### EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible. Sharon & Jack Huffman - Editors

**COVER:** Mike Phillips, from Vero Beach, gets some air off a jump in the last part of the course at the Suncoast Trail Blazers "Turkey Hare Scrambles" November 17, 1991. Mike came in first in the A-250 class and was second overall for the day. The spot where this picture was shot was close to the starting/camping area and turned out to be the most popular spectator spot for the day.

**"Responsibility" - What does it mean?**

One of the FTR's slogans has always been "Responsible Motorcyclists", and I believe that in most cases, this is a true statement.

But there is a problem that seems to be growing larger and larger with each passing event. This is pit riding by both adults and children. First I will address the adults. All I can say is that most of the folks at the FTR events manage to get from place to place under their own power, and some of the others should try it. It might even be good for you to walk a little bit.

Now that I have made one group mad, I am going to go ahead and really alienate some more by questioning their qualifications as parents, so here goes.

At each hare scrambles this year and to a lesser extent, at the enduros, I have seen unsupervised children ranging in age from approximately 5 years old to probably age 12 doing things on motorcycles and ATV's that at the very least could have cost the promoting club the use of the land that the race was taking place on.

I have also observed these unsupervised children doing things that could have ended in tragedy, up to, and including death, such as riding too fast, not wearing a helmet, carrying equally young passengers on ATV's and generally behaving irresponsibly.

I find it difficult to totally blame the children for this behavior, as I don't believe they transported themselves to these events, and it is with these persons that the responsibility lies. Parents, if you are not prepared to supervise your children at these events, then please hire a baby-sitter to come along with you, and I don't consider an ATV to be a good baby-sitter.

Most, if not all event flyers state no pit riding. Unfortunately,

most clubs do not have enough workers on race day to monitor the course, let alone be watching the "off limits" areas. It seems to me that all of us, as responsible motorcyclists, have an obligation to our sport and the safety of all to become involved. If you see a child, or even an adult, doing anything out of line, such as riding too fast in the pits, or any other unsafe or unseemly actions that could jeopardize the land use, **please speak up**.

This does not have to become a confrontation. Just mention to the other person that such behavior is not acceptable, and in most cases, the problem is over. If this doesn't work, a word with the promoter should result in a solution, as the competitor in our events can be held responsible for the actions of anyone he brings to the event with him. To me, this means that if necessary a competitor could be disqualified for the actions of his entourage.

To sum up, please parents, supervise your kids. They are your responsibility. Don't just put them on a mechanical baby-sitter and turn them loose. I am concerned that this is a situation that is getting out of hand and must be brought under control before we have a genuine tragedy.

**Things I hate:** People who complain about an organization or a person, but who are unwilling or unable to offer a solution and have never held any office or position with that organization.

**Things I really like:** The really super things that happen out of sight of most, like competitors stopping to help a downed rider, thus eliminating any chances that they had for a trophy or even significant points; and the champion rider who took his practice lap at a recent event, and then escorted a herd of mini riders around the course.

See you in the woods!

*Kirk Braden*

# TURKEY HARE SCRAMBLES

The third race in the 1991/92 Florida Trail Riders Championship Hare Scrambles Series probable should have been called "The Race That Almost Wasn't". The Suncoast Trail Blazers, the promoting club, ran into one major problem after another trying to organize the race and as close as two weeks before the race had no land to hold the event on. The land owner of the original piece of property near Dade City had sold the property all the other Turkey races had been held on and the new owners, while receptive to the race, wouldn't have time to have the property ready for this race. Thanks to the original owner, Suncoast found another piece of property and 10 days before the race the flyers were mailed to the FTR membership. This was about the same time layout crew got to look at the property. The weekend before the race they started working on the course. One week later they had completed their work and except for one modification on race day they had a pretty competitive race course. I am sure when the sun set on Sunday evening that the exhausted Suncoast club members were glad that the last ten days were over and the race had been a success.

From the racers point of view this race could have been called "Back to the Basics Race". I heard someone jokingly complain to one of the Suncoast members that they wanted to protest because there were 708 right turns and only 669 left turns and the number of turns should have been equal. If you had trouble with turns before this race and you worked at it during the event you went home a much improved rider regardless of how you placed. However there were a few frustrated racers out there who got worst instead of better. While the race track looked simple and basic most riders were exhausted when they finished. The word was that the course was very demanding with no resting places and many a seasoned rider had blisters and torn calluses to show for their hard work. For the third race in a row more than 300 riders showed up to compete for the better than 111 trophies to be awarded to the 28 different classes in three separate races.

