EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible. Sharon & Jack Huffman - Editors

Mr. ISDT, Al Eames, addresses the FTR riders at the Disney World Banquet.
Photo - Sally Smith

THIS IS A MONTHLY PUBLICATION OF THE FLORIDA TRAIL RIDERS
Bill Quinn, editor; Fred Battle, advertising

Al Eames on the cover of the April issue of the FTR Magazine in 1974. In the picture Al was speaking to the FTR membership at the Annual Awards Banquet, held at the Contemporary Hotel in Disney World. The theme of his speech was to praise the FTR members for the good work done in promoting motorcycling and to encourage us to face the environmentalist, the paper work involved, the public challenge towards motorcyclist and sell ourselves to the people.

Many of the current members of the FTR didn't know Al Eames, but those that did know the ever popular Al, will tell you that he was the driving force behind the formation and success of the giant of the trail rider organizations the New England Trail Riders.

Al also worked for the AMA as Amateur Activities Director for several years.

Although always active in off-road motorcycling he is most remember as the MAN who promoted the first International Six Day Trials in the U.S.A. The ISDT "Six Days" were held the last part of September, 1973 in the Berkshire Hills of Massachusetts. While many helped, the event would not have been a success with out the endless time and hard work put forth by Al. Later the Eames moved to the Daytona area of Florida and could be seen at the Alligator Enduro during the March Speedweek in Daytona and always helping out at the Daytona Dirt Riders "Big Scrub Enduro".

Al Eames died the first part of May. He has left us with the knowledge that because of his years of hard work and commitment to our sport it is held at the highest esteem by all that had the privledge to meet and know him....God Speed Al.

Executive Committee Meeting

Minutes of 4/30/94 Executive Committee Meeting

Meeting called to order at 6:00PM at Olustee enduro camping area by President Robert Possehl. Members present: Keith Allen (VP), Dan George (Treasurer), Dennis Seburn (Secretary), and Jack Terrell (Enduro Chairman).

Reading of the minutes from previous meeting was waived. Reading of Treasurer's report was waived. Dan George will report at next meeting regarding investment of a portion of FTR funds in an investment account such as mutual fund or money market.

Keith Allen and Jack Terrell reported on activities related to the Symms Act. Reports of these meetings and activities appear in the magazine. Responsibility for Symms program has been transferred to the Office of Greenways Management (Florida DEP).

Keith Allen has been in contact with Tallahassee regarding Intermodal Surface Transportation Enhancement ("ICE-Tea") grant program and Land-Water Conservation grant program. 6/1/94 deadlines for applications for grants for multi-use trail improvements.

Discussion of ways to generate state funds for OHV projects for the 123,000 non-highway motorcycles and ATV in Florida. FTR should support legislation for a Green Sticker registration program (\$10 to \$20 per vehicle) or allocation of a percentage of the gas tax for non-highway use to provide financing for self-funding trust fund (restricted to OHV projects - not transferable). We need to get examples of similar legislation from other states and we need to work with the Florida Motorcycle Dealers Association on this issue. The committee voted to authorize the expenditure of FTR funds for this project. FTR members need to identify & contact local legislators that will sponsor and support this legislation.

FTR and its members need to encourage local motorcycle dealers to become more involved - promote FTR to their customers and work with FTR on Land Use issues. We also need to generate more local club and area director involvement.

Discussion of FTR or club surcharge (dedicated to Land Use issues) that will be waived if rider brings land use letter addressed to legislator or land manager, etc. FTR will encourage individual clubs to do this on a race to race basis. FTR also will provide land use presentations at riders meetings, sign up tables, and at the banquet. FTR will provide examples of letters, postcards, etc. Not form letters - not petitions. The effectiveness of personal letters and postcards was stressed.

Discussion of banquet arrangements. This year there will not be a guest speaker. Banquet organizers will submit final plans for banquet to the committee by 6/1/94. We want to speed up program to get to the dance portion earlier. Suggested that we have speaker seminars and possibly manufacturers show in afternoon. The committee requested input from clubs and membership regarding invitations to industry and land use managers.

There is a critical need to document and map all existing ORV trails in Florida. If we cannot prove pre-existence, there is a good chance all will be closed. Other user groups (hikers & mountain bikes & horseback riders) are doing it now. Maps need to be very accurate - GPS based system. Need to be more than enduro trails - must include all OHV trails out there. Discussion of FTR purchase or lease of GPS mapping unit.

Discussion of Friends of the Forest (state forests) and Cost Share Challenge Program (USFS) - need to get FTR and local clubs actively involved. We need to be known by land managers as a "resource" to solve problems for them rather than a "user" creating problems by demanding a lot and providing little in return. We need to sign up as volunteers and document hours donated. It was suggested we might have a Saturday volunteer day before Sunday event. We need input and help from clubs and members.

