has ever achieved a promotion in the FTR, or promoted themselves, the highest class that they were promoted to or choose to ride is the class they must ride. Time does not make any difference, if you dropped out of competition for a while, when you return you don't get to start all over again. Your classification is the same as when you left. If you were promoted as an open bike rider or any other displacement class rider it makes no difference when you are promoted from C to B or B to A then that classification (A or B) is what you are no matter what displacement class you decide to change to at a latter date. Once an A or B rider always an A or B rider. Another area of confusion is how old does a rider have to be to start riding in the Senior Classes??? The rule book reads 35!, but then states during the competitive year. So if your 34 and will have a birthday before the next banquet July 1992 then you can ride in the Senior Class now at age 34. If you turn 34 this competition year, you got a year to wait. When you qualify to ride in the Senior, Super Senior and Master classes (Age Determined Classes) the same rule still applies. If you have been promoted to a higher level of competition (A or B) this classification carries right along with you in these classes. If you are riding in any Senior class and you turn 40 and want to ride in the Super Senior events then you must still ride in the same or higher, if you choose to promote yourself, level class as you rode in the senior races. The same goes for the Masters classes. There are three exceptions: 1. Mini-A and B riders are not considered as A or B when they grow older and can no longer participate in Mini or Junior races. 2. In 4 Stroke B, if a rider is a "C" rider and decides to ride 4 Stroke B he may return to "C" division racing in the event he decides not to ride in the 4 stroke class any more and provided he hasn't been promoted. 3. This year a new class (Super Senior C) was added to hare scrambles competition. The current Super Senior B class riders were divided by the hare scrambles committee and the slower riders in that class have been declassified to "C" to allow them to ride in the new Super Senior C class. Those riders the committee has decided can return to the "C" status are: Frank Amos, Rick Anderson, Duke Barwick, Jerry Blount, Robert Cashwell, G. Bart Crist, Michael Fisher, Joseph Fondreu, Louis Lemire, Dennis Lucier, Gene Melton III, James Meradith, Robert Poneleit, Randy Stone, D. J. Seburn, Allen Talbott, Harold Watson, and Lloyd Widener.

I'm not competitive in this higher class!!! If you feel that you have been promoted to a higher level of competition than your abilities can handle.... Then **after competing in three events in the higher class** you may petition the appropriate committee, Enduro or Hare Scrambles, in writing, stating that you feel that you are not competitive in the current higher class and ask to be bumped back to the original lower classification. The Committee will then make a decision on your request. **This is the only way a rider can have their status ("A" or "B") changed.** If you have any other questions about PROMOTIONS or DEMOTIONS get in touch with either one of the Committee Chairman or Referee's.

"FLORIDA'S RACE HEADQUARTERS"

THE SAND-TANIC VERSES

by Rick Eyrich

A lot has been written and said lately about how difficult it was for our troops to fight and live in the hot desert sands. No kidding-anybody who rides or races dirt bikes in Florida could have told you that! We all know how tough it can be to negotiate the Sunshine State's sands, and it can be even tougher maintaining the equipment that's being sand-blasted almost every weekend.

How many of you out there have suffered from dish-pan hands trying to wash out all the sand particles out of your air filter? Or having to dig out eye-boogers from your eyeballs (for a week) after being roasted square in the face by a big four-stroke? And let's not forget all the burned-up dust-busters gathering dust in the garage from trying to de-sand your going-to-the-races vehicle? And what can compare with the wonderful feeling when your jersey pulls out of the back of your riding pants, halfway thru a race, and by the finish you've collected two pounds of sand in your shorts? Sliding on number ten grit sandpaper would do less damage to your keyster.

Have you ever noticed how in the dirt bike magazines the experts always say things like; "when riding in sand, you can wait longer to brake before cornering?" What they don't say is that's because by the time us "mortal" riders reach the corner we're so tired we don't have enough energy to even push down the brake pedal. Another quote; "when cornering in sand, you can increase your body angle while in the corners." Sure you can! Of course dragging your elbows in the sand can be a problem, like when the guy right behind you decides to pass you on the inside of the corner. That's when you'll find out how painful it can be to put deodorant on your body when your armpit is covered with knobby-tire rash.