The first race of the day started at 10:00 and was for the Specialty classes. David Johnson in the Senior A class had the fastest time in this race and took first in his class 7 seconds ahead of Bernie Noel. In the Super Senior A class George Skaggs came out of retirement for one race to show the competition he could still get it on. In a squeaker he beat Doug Sullivan by 1 second with FTR H/S score keeper, Thomas Missimer 3rd 9 seconds in back of him. Unfortunately during this race Master B rider Larry Walls fell victim to a high speed get off and had to be transported to a hospital, more on this elsewhere in this magazine.

Kenny Keylon on his way to his third High Point in the three races this year.

Kenny Keylon Jr. won his third consecutive Overall High Point of the year. Kenny pulled out to a 1 minute and 26 second lead over second over all A-250 rider Mike Phillips. Richard Howard Jr. riding the A-250 class was third overall 1 minute and 29 second behind Mike. The tightest contest in the "A & B" race at noon was the B-250 class. Jeff Wingard took first followed by Scott Sears and then John Hudson. 35 seconds separated all three riders.

At two o'clock the "C" riders started their race. 84 riders raced in 4 classes. The largest class of the day was the C-250 with 41 riders. After one hour of racing #771

Michael Suddeth came in 1st 1 second ahead of Robin Frey, who was 2nd and 37 seconds later Glenn Willard came in to take 3rd. Jack Steel jumped out to a 1 1/2 minute lead over Ron Richardson to take 1st in the C-Open Class. The C-125 race was won by Joseph Cassady from Winter Haven. Another close finish was in the C-200 race. New FTR member Greg Burnett took first with second going to Phillip Peatrose 3 seconds back. David Stutler took 3rd place 18 seconds down to Phillip.

Once again Congratulations to the Suncoast Trail Blazers for all their quick and timely work to pull off a successful race with only ten days to do it in. I'm sure that this accomplishment has set some sort of record in the Florida Trail Riders.

## Rodeheaver Boys' Ranch #2

The next race in the FTR Championship Hare Scrambles Series brought the FTR membership back to the Rodeheaver Boys' Ranch. This is the same location as the second race of the series. The promoting club would be the same, The Azalea City Motorcycle Club

build some very long and elaborate bridges. Saturdays practice, ATV race and the night porker run caused some deterioration of the area around the first bridge causing a lot of concern about this area becoming a bottle neck. If this happened the race would have to be

stopped. There were no alternate trails to re-route around this spot. After morning practice the Azalea workers made some changes to make the first bridge more rideable. Many riders had problems at this spot during the first race. A lot of riders learned a valuable lesson in the art of throttle control when the back tire is in contact with a wet wooden object. Quite a few never figured it out. After the first race. The club made more adjustments to this area and finally the problems seemed to clear up. Now the riders could pass by this area pretty much in control of their bike. After the last adjustment conditions got better till all the races were over.

has been at least one helicopter land and the crew become part of the spectators. This has raised the question "Why are they here?" In all cases these have been medical helicopters and the crews were standing by in case of an emergency at our race. In the case of an emergency in their area they could respond from the race to support those at the distant emergency. At this race there were three such helicopters. While most of us have never seen a life threatening accident at one of our races it has to be a good feeling to know that these aircraft with their proficient crews are standing by. They have the ability to turn a emergency trip to the hospital for one of our members into minutes rather than hours and this means a lot in a real emergency. Two of the choppers at the race today were from Gainesville, Shandcare from Shands Hospital and Stafflight from Alachua General Hospital. The other was from University General Hospital in Jacksonville. Another reason for their appearance is the community exposure and public relations generated while they attend the race. If you have any doubt about their effectiveness next time you see Gary Wyatt, one of the promoters of the race, ask him how they affected his life. Fortunately their duties for this day were just public relations as Azalea City had another in a long string of successful Florida Trail Rider sanctioned events.

