EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible.

COVER: The start of the C-250 Class at the Apollo Motorcycle Club Hare Scrambles held at the Russell Ranch, near Sanford, on May 3rd. This race was the last race in the 10 race Florida Trail Riders Championship Series. The last race of the season usually has a small turn out. This one was different. 311 riders entered the H/S bring the average entries for the season to 300 riders a race. A total of 785 FTR members raced in the very successful Hare Scrambles Series this year.

APOLLO RACE

AH HA, off to another fabulous Hare Scrambles weekend. Were going back to the Russell Ranch, I like riding there its always been fun. I sure hope this last race of the year is drier than that the boat race they had at Lake Wales. I know the Sunrunners couldn't help it and that everybody had to race in that goup, but it sure was tough on the equipment. Well, we are here now, lets see how this course looks? Wow, look at those pastures out there, be a lot of high speed racing there. Watch out for that sand, is that stuff deep. Look over there to the right that water looks nasty and deep. Did you see that guy slip and slide around that corner. Boy is it dusty! That clear cut sure looks treacherous, stumps every where, need to be careful! Hey look at the ruts in the road, are they deep! Might get stuck right here in the middle of the road if I'm not careful. Coming up on some slower riders better slow down, man is it dusty. Why is everyone stopping right out here in the middle of nowhere? Oh, OK sign this release and the camping and start are right over there, Thank You. Boy am I glad I didn't bring the motorhome I probably wouldn't have made it in here with it. Lets go sign up and see what the race course is going to be like!

Sure was nice of the folks from Apollo to promote this last race. It gives everyone a chance to pick up some points for their year end scores, so they can move up in the series standings. It was also nice of the Russell Ranch to allow them to have the race on their property again. This makes the 4th Hare Scrambles plus one ATV fun event they have had on this property in the last 10 weeks.

O.K. it's Sunday morning, everyone is getting ready for practice at 8:00. Still no rain and it's going to be hot. I'll have to keep my eyes open for hazards and try to remember where they are. OK practice here we go. Starts right out with some pasture racing (that's good it will help spread the riders out before we get to the tight stuff). A hard 180 left and now I'm out of the pasture and on a straight road (kinda), peaked out in sixth gear. Wow there's a hard left there and I just missed it. That's OK, so did everybody else. The course bears off to the right and then circles around down next to the river. This goes for about a mile and a half. Up, down, over, around, left, right and even under. Boy is that fun, I love it. OK now I'm out in the open stuff lets get it on! Hey here's a sand road, wow I'm in sixth gear and just flying. Oh, oh right turn into the woods. What's this? Looks like a bomb went off here or maybe it's some sorta blight that came through here and ate up everything it though it would like and threw the rest on the ground. This is a mess! Hey, Here's a sign! What do it say? "STUMPS"! Nice of them to tell me now that I must have passed hundreds of them already. Hey they weren't kidding, there is some bunch of stumps here. Look a jump, better scope this out close. Yep, betcha could clear the whole road if you hit it just right. What we got now, more tight stuff sure makes it hard to pass. Miles of just good

riding, I like this. OK, an open field I'll just wick it up a notch or two and catch up to those dude's in front of me. Hey what's going on! Feels like my wheels both fell off! Boy was that a cobby field!! Wonder what they did to make it like that? Alright, back into the woods across the jump road and were back to the start. Now lets see if we could eliminate the stumps, the trees and the dust we'd have one hell of a lot more fun! Don't guess them guys that laid this out would take kindly to my suggestions though, they looks mean. Around 9:30 they had the riders meeting and I got there a little late and couldn't figure out what they was a doing. A knobby knee guy standing on a table with some fancy pants on was hollering out 3 the crowd would shout back No! 4, then he'd say everybody does 4 and they start hollering 2, 3 or how about 5. Man I was confused. I thought maybe they was picking a lotto number or something. When it was all over we all left and went to get ready for the days racing. I need to quite this talking to myself I'm getting confused.