So the next time someone tells you how tough it must have been fighting a desert war, just tell them you do it every weekend your at the races. To me, that's the real meaning of **TRUE GRIT** . . .

EASY ASSEMBLY

by Dianna Rawls

AHHHH yes ... the sounds of summer. The sound of dirt bikes sitting in the shop ... AND finally the decision to buy a gas grill.

I am one of those rare women that cook with the 4 food groups. Canned, frozen, micro-wave, and carry-out. I do have a purpose and cooking is not one of them. So most of you know how Leon retains his "ULTRA-SLIM" build.

Shopping for this thing was not going to be easy. I just thought you go pick one up ... silly me. I have no vision I was told by my other half. These things take time. I was soooo sick of time, that I would even volunteer to wash the dog as to going over sales ads from K-Mart. Finally the master had decided on one, WITH optional assembly. OK I have been thru the toys at Christmas stuff, and the word "assembly" would put terror in the hearts of even the best of men. BUT then I thought why worry ... here is a man that rides his but off at Hare Scrambles... takes crap from every one at the end of the day... and still has enough energy to have that look in his eyes of "I did good now what is my surprise." Well... we brought this box home... I got my usual out of the fridge... and calmly took mental note as too.. OH PLEASE DON'T LET HIM LOOSE IT OVER A GRILL! WRONG! The guy at the store said for \$10.00 more you can get the one that is assembled. No no no he wouldn't hear of it... "how tuff can it be?"

I have lived thru Hurricane Donna...had 2 children... and survived divorce. This was right up there...ok well maybe not childbirth...but fingernails on the blackboard sort of thing. Things had already took a nasty turn when he got mad over the fact that L.P. gas was not filled with the tank upon purchase. Then when he found that MY drill had not been recharged...well... you know who caught hell for that one! I offered a beer... it can't hurt, especially after Leon realized that all the screws in the bag were slotted NOT phillip head. There were speeches as to why in the ____ would anyone...and no wonder company charge extra for assembly...and I bet the ones who put these things together are on drugs. If bikes were put together like this no one would buy them. All this coming from a man that can put "anything with a motor in it together."

We had been home since 1:00 PM. It was now 5:30 PM. Our living room floor was full of assorted grill parts, and Leon was still talking to himself. I made a couple of chicken sandwiches...which he refused to eat unless it was cooked on the grill. WHICH we both knew was not going to happen today. The dog had disappeared and our youngest had decided to spend the night at grandmas.

Later after retiring and feeling somewhat renewed...Leon walked back into the living room to finish his job. To his amazement the "GRILL FAIRY" had come and done it for him.

BUY THAT GAL A SIX PACK OF BEER...THE GOOD STUFF!

I have voluntarily entered an FTR/SETRA sanctioned event. An FTR/SETRA sanction indicates that this event is listed in the association's official calendar. AMA rules for competition will be used as a guideline. The officials for this event have not been trained or accredited by FTR/SETRA. This indicates that you or your child's safety will not be warranted by FTR, SETRA, U.S.D.A., U.S.F.S. or the Big Scrub Trail Riders of Central Florida, Inc. Motor sports are dangerous. You should take part in this event based on your own assessment of your or your child's abilities. Today's route will traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of you or your child's motorcycle and protective apparel. The promoter does not provide medical insurance coverage. We urge you not to compete in motor sports without adequate personal medical insurance coverage. If you have any doubts at this time about you or your child's personal abilities to participate in this event, if you or your child have not adequately prepared yourself and your equipment, if you question the safety of the course, or if you believe your personal insurance coverages are not adequate to compensate you or your child for any injury that might occur, we urge you or your child not to participate in this event, the Armadillo Enduro on August 18 1991.

The Big Scrub Trail Riders of Central Florida, Inc. as well as the USFS are not experts in laying out and sponsoring an enduro. Not all OBSTACLES may be marked, so riders ride at your own risk! The Big Scrub Trail Riders of Central Florida, Inc. and the USFS will not be held liable for any mishaps or injuries. The course is DANGEROUS, so ride carefully.