High Point winner Mike Phillips and daughter Ashley receive the overall winner trophy from Azalea City club member Herb Wilson

from Palatka. The course would be different and the club would split the profits from the race between the Boys' Ranch and the Pilot Club of Palatka. Other than these changes the club would provide the same kind of fun filled weekend as they did at their first race in November. At the first race there was some major concerns about one particular section of trail that was along side a barbed wire fence. This section had whooped out bad and all but a few riders found it near impossible to ride at speed. Word went out early that the club would eliminate this part of the previous course. Another area that caused the Azalea lay out crew problems in the first race were the trails out towards the main road. They had been arrowed for the first race, but because of high water could not be used. The plans were to try to use this section for this race, but they had to

After many races of being just a few seconds from taking High Point Mike Phillips, from Vero Beach, rode his Suzuki RMX to first overall. 21 seconds faster than the current FTR Hare Scrambles Champion Kenny Keylon. In the first race at the Boys' Ranch in November, Mike missed beating Kenny by just 11 seconds. Today he pushed just a little harder and came up with the High Point.

At all but one of the Hare scrambles this season there

The crews from two of three helicopters at the race

## 12/7/91 Hare Scrambles Committee Meeting Minutes

The December 7, 1991 Hare Scrambles Committee Meeting was held at Rodeheaver Boys Ranch.

Present: Joe Steidl, Chairman  
Leon Rawls, Referee  
Tom Missimer, Scorekeeper

Club Reps - Apollo - Gary Allgire  
PBT&T - Ron Hawk  
River City Dirt Riders - Andrew Ewing  
Suncoast Trail Blazers - Dennis Seburn  
Sunrunners - Sim Simpkins  
Tampa Bay Dirt Riders - Matt Smith  
SWFTR - Cody Collins

Rider Reps - A - Andy Dick  
B - Ricky Knight  
C - Steve Tartaglia  
Senior - Tim Myers  
Women - Cheryl Myers

I called the meeting to order at 5 P.M., explained that this was the voting meeting for those items presented at the previous meeting, and also put out another call for C-Rider Rep. Then I introduced our new B-rider rep, Ricky Knight.

**Old Business**

1. Advancement Point System, "Sandbagger Bonus" - An immediate 3 Advancement Points will be given to a rider whose lapsed time would be in the top 3 positions of the next higher division. - 13 for, 1 against
2. Starting order changes:
  - a. 10 o'clock - Super Sr. B and Sr. B will start on consecutive rows. Sr. B on row 2, Super Sr. B on row 3. - 14 for, 0 against
  - b. Noon - AA class will start on the A-Open row. - 14 for, 0 against

Also I presented a members suggestion I had received, that all A classes and AA start together. The stated advantage would be all A-Riders would have immediate knowledge of their placement in the "Top Ten" class. I pointed out that since this proposal would be voted in at the next meeting (next Spring), there would be time to poll the A-riders. The Committee decided not to pursue this.

3. Double Arrow Rule Penalty - omit the 3 race suspension. The penalty will be - DQ for that race, and the resulting zero points must be carried (averaged) in the year-end overall series score. - 14 for, 0 against
4. Entry refund - The rulebook will specify that riders who, after practice and before 10 o'clock who determine that the race is unsafe for him/her, can have their entry fee refunded. (TABLED)

**New Business**

1. The rule book specifies that the Enduro and H/S Committees and the Board of Directors each nominate someone for the Election Committee. So we took this opportunity to get the H/S nominee "on line" our appointee to the Election Committee is Joe Steidl. -
2. I asked the Committee if they want the rulebook to specify that clubs can either split consolidated rows or start consecutive rows together and relieve congestion at the start, with the approval of the H/S Chairman or Referee, but can not change the classes starting order. - 14 for, 0 against.
3. Starting Order - Sr. A, Super Sr. A, and Master A will form rows 1-3. - 13 for, 1 against
4. C Classes - 2 minutes between rows on the start. - 14 for, 0 against
5. Starting order - Junior in front of Senior B. - 12 for 2 against
6. Starting order - Women A ahead of Senior C, Super Senior C and Master B. - 14 for, 0 against

The next meeting, barring earlier need, was set for Saturday, April 18, 5 P.M., at the Sunrunners race. This will be the Sanction Meeting.

Meeting was adjourned at 6:01 P.M..

\*Sidenote - The rulebook specifies that rule changes be presented at a H/S Committee Meeting, published in the magazine, voted on at the next meeting and then sent to the Executive Board before they are accepted and implemented at the beginning of the next season.