The Morning race

The speciality race always has the most entries. Probably because it has the most classes. Even though this was the last race of the year there was a good turn out. When the gun went off for the Senior and Super Senior "A" race Tom Heinrich number 6A on a Honda CR 250 jumped into the lead and held that spot for most of the race. Near the end of the race "Enduro Rider" Paul Buxe from Palm Beach got by Tom and finished with a 11 second led to win the race. This was Pauls first race this year and he sure looked like he was enjoying himself. Ken New picked up his 5th class win in the Senior A class. David Johnson took 2nd, 6 seconds behind Ken. Third went to Heinrich 5 second later. It has to be noted that the 1st and 2nd place riders in the Super Senior A class and 1st through 4th place riders in the Senior A class all finished within 29 seconds of each other after 40 miles of dodging trees and stumps. "That's some close racing." Junior racer Michael Settle, from South Florida, made it a clean sweep of the series by winning his class for the 10th consecutive time this season. Cheryl Myers picked up her 9th win of the year. She worked the other race. Lets see now, she's gonna count her best seven races. That's 350 points! She gets a worked run credit of 50 points (350 divided by 7) and she throws away her lowest score (50) and adds the worked run credit of 50 giving her a total of 350 points for the year. I guess you could call that a MAX'D score couldn't you. Ron Stone won the Senior C race, finishing 4 minutes ahead of the next rider. Mini B rider, Billy Woods, picked up his 3rd win of the year. Beating all the Mini A riders by 3 minutes and finishing 5 minutes ahead of the next Mini B rider.

Noon Race

Going with the new trend Apollo started all the "A" riders on one row. Except the A four strokes who started on the next

APOLLO RACE

Continued

row. They were followed by the "B's" with each class starting one minute apart as usual. Kenny Keylon, who missed the last race due to a bad case of the Chicken Poxs, jumped out to a pretty good lead right from the start. Kenny led for about two laps and then started having problems with his chain staying on the sprockets. At the road crossing jump halfway through the third lap the first bike through was Jon Mc Cabe followed fairly close by Robert Possehl. Kenny had dropped back to eighth place at this point. When the riders crossed back over the road, five miles later, heading into the scoring table, Kenny had moved up to third place. On the last lap of the race Robert got by Mc Cabe to pick up his first High Point of the year. Due to some sort of mix up Mike Phillips, A-250 Champ, didn't get started till most of the "A" riders were long gone and out of sight. Despite this awful start Mike finished 4th overall and picked up his 10th class win of the season. Another rider looking disaster in the face was Scott Sears. He showed his talent in the B-250 battle today. He got off to a good start and led all the riders in to the "Brake Check" turn through the pasture gates (about .2 of a mile from the starting line). Here he stuffed the front wheel a little to hard and went down. Every rider in the class passed him before he could get back in the race again. Scott demonstrated his riding qualifications and some cool thinking by settling down and one by one picking off every last rider to finish in first place. A really good bit of racing don't ya know!

Afternoon Race

This would be the last race of the day. It also would be the last "C" race ever for many racers. During the season quite a few "C" riders have improved their riding skills and speed to a point that they have been promoted to "B" classes for next seasons series. Robin Frey and Greg Alspaugh are two of these riders. They both took their class today. Both of these riders will be moving to the "B" Classes next year. Robin, who is old enough to rider Senior classes, will probably move to Senior "B".

This race was a tough race on a 10 mile plus course that had a little open pasture racing, some wide trails down by the creek followed by some dirt road racing, tight woods and some nasty clear cuts. Most riders said the course was fun, very challenging and over demanding and that it didn't seem like it would ever let up. Most riders said they enjoyed the race, but some had serious reservations about how safe the course was.

Now that the series is over the only thing left to do is tally up all the final scores. Thomas Missimer our FTR Hare Scrambles Scorekeeper has his work cut out for him. I'm sure he will have the series scores as soon as possible and you will be hard pressed to find any errors. See Ya At the Banquet!

Editors Note: Look on pages 26 to 30 for the year end Hare Scramble scores!

THE PRICE YOU PAY

by the
River City Dirt Riders
& Andrew Ewing III

Enduros are FUN! But are they worth the price? Hare Scrambles are fun too but many prefer enduro riding. Maybe it's because of the length of enduros. More bang for the buck!

Anticipation, adrenaline, rhythm and satisfaction all in a sport which tests one's abilities in ways too numerous to list. Enduro riders know many of those tests too well.

Sometimes enduros are so tough that you wish it were a little shorter. You don't dare quite. To finish is a victory of its own. An injury could mean you don't finish so care must be taken from start to finish.

A plaque or trophy is given to those who do well. But finishing is the goal of many riders. So far so good. It was worth it.

Driving home you are as relaxed as you will ever be. Tired? Yes, but it's a good tired. On Monday morning you still feel good. Good and tired! The soreness may not really hit until Tuesday but if you don't lube your posterior you'll be sorry sooner.