Discussion of need to expand FTR membership - attract more trail riders & dual sport riders. Events for both perhaps in conjunction with FTR sanctioned events. Add to Saturday schedule? Have some events on open weekends? Encourage local clubs to jumpstart program similar to Quads and Vintage. FTR is more than enduro & hare scrambles organization. The committee agreed to take action to encourage FTR clubs to promote Dual Sport enduro events and more non-competitive fun events to attract casual trail riders. FTR will support a Dual Sport series if clubs are interested.

The Business Manager has reviewed the current rule book for errors or omissions, and compiled a list of all changes published in the magazine since the last rule book publication date (9/91). Copies will be mailed to all committee members (plus two referees) next week. Input requested from committee by 6/1/94. By 7/1/94 Jack Huffman will send committee draft copy of updated rule book. Needs review and reply from committee by 7/15/94. If this schedule is maintained, a new rule book will be sent to printer in time to hand out at banquet. Committee voted to direct enduro & HS chairmen that all future rule change proposals must be more specific - must reference all sections and paragraphs that will be impacted by rule change.

Discussion of FTR purchasing radios to be used at enduros and HS. Rick Anderson reported on his findings. Eight portables & one base unit with antenna would cost \$5000 - \$7500. Voted to have Rick Anderson arrange demo at Richloam enduro. Discussion about volunteer CB or ham radio clubs, or use of cellular phones.

Discussion of upcoming sanction meeting and sanction application form.

Meeting was adjourned at 8:00PM.

River City Dirt Riders Battlefield Enduro Olustee, Florida May 1, 1994

Musings of the average B rider at this years Enduro (almost).....as overheard by Rick Chapple

Boy, it's sure been raining a lot down here in Tampa. I'm a little worried about that "FUN" run up there in Olustee. I remember a couple of years ago when it was one big mud rut. In fact, I ruined my new KTM in that section after the first gas. I believe that they said that it was Buddy's section. I never did get to talk to him that year. Lucky for him!!

Everything should be OK though — we entered early this year and asked for row 20. I think I'll call Rick to find out what row we're on.... WHAT!! ROW 39!! What happened?? Oh, that's right, luck of the draw— what a DUMB rule. But, I guess it's the only fair way. Anyway, Rick says that it's dry. SURE!, that's what Andrew and Joe said two years ago. I better put in my metallic pads, pack extra rain gear, extra roll-offs, and tape the heck out of the air box....

Saturday morning.... Load up.... Hmm, let's see: Tent, Cot, Bug spray, Cooler, Food, Sleeping bag, Extra gloves, Boot savers, Camelback....Feed the cat....Yard is mowed. Let's GO!! What did I forget? Oh yeah, Wallet, FTR card, SETRA card. I wish it were AMA sanctioned—I sure like that extra insurance coverage. That's it. Let's GO!!

I-75 North, off in Lake City.... Just think, I'll bet Tampa looked like this 100 years ago. The price we pay for progress....If we hurry, we'll make sign-up. I sure wish ole' Vince here drove as fast as he rides. This 55 mph drives me NUTS!! Boy, Olustee is out in the sticks. Watch out for the banjo players. There's an arrow—turn in!! We made it. Wow, I forget what a really nice place this is. A state park!! Cannons, a museum, walking trails, oak trees, plenty of room. These guys must really kiss some tail and work their butts off to get this!!

Get my packet...Man, that girl, Anne is really organized; everything right here. Does Connie ALWAYS do the SETRA sign up?? She's probably running an

emergency check, too. Wow!, what a nice route sheet— numbered turns with TIMES, and it fits my route sheet holder!! Somebody done good. Hey, look at that. There's a guy handing out cellular phones. I gotta check this out.... Oh, those are for the checks?? Sure sounds like a good idea to solve the communications problem. Let me know how they work.

Looks dry around here. Hope we're OK. That layout Suzuki over there sure looks pretty crusty, though. Maybe that guy just never washes that thing.... I'm still worried.... I'm running the metallics.

I'm going to get the machine inspected now. That guy with the rod sure looks mean. I saw him turn several back. I'm sure glad all my stuff works and I remembered the sparky. NO PROBLEM. Time now for some R&R, looking forward to tomorrow....

Sunday...I'm nervous. Where's my Endura? Ahh, that's good. Eat two bananas. Rider's meeting S . S . D . D . . . Thanks Tim, Thanks Georgia Pacific, Thanks Florida D.E.P., Thanks National Forest Service.... Let's GO!! What a day! — going to get hot, though. Drink lots of water. Let's GO!!