## PRESS RELEASE

(Cocoa, FL.)

Team Yamaha's Damon Bradshaw, Jeff Emig and Doug Dubach plus Noleen Racing's Larry Brooks and Kyle Lewis will be on hand Jan. 10, 1992 For the 92 Beach Bash Camel Supercross Kick-Off Party. These national supercross stars will sign autographs and share their winning secrets at **Beach Sportcycles, 1127 West King Street (SR520) Cocoa, FL. 6:00-8:00 pm.** The annual bash kicks-off round 1 of the Camel Supercross Series at the citrus bowl in Orlando on Sat. Jan. 10. Also on hand will be the Hooters Girls with food and refreshments, and exciting Supercross videos shown all day, plus factory reps and displays of new apparel and accessories from AXO Sport, Oakley, Thor Racewear, Fox Racing, O'Neal USA, Scott USA, Dunlop, and a suspension seminar by Noleen Racing will be held. Plan to attend as door prizes, drawings for supercross passes by WA1A 107.1FM radio will be given away. For information call: 407-631-5571.

### Top ten dirt-bike mall store names...

*by Rick Eyrich*

- #10. Goggle Alley (the latest in high fashion eyewear)
- #9. Roost-a-rama (rear tires for the WFO crowd)
- #8. The Strap Shack (bike tiedowns from around the world)
- #7. The Stick-it Shoppe (decals from the factory-in stock)
- #6. Handlebar World (we've got more bends than a snake)
- #5. Shock-in-a-box (suspension repair on the spot)
- #4. Route Sheet Express (your enduro time sheet-in about one hour)
- #3. The Boot Emporium (walk in, clomp out)
- #2. King Authur's Crown (helmets for the whole family)
- #1. Cups- "O" -us (men's store-nuff said)

## ASTROPHOBIA

(An unabashed knock-off on Rick Sieman's checkpoint article in the Jan '92 issue of Dirt Bike)

Reading "Superhunky's" latest checkpoint article was food for thought. In it he gives the proper definition of astrophobia: The fear of lightning (or the fear of being stuck by lightning). One of my riding buddies, Martin Shipman, has been "zapped" not once but twice! Once while underwater wearing flippers and a diving mask, and once while traveling down a paved road on a street bike! It occurred to me that I have a few enduro related aphobias. Throttle-to-the stops-phobia: Directly proportional to the Top End speed attainable on your current scooter (mine reached its maximum on a 1985 KTM 500 1 bought from Glenn Warren Jr with 120! mph Top End capability. I won and Enduro Class for the year end on this bike but had to sell it or start wearing pampers under my bun savers.) Tomoka-butt-phobia: The fear of getting enough Tomoka River basin mud down my pants by crashing early in the run to cause major frictional damage in the Jockey Short area by the finish of the Alligator Enduro. This one is pretty rare unless you've ridden a very-very wet Alligator Enduro before and are painfully aware of the consequences. "Blow-the-damn-turn-again phobia": Caused by partial or total lack of pre-turn arrows following fast trail sections - pretty much a thing of the past @ FTR events of late but alive and well big time at Maplesville, AL. for the '91 "Gobbler Getter" "Incline-O-phobia" another phobia associated with the Maplesville run - You gotta go up these with Paul McDonald and Nick Krupa and ride this "mountainous" run to fully appreciate this phobia. "Out-of-Gas-ophobia" - Don Thrasher had a vivid description of this one at Brooksville this fall. "Lard butt phobia" another personal one of mine which came true at Cochran in September. It took 3 people, 1 pair of pliers, and a motel room bed to lay down on better getting my pants zipped up that Sunday morning. I spent the next 4 hours convinced that irreversible damage (other than my eyeballs bulging against my goggle lens) was occurring at every bump in the trail. Bad-row phobia: there's several definitions for this one; my personal fear is getting 1 to 3 rows ahead of about 8 or 10 AA and A riders in a run with a zillion resets and then getting passed and repassed all day long. "No trophy phobia" - this one occupies all the time between the posting of your score and trophy presentation. "Crunch phobia" the fear of denting your shiny new FMF/Pro-circuit etc. pipe during an enduro. This rarely occurs to me after new pipe enduro #1 when my new pipes mysteriously succumb to D.F.U.O. Ding from unknown object. "Torque phobia" Fear of stripping or "wringing-off" a nut or bolt when tightening them down "real good" without a torque wrench. Lack-o-lubricant phobia: Did I, or did I not put the oil in when I picked up the race gas last Wednesday. And lastly a phobia I can safely say I'll never have: "Overall phobia" The fear of overralling an FTR enduro and being promoted to AA for the next season.