Ever been injured? Ever had an engine seize or a chain break, flat tire, etc? Ever sheared a foot peg? Bent bars?

And some runs ain't pretty. Heavy rains allow only a few lucky (or smart) to finish. There's not alot any of us can do about that. Complain? Not after you've been on the other end of it.

Then there's travel, loading, unloading. Entire weekends flash by in a flurry of activity. And dollars. More money. All that gear and gasoline. All that ... that stuff. The list is endless. The bike is in need. It will take a whole weekend and more \$ to get it ready for layout!

Layout! Is it time again already? Now the fun really starts. 900 miles on the tow vehicle, 400 miles on the bike, brake pads, tires, chains, sprockets, air filter, oiling, and laundry. This is a big price! I hear they are working on a staple gun which has an audible warning and flashing lights when you get down to the last 5 staples. And where is everybody all of a sudden? We need some more bodies out here. They don't know what they're missing. NOT.

But it's worth it. The price is really part of the fun. The price is too much for some and a small price for others.

Support Enduros! They are worth the price you pay!

RCDR wishes to thank all of the check help, the Olustee Battlefield CSO, Frank Loughran, Land manager Roger Hunziker, all of the riders, Countryside Impressions, Florida Game and Freshwater Fish Commission, and everyone who helped make the enduro safe and enjoyable by following the rules and behaving responsibly.

LETTER TO THE EDITOR

This is a letter of congratulations to the River City Dirt Riders, promoters of the Olustee Battlefield Enduro on April 26, 1992.

Thank You! This event was one of the most pleasant enduros I have ridden in several years. It was well thought out as to check placement, and well marked, with an easy, fun section up to the first gas, and a hero section between the first and second gas stops that took points from all riders and settled the high point winner. Then a fun section followed from the second gas stop to the finish. The high point winner dropped seven points with many riders scoring in the teens proving that a good enduro does not have to be a killer to avoid zeros.

"FLORIDA'S RACE HEADQUARTERS"

ENDURO COMMITTEE MEETING, MAY 23, 1992

The FTR Enduro Committee met at 5 PM on 5/23/92 at the starting area for the Daytona enduro. A quorum was present (Jack Terrell, Chairman; Danny Barrett, Referee, Tom Russell, Scorekeeper; Azalea City, Doug Qualls; Big Scrub, Joe Haley, Suncoast, Tim Johnson; TTR, David Tharp; Cochran, Buddy Gillard; River City, Andrew Ewing; DDR, Nick Krupa; CFTR, Larry Walls; A Rider, Richard Lovely; Specialty Class Rider, Dennis Seburn).

Following general discussion, a motion was made, seconded, and **passed** (11-1) to adopt the following FTR specialty classes (proposal made at the last meeting and published in the March magazine) **effective with the 1992-93 competition year, pending adoption by SETRA of a rider promotion/classification system compatible with the FTR system.**

- Vet Class with A, B and C divisions (minimum age: 35 years)
- Senior Class with A, B and C divisions (minimum age: 40 years)
- Super Senior Class with A, B and C divisions (minimum age: 45 years)
- Masters Class with no divisions (minimum age: 50 years)
- Women Class with no divisions

It should be noted that this rule change will change the content of Chapter III - General Rules, paragraph C.2. (enduro and hare scrambles age requirements no longer are identical), Chapter III - General Rules, paragraph D.1. (number of Senior divisions change), Chapter IV - Enduro Rules, paragraph B.1. (addition of Vet class makes nine rider divisions), Chapter IV - Enduro Rules, paragraph B.3. (Add the following new sentence after the first sentence at the top of page 21: "A rider may elect to ride in the Vet class for the entire competition year if he will be 35 years of age or older during the competition year." Change age for Senior class to 40. Change age for Super Senior class to 45. Change sentence following Master class sentence to read: "The Vet, Senior and Super Senior classes will consist of A, B and C divisions." Delete next sentence that refers to Super Senior class. In next-to-last sentence, change "Senior class" to read "Vet, Senior, Super Senior or Masters classes".), and Chapter IV - Enduro Rules, paragraph 6 (delete in its entirety) and 7 (renumber as 6).