First Section!!.... Who's that GIRL?? Oh, that's a statue or something. What's a JUMP doing in an Enduro?? Oh, S— !! Almost endoed!! Sure hope Jack and Elaina got that; that gas cap HURTS!! This isn't fun! I'm going to kill Joe and Andy when I get back. 24 MPH?? No way!! How about 12, guys?? How about no warm-up?? That drink stuff doesn't work, my arms feel like concrete blocks. I HATE planted pine rows!! At least it's dry. Is that why my rear brake is howling? Man, I've GOT to start working out more; this is tough!! There's the check!! — HIT Andy if I can; Damn!! Missed. Lost ten points. Twelve minutes left in the reset. Gotta GO!! Let's GO!!

Ahhh!, Aux gas.... Five minute reset; back on time. Over already?? GO!! This

is a little easier. Yes!! a jeep road. Uhoh, getting late again.... Where's the arrows?? There's the check!! Yell at that Dave guy from Jersey about the down arrows. Hey Dave, do the phones work? No?? Oh well, seemed like a good idea. Uh oh, another point down. GO, now GO!! I MUST stand up in these pine rows. My legs ache already. No way to get into a rhythm over this stuff. At least it's ry. This is hard. I'm tired. There's the check!! Lost seven.... Great, some rest now; first gas. I've got 18 minutes. The rear brake is boiling and fading bad!— should have run the abestos. Fill the tank; Fill the camelback, it's HOT!!, let's GO!!

Be careful, I remember this section.... This is the KTM eater!! Turn back while there's still time!! Man!!, don't these guys know what a machete is?? Face slappers are beating me senseless. My legs are on FIRE!! If I could only sit down. Thinking of an ice cold beer. Why do I do this? WHAM!!! Wow, where'd that stump come from?? Man, that HURTS!! C.O.N.C.E.N.T.R.A.T.E. !! At least it's dry. It looks like these guys made up for it, though. At least it's not as hard as Oklawaha. There's the check!! There's Connie. It's an Emergency!! Flip cards show 51. How late am I?? Brain doesn't work. Let's see...., 51 minus 39.... Damn, ask that bald guy to do it. OK, twelve more points. Oh well, I don't care anymore. I'm ready for the truck. Point this cowboy home.

Second gas.... not enough rest; time to go. Why do I do this?? I have to work tomorrow, you know. Hey, who's this BOZO, here?? This is a RESTART. My clock says that I have another 14 minutes!! NO!! I don't want to leave now. NO!!! Who was that guy?? Bet he's never ridden an Enduro. Oh well might as well ride for three miles free time until I see a mileage marker. I can't stand up anymore. Just hang on....

Wow, this mileage marker shows that I'm 10 minutes hot. STOP!! That guy back there was really screwed up!! I wonder if

he's the one who layed out this lousy section?? Do I have to go on?? My back hurts worse than my legs. Time to go.... Hang on.... Man, it's tight! ! Only three more miles to the reset. Hey!, where did the arrows go?? Some guy with a banjo, I bet. It's really, really dusty. I'm lost. Oh, there it is. Almost there, now. Hang on. There's the check!! It shows 45. Another six points. Is it over?? Pleeese!!! What!, another eight miles?? Oh, OK, all roads.... I made it!! Whew!!

My total points are 36. I wonder how that will stand up in the class. Just wait and see... Oh well, not good. They threw out check seven and eight, which gives me a 30. Fifth place.

What!? Look at that huge argument over there. Hmm, looks like they're putting eight back in. Puts me back up to 36. That's a lot better, though!! It brings me up to third place!! Seems like my superior conditioning at the end paid off. Hey, look at that guy in my class who beat all the AA's at that last check. How did he do that?? He must have really had a surge of energy at the end....

Look at all those guys in the club, still smiling. I guess that they must really enjoy doing this or something. The park looks pretty clean, too. Trophy time is getting late, though. I guess all that re-scoring put them behind.... OK, get the trophy—BIG smile for the camera and fans. LET'S GO!! THANKS GUYS, SEE YA AT THE NEXT ONE! !

CHALLENGE

Last year our club issued a challenge to the other FTR clubs to match or exceed our \$250.00 contribution to the FTR Scholarship Fund. All of you met our challenge and at the banquet FTR awarded a total of \$3700.00 to three young FTR members that needed assistance with their college costs. The scholarship fund helped three deserving students, and reports of the awards provided FTR a positive "responsible motorcyclist" image in several local and national publications. This year we would like to issue the same challenge to all FTR clubs.

We have deposited a Suncoast Trail Blazers check for \$250.00 in the FTR Scholarship Fund to be awarded at the August 1994 banquet. How many clubs are ready to ante up???