Happy Trails...David Tharp

# LICENSE PLATE

1992 DualSport™ 250S

Who says a street legal dirt bike can't be competitive? Not Suzuki. Take the DR250S and 350S Dualsports. Two machines that shout off-road performance, legally! Each one features race-proven adjustable front and rear suspension. The result is plenty of ground clearance and tons of wheel travel. They're both propelled by the latest single-cylinder, four-valve technology to ensure power on demand. And to bring all this sophistication to a halt in a hurry you'll find powerful disc brakes on both wheels.

**Suzuki...Dualsport...Legal...Competitive...COOL!!!**

# BRACKET INCLUDED!

1992 DualSport™ 350S

 **SUZUKI**  
The ride you've been waiting for.™

At Suzuki we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Take a riding skills course. For the course nearest you call the Motorcycle Safety Foundation at 1-800-447-4700. Along with concerned conservationists everywhere, Suzuki urges you to "TREAD LIGHTLY" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride.

|                                                                                                                     |                                                                                                                   |                                                                                                            |                                                                                                              |                                                                                                        |                                                                                                                          |                                                                                                                            |                                                                                                    |

### Gregory Ford B-125 #19 1972-1991

It saddens us to report to you the death of Greg Ford who succumbed to injuries received in a street bike accident on December 18, 1991. Our condolences to Gregs Parents Geoff and Wendy Ford on the loss of their son and to Janice on the loss of her brother. The Ford family, originally from England, moved to the Palm Beach area from Tennessee four years ago. Greg competed in the FTR Hare Scrambles series since that move in the Mini, Junior and B-125 Classes. He last raced at the Boys' Ranch Hare Scrambles on December 8, 1991. The accident happened in Daytona where Greg was a student at the American Motorcycle Institute. The membership of the Florida Trail Riders is sadden and shock by this tragic loss. The funeral was held Sunday December 22, 1991 with members of the Palm Beach Track and Trail Riders, Miami Trail Riders and the Florida Trail Riders among those that attended.

### THE IRONMAN SURVIVES!

If any of you motorcycle enthusiasts saw the Holyfield/Foreman match, that's one kind of Ironman fight with neither hitting the canvas. Well, at the 1991 Suncoast Turkey Hare Scramble, our very own "Ironman", Larry Walls had his own Knock'Em Down-Drum it out fight, with his motorcycle. Seems like he was chasing the leaders and was on the gas in the slimey Black Stuff that them cows deposit all over the place and Larry ended up taking some pretty strong punches. Unfortunately he DID hit the canvas, or should we say the Pay Dirt. After we got the racers slowed down in that section, EMS strapped him to the Body Bob Sled looking thing and off to the Dade City Vet, oops, I mean Humana Dade City Hospital. Seems like you get precedence over everyone else when the ambulance brings you in. He was back at the track in a couple of hours. Being 55 years young, it's not a good idea, giving your scooter any lip at those speeds. Rumor has it, and these are confirmed, Larry's been seen being easy in the lounge chair with the remote control. The knock down punches he received ended up giving him big bruises on the left leg (handlebar), cracked rib (handlebar), three fractures of the scapula (shoulder blade), and a crushed/fractured/collapsed ninth vertebrae. He says that sounds worse than it is, but it still hurts alot. We all wish you a well and speedy recovery. From everybody in FTR, see you at the races soon.

Robert Possehl

December 5, 1991

Dear Editor,

Well, it happened sooner than later, Larry Wall, a master rider who has been active in F.T.R. and C.T.T.R. for many years was fairly severely injured at the 11/17/91 hare scrambles.

The reason for this letter is Larry is going to incur doctor's bills loss of income etc. needlessly. What we do on a race track is fairly dangerous at times we all know that. I feel that it is the obligation of the promoters and the F.T.R. to do everything possible to lessen the hardships on all competitors and their families if injury should occur. I'm not so sure that a court of law wouldn't agree with me. I don't know about anyone else, but as scarce as land is, I'm not willing to expose my property owners to any additional liabilities. You can have a person sign all the waivers you want, but if you're guilty of negligence, you can still be liable.