Since the minimum age requirements for enduros and hare scrambles no longer are identical, and since the enduro age requirements are specified in Chapter IV, the hare scrambles age requirements should be moved to Chapter IV, and paragraph C.2 of Chapter III - General Rules should be changed to read: "Any rider may elect to ride an age-based specialty class for the entire year if he will attain the minimum age specified for that class at any time during that competition year. Any rider entering a specialty class who already has an A, B or C classification will retain that classification in the specialty class. All rules concerning advancement and petitions for reclassification shall be the same as for the regular A, B and C divisions."

A proposal was made and seconded to split the Masters class into A and B divisions. After much discussion it was defeated by a 9 to 3 vote, with the provision that the membership and Masters class riders be asked to provide input to the committee prior to the banquet. If you have an opinion on this matter, please contact the committee chairman.

The Team Trophy was discussed. It was agreed that the team trophy entry fees were to be used to fund the year-end team trophies (first, second and third places), and that FTR is not obligated to provide a team trophy at every race (the promoting club has the option of providing one if they elect to do so). Beginning with the 1992-93 season, FTR will provide a suitable perpetual team plaque to be awarded to the winning team at the first event. The winning team will keep this trophy until the next event, then bring it to the next event and turn it over to the winning team at that event. This will be continued throughout the year.

There was a lengthy discussion regarding the requirement for each enduro promoter to provide a pre-rider for the event prior to their event. It was confirmed that this was a valid and mandatory requirement, and that it applied to all FTR sanctioned (and co-sanctioned) events. No exceptions will be made, and penalties will be imposed if this requirement is not met. The Enduro Referee is responsible to coordinate the pre-rider scheduling for each event. It was noted that DDR had not provided a pre-rider for the Azalea City event, and that an appropriate penalty would be discussed and assessed at the next committee meeting.

The pre-rider discussion led to a proposed rule change regarding work run credits. A motion was made, seconded and approved (12 to 0) to propose the following work run rules (this is a proposal only, its implementation will be voted on at the next committee meeting after the proposal is published in the magazine):

Continued on page 20

ENDURO COMMITTEE MEETING, MAY 23, 1992 continued

It is proposed to replace the work run average system (refer to Chapter V - Enduro Scoring, paragraphs D.2, D.3, D.4, D.5, D.6 and D.7) with a work run credit system that awards championship series points proportional to the amount of work performed in the layout and running of an event. The work points awarded will be counted the same as those awarded to a rider who enters the event. There will be no work run average or substitution at the end of the year. Work run points will be assigned and certified by the event Trail Boss. Workers must fill out an entry form (marked "WORK RUN CREDIT") to be eligible to receive work run points, and these forms (along with the Trail Boss's assignment of points) must be received by the scorekeeper within 30 days of the event. The maximum points that can be awarded to any individual is 100 points (must work a minimum of four days). The pre-rider (also must act as assistant referee on the day of the event) will be awarded 100 points. Individuals who work at least one day but less than four days will be awarded 35 points. An individual can receive work points for only one event per competition year.

The following enduro dates were requested and are tentative for the 1992-93 season: (* Indicates Sanction fee paid)

August 30	Big Scrub*	March 7	Azalea (could be changed to March 13)*
September 20	Cochran	May 2	River City*
October 4	Suncoast	May 23	DDR
October 18	Tallahassee*	May 30	CFTR*

The committee was asked to survey the riders to see if there was support to co-sanction the Family Riders M/C Swamp Fox Enduro (near Charleston, SC in mid-January). It was noted that it was outside Florida but only 5 hours from Daytona). If you have any input regarding co-sanctioning events outside the state of Florida, please contact the committee chairman.

LETTER TO THE EDITOR

Above you can read the minutes of the 5/23/92 enduro committee meeting. I provided these minutes as Enduro Committee Chairman, but I do not agree with the provision in the proposed work run credit rule to award 100 points to the pre-rider/assistant referee. This is the equivalent of paying \$1.00 for 35 cents worth of work. Each layout crew member deserves 100 points for a minimum of four full work days. One day checkpoint workers deserve 35 points. But why should the pre-rider receive 100 points for less than a full day's work on Saturday (riding the course) and a fraction of a day's effort on Sunday (five minutes at the riders meeting plus maybe an hour and a half at scoring and protest time broken up by several hours of snooze and socialize time. The proposed rule over-rewards the pre-rider, and provides a disincentive to work on the enduro. We need to reward the pre-rider, but not with 100 points for less than two days work. I suggest 50 points for being the pre-rider/assistant referee with an extra 50 points added if an additional two days work is provided assisting in layout and clean-up. Then his 100 points for four days work would be equivalent to the layout crew's 100 points for a minimum of four days work.

I support the proposal to revise the work run credit only if the pre-rider points are revised to bring the work requirements in line with the amount of effort required. Why should a pre-rider get a high point score for a 50% effort?

Jack Terrell

LATE, BUT NOT FORGOTTEN

On February 9, 1992 (I know this is a little late) there was a memorial trail ride for Harold Ward. It was the only official service held for him and it was very appropriate.

Over 100 motorcyclists participated in the trail ride at Croom Motorcycle Park. It started off on a teary eyed note led by the eulogy by Ron Puckett. He summed up Harold's passing away as best as anyone could.

The trail ride was begun after that. As far up Croom road and across (it's a wide road) there were motorcycles everywhere. Many people stated that they had never seen so many riders at a non race event before. It was a spectacular sight. Many were FTR members, people who ride at Dade City, Croom riders, retired riders. They all knew Harold and wanted to pay their last respects. A few participated with wives or girlfriends on the back of the bikes.

The entire group rode to a favorite spot in the woods. We call it Harold's hill. It was here where Harold took his final ride. His ashes were laid on the trail. He was now on his eternal ride. This is what Harold wanted and what he got. After a moment of silence, we all rode back to the pavilions where mega food was devoured.

All who participated will remember Harold as a life long motorcycle enthusiast, a lot of people talk of an annual event. As for that we shall see.

A thanks to all who made it a nice service.

Dan and Rhonda Ward

P.S. We wish to sincerely thank the Suncoast Trail Blazers who donated \$100.00 to the event. Plus all who also gave what they could. Thanks!

For a fun and economical way to introduce beginners to motorcycling, start with the **Suzuki DS80 or JR50.**

- The DS80 sports a 79cc, air-cooled, 2-stroke, single cylinder engine.
- The JR50 boasts a 49cc, air-cooled, 2 stroke, single-cylinder engine.
- Both bikes feature convenient oil injection and maintenance-free PEI™ electronic ignition.

The Suzuki DS80 and JR50. Two great places to start.

At Suzuki we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Always supervise your riders. Along with concerned conservationists everywhere, Suzuki urges you to "TREAD LIGHTLY" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride.

Get off the road and into excitement with the **Suzuki RMX250.**

- Crankcase reed valve engine with AETC™ (Automatic Exhaust Timing Control) for strong performance.
- Large flywheel to enhance broad power delivery.
- Additional drive and drive clutch plates for improved clutch performance and durability.

Experience off-road excitement with the Suzuki RMX250.

At Suzuki we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Take a riding skills course. For the course nearest you call the Motorcycle Safety Foundation at 1-800-447-4700. Along with concerned conservationists everywhere, Suzuki urges you to "TREAD LIGHTLY" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride.

These are the "Official FTR Hare Scrambles Series" results. We have only printed your final score in order to save space.

If your name and score are printed in **bold type with a "T" after the score that indicates that you will be receiving a trophy at the awards banquet on August 1, 1992.** If your score is followed by a "C" that indicates you rode enough races to be considered for a year end trophy, but did not earn enough points for a trophy. All others did not ride enough events to be considered for a year end trophy.

At the present time this is the minimum number of trophies to be awarded. There is a possibility that more trophies will be available. If that is so, then you will be notified by mail.

If you feel that you have not been scored properly then you need to contact the FTR Hare Scrambles Scorekeeper, Thomas Missimer at 4239 Carlos Court, Sprint Hill, FL 33565 or by phone (904) 596-5015 (evenings). **It is important that if you have scoring problems you do this as soon as possible as the protest period for changing scores ends July 1, 1992.** If there is a problem with the way your name is spelled or you are listed on the wrong bike, you also need to contact the Hare Scrambles Scorekeeper and ask him to make any corrections necessary as your name will be engraved on the year end plaque you receive.

Thanks to the Thomas and Roxanne Missimer the final "series scores" were available to print in the June magazine.

SCHOLARSHIP TIME

In accordance with the Florida Trail Riders Constitution and By laws a \$500.00 scholarship is offered each year to a member or immediate family member of a FTR member selected from those who have submitted application for the scholarship. The winner of the scholarship will be selected by a selection committee and will be announced at the banquet this year, August 1st.

The Selection Committee for this scholarship is made up of professional people, all FTR members, who understand the importance of education and the benefits that can be derived from attaining a college education. The selection process is complex and uses a points system that awards the scholarship to the most needy rather than the most popular.