Well, I personally consider the Suncoast Trail Blazers neglect for not having an A.M.A. Sanction for their event. You see, Larry Wall has the A.M.A. Riders Accident Coverage Insurance, but the event must be A.M.A. sanctioned for this insurance to be effective. One of the best kept secrets in the F.T.R., is this insurance. Kirk Braden has it, I have it, and so does many other F.T.R. members. I'm enclosing a copy of what coverage you receive for \$40.00 per year for reprint in Our Magazine. If you feel it does not warrant editorial space and obviously you don't or it would have already been printed. Please let me know and I will pay for a full page ad out of my own pocket.

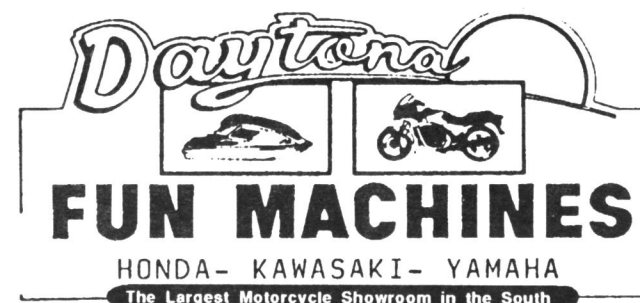

Being an ex-professional M/C Racer, Honda-Kawasaki dealer and race promoter, I've had plenty of disagreements with the A.M.A., but that was 20 years ago. Things change and today I feel it is a good organization doing a lot of good for all MIC enthusiast. On page one of my new F.T.R. rule book it states that the F.T.R. is truly a member service organization. Mr. Editor, knowing full well of the availability of this low cost insurance, don't you feel a little bit of neglect for not making

**THANK YOU.....**from Larry Walls

During the 10:00 race at SUNCOAST TRAIL BLAZER'S 9th annual "TURKEY" HARE SCRAMBLES I crashed harder and more painfully than any time in my life. I had caught up with two of my competitors going through the second woods section and was trying my best to keep them in sight through the fields thinking I might be able to pass one or both of them when we got back into the woods. I was on the left edge of the trail tapped out in 3rd or 4th gear and reaching for another one when I saw a small log partially hidden in the grass. The log was not big but it was lying at the worst possible angle and I could not miss it. I got the front end over it ok and I knew the back tire was going to "kick" out but I was totally unprepared for the magnitude of that "kick". I think I was almost in control for about two tank slapping bounces and then it was nothing but strange motions, loud noises and bright lights. When all of that stopped there was the pain.

Someone yelled "Are you hurt!", to which I responded in the affirmative. I had that distinctive burning pain of a broken bone in the back part of my left shoulder and more worry some a similar pain in the middle center of my spine. I barely had time to make sure I could move and feel my toes, feet, legs, fingers, hands, etc. before help started showing up.

I think Diane Rawls came into my field of vision first and then someone with his helmet still on whom I believe to be Dennis Seburn. Robert Possehl was there and others who were directing traffic around me. The EMT people showed up and were very proficient at getting me on a back board and strapped down tight. I knew they were professionals right away when the first thing they did was grab a pair of scissors and cut my CFTR jersey into small unidentifiable pieces. (They go to school for that sort of thing, you know.) Robert Possehl drove me out to the ambulance in the back of his pickup truck. (You might

**THANK YOU.....**from Larry Walls

want to check with SHOWA or WHITE POWER, Robbie, that truck suspension needs some help.) I think Alex Cox rode my bent up KDX out for me and he might have been the one to summon help in the first place.

The ambulance trip into Dade City was uneventful. Mike Harris followed us in his van in order to check me into the hospital. The major injuries were a fractured left scapula (shoulder blade) and possibly a partially crushed thoracic vertebra. At first they were going to keep me but after conferring with an orthopedist and a little smooth talking on my part they discharged me provided I check in with my doctor in Orlando.

By the time we got back to the race course Jeff Kenward, Bob Davidson and a host of other people had the Ol' Mayflower just about all packed up. The Pattersons and Golbys were just leaving and they stopped to see if I needed any help. Gary Wyatt as well as Kirk Braden, Andre Dick and others stopped by to see how I was doing.