Applications can be obtained by writing to FTR SCHOLARSHIP, P. O. Box 5141, Titusville, FL 32783-5141. If you have any other questions you can call 407-264-0559 for information.

The **DEADLINE** for returning completed applications is **July 1, 1992.**

SUZUKI

Contingency Program Announcement

Each Month for the last two months we have had a report on the RMX Contingency Program for 1992. Each month we have held out hope for the many RMX riders that things might not be as bad as they first were reported. As stated in the last magazine we had hopes of bringingsome positive up to date information. As of this time neither the FTR Executive Committee or the FTR Magazine has received any official statement from Suzuki. However Tom Missimer the FTR Hare Scrambles Scorekeeper has received a letter from Suzuki's contingency coordinator stating that Suzuki is only paying in the Enduro series in 1992 and for that reason he does not have to send any more Hare Scrambles results to Suzuki..

Any questions or comments about the above should be directed to American Suzuki Motor Corporation, 3251 E. Imperial Highway, P.O. Box 1100, Brea, CA 92622-1100... Attention Pat Alexander with a copy to Jillian Spielman at the same address.

While Suzuki's actions may not sit well with many riders we must applaud Joey Peterson, Suzuki's District Sales Manager, Marvin Williams, owner of Space Port Suzuki, and all the others who pitched in trying to convince Suzuki Corporate Management that not picking up the FTR Hare Scrambles Series for 1992 would be a bad move on their part.

HOT LINE

For Enduro, Hare Scrambles
and
Membership information

The Florida Trail Riders will increase its service to the membership by providing a Membership Hot Line. The information number is 407-264-0559. This new line will provide two means of information to you but you will have to talk to an answer machine. The first will be for membership information. This service is basically for non members who are interested about the FTR and how to join. However, Address changes, lost FTR card reports, new ideas, and passing along or requesting information can be left at the sound of the beep. The second service and the one FTR members will be interested in the most will be for Race and Enduro information. The message will tell you when, where and the phone number for additional information for the next hare scrambles or enduro. You'll need to have paper and something to write with ready so you can capture that number when you hear it. This information will be updated after each event or as any changes take place. This new number will be activated the first part of January '92. Another addition to the FTR services is a FAX number. That number will be 407-383-1666 and will be in service from 7:00 AM to 9:00 PM.

THIS AD SHOULDN'T BE HERE

YOURS SHOULD!

Buy this space for your classified ad and spend your advertising DOLLARS where they count. Reach over 1000 motorcycle enthusiasts who need your products and services. Let them know what you have to offer and we will encourage them to support you. Call 407-264-0559 for rates and information.

I have voluntarily entered this event. The officials for this event have not been trained or accredited. This indicates that you or your child's safety will not be warranted by Russell Ranch. Motorsports are inherently dangerous. You should take part in this event based on your own assessment of your or your child's abilities. Today's route may traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of you or your child's motorcycle and protective apparel.

The promoter does not provide medical insurance coverage. We urge you not to compete in motorsports without adequate personal medical insurance coverage. If you have any doubts at this time about you or your child's personal abilities to participate in this event. If you or your child have not adequately prepared yourself and your equipment. If you question the safety of the course, or if you believe your personal insurance coverages are not adequate to compensate you or your child for and injury that might occur, we urge you or your child not to participate in this event, the 4th of July Off Road Weekend on July 4 & 5, 1992.

The Russell Ranch land owners are not experts in laying out and sponsoring a OFF ROAD event. Not all OBSTACLES may be marked so riders ride at your own risk! The Russell Ranch will not be held liable for any mishaps or injuries. The course is DANGEROUS, so ride carefully...

WOULD YOU LIKE TO HELP?

The Florida Trail Riders is looking for some interested, conscientious and motivated volunteers to fill the following positions next year.

Enduro Committee Chairman
Enduro Scorekeeper
Enduro Referee
Hare Scrambles Committee Chairman
Hare Scrambles Scorekeeper
Hare Scrambles Referee

Some of the current volunteers for these positions have been doing the job for many years and are considering letting others have the fun and pleasure of the position rather than hog it all for themselves. If you would like to get involved and give a little back to the sport we all love, think it over, or call one of the members holding office in the FTR and talk it over with them. If you are interested PLEASE fill out the form below and mail it to Robert Possehl. These positions will be filled at the Banquet.