With Bob driving Mike's van, Mike driving my motor home and me setting in the passenger's seat not feeling real chipper we headed for Orlando. After a brief stop in Clermont to fill my pain medication prescription the remainder of the trip became more pleasant.

Unfortunately I don't remember who all provided/offered help and assistance but please believe me when I say to each and every one of you.....THANK YOU VERY MUCH.

## DADE CITY RACEWAY

Races every Saturday night  
(Rain or Shine)  
Starting 7 p.m.

Practice every Thursday night from  
7 p.m. - 10 p.m.

## HOT LINE

For Enduro, Hare Scrambles  
and  
Membership information

The Florida Trail Riders will increase its service to the membership by providing a Membership Hot Line. **The information number is 407-264-0559.** This new line will provide two means of information to you but you will have to talk to an answer machine. The first will be for membership information. This service is basically for non members who are interested about the FTR and how to join. However, Address changes, lost FTR card reports, new ideas, and passing along or requesting information can be left at the sound of the beep. The second service and the one FTR members will be interested in the most will be for Race and Enduro information. The message will tell you when, where and the phone number for additional information for the next hare scrambles or enduro. You'll need to have paper and something to write with ready so you can capture that number when you hear it. This information will be updated after each event or as any changes take place. This new number will be activated the first part of January '92. Another addition to the FTR services is a FAX number. That number will be 407-383-1666 and will be in service from 7:00 AM to 9:00 PM.

PALM BAY SERVICE PLAZA

407-984-1855

The Southwest Florida Trail Riders are happy to announce their first FTR sanctioned hare scramble February 16, 1992. Fort Myers Realtor Ric Pritchett, (remember that name if you're in the market for real estate) has graciously allowed SWFTR to use his property and hopes to see it become an annual event here in Southwest Florida. Ric's land has never been traversed by motorcycle and conveniently located off the Cape Coral - North Fort Myers exit (26) of Interstate 75. Veteran racers and trail boss's Cody Collins and Dan Woolley have assured us that plenty of sand, palmettos and pine trees will be the order of the day. "Deep, dry sand, typical Southwest Florida" says Woolley. Cody has said, "it will be fun". Needless to say these two have been pretty "tight lipped" about the course and were last seen studying aerial photographs.

Saturday will see riders signing in at 1:00 and an awesome ATV race slated to start at 4:00. If you race a quad or know someone who does, this is the race for you! Practice, (1 lap) for the ATV race only, begins at 2:30, two classes 2 and 4 stroke, 5 trophies per class, and awesome coarse and unmerciless competition from SWFTR 4 wheelers.

Sunday will see riders signing in and practice (1 lap) beginning at 7:30. Super Senior Rich Green will present a riders meeting at 9:00 at the grandstand in the camping area and racing will begin at 10:00.

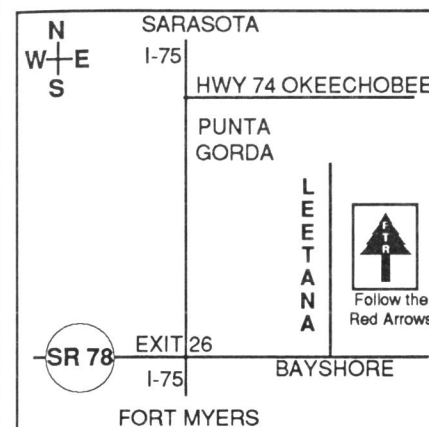

If all the activity leaves you hungry, by all means check out the Shriners "Chuck Wagon". These great folks not only serve up some good food but also work hard to support children's hospitals and burn centers across the country. Please support them so they may continue their work.

Enjoy primitive camping. Pack your gear and spend Saturday night at our lake side camping area. If you prefer the comforts of home you may want to consider a number of fine motels and restaurants at the Punta Gorda Jones Loop Road exit, 13 miles to the north. Take it from this local, southwest Florida is abundant with winter visitors during the month of February and it can be difficult if not impossible to find accommodations if you don't have reservations in accordance. Play it safe and don't get caught sleeping in the truck!

Remember February 15th and 16th the biggest dirt bash in the history of Southwest Florida - Be there!