Please mail Your "FTR Scholarship" donation to:

* Editors Note:

These scores and points were figured for the FTR Championship Enduro Series. For this reason they reflect ONLY the FTR riders scores and their over all finish within FTR. Because the Enduro was co-sanctioned with SETRA there is a good chance there might be a difference in your ranking in these scores and how the trophies were awarded at the Enduro.

NOTES FROM THE HARE CHAIR...Minutes of the Hare Scrambles Committee Meeting held on 5/14/94 at the Apollo Motorcycle Hare Scrambles.

Officers - Joe Steidl (Chairman)
Mike Broad (Referee)
Tom Missimer (Scorekeeper)

Rider Reps: A - James Quenzer
B - Jeff Stanton
C - Mark Borders
Senior - Rick Anderson
Women - Karen Gunther

Club Reps: Azalea - N/P
CFTR - Dorsey Bennett
Big Scrub T/R - Chris Reynolds
Apollo M/C - Keith Rake
Manasota TR - N/P
Suncoast TB - Jack Terrell
PBTR - N/P
Sunrunners - N/P
SWFTR - Chris Sundman

I called the meeting to order at 6:06 p.m.

OLD BUSINESS:

1. I had written previously about Mini Class wheelbases allowed. This rule was omitted from the current rule book. Upon further research, I found that the rule is 17" wheels, 48" maximum wheelbase in Mini A and Mini B. My earlier interpretation was incorrect. This will be corrected in the new rule book

2. Rule book pages 36/37 rule D3 - It has been proposed that the Senior A Class be moved to the noon race. This item voted down.

NEW BUSINESS:

1. a. Laurie Brennan (Women B Class) has petitioned the Committee to overturn her promotion to Women A, stating that her promotion was due to her constant entering races and not an indication of her skill level. Tom Missimer researched this and found her claim is valid. Comparing lap times finds that she would have finished last in Women A in each race, sometimes by a considerable margin. The Committee voted to revoke the promotion. She will carry 23 Advancement Points into next season.

b. The above case shows a potential problem in the Advancement Point System, regarding small classes. Tom and I have looked into this. We propose adding an adjustment statement that "Advancement Points shall be given to the top 5 riders or 50% of the finishing riders, whichever is less. (passed)

Not in rulebook

It should be noted that when the Advancement Point System was voted in, a clause was included that allows the Committee to adjust the system as needed. Thus, these changes will be in effect next season.

2. Saturday race class changes - There had been some mention made during the season of possible desired class changes in the Quad, Vintage, and Peewee races. I polled those present and these changes were presented:

a. A parent has requested a "60 class" - age through 12, "60cc bike full rules to be published - 2 laps. - (passed)

3. It has been proposed that we continue Saturday events under a trial basis, with full FTR support. There were new classes proposed to increase turnout. Details will be put in the magazine. (passed)

3. A motion has been made to change the 10 O'clock starting order so that Master B starts between Senior C and Super Senior C. (passed)

4. Mike McQuaig (Ocala MX owner) will approach the clubs about a contingency program for next season. He will attend the banquet with full details. His only requirement would be for AMA membership.

We have 2 volunteers for Hare Scrambles Scorekeeper, Keith Rake, Sr. and Al Legasse. I will be working with the Executive Committee on the selection process. Thanks to both for volunteering! Also, see sidebar.

Meeting adjourned at 7:45

IMPROVE ENDURANCE and INCREASE STAMINA

FTR Representatives Meet with Port St. Lucie Officials

On the 17th of May Craig Borders, Debbie Norien (I hope I spelled your name correctly), and Keith Allen met with Patricia Tobin, the Port St. Lucie Director of Planning and Zoning. The purpose of the meeting was to discuss the possibility of a city sponsored OHV trail. Debbie and Craig did all of the work in contacting the city planning department and setting up the meeting. They also laid the groundwork for a positive and productive meeting.

Ms. Tobin acknowledged the possibility of a city sponsored riding area. Great news! But cities just don't hand over parcels of land. We expressed the fact that we were interested in building a coalition of trail users (OHV recreation, model airplane flying, horse people, and mountain bikers). Her response "Great, the city is much more likely to sponsor a trail if it satisfies a lot of people." We told her we welcomed strict noise controls. Her response - "Yea that's helpful, we always get a lot of calls about noisy motorcycles." We told her that we could produce revenue for the city. Her response, "We've had lots of great ideas in the past but they always die when it comes down to funding. If you can fund it yourselves that's great." We told her that we were interested in making the trails and in providing trail maintenance. More positive feedback. The next question was rigged - I knew the answer already. Question: "What's the first step we should take if we want to make this a reality?" Answer: "Get with the other users, have meetings with them. Start writing letters to the City Council and the Mayor. Attend City Council meetings. Support candidates for the City Council positions up for reelection this fall. Write a proposal. Find an area that satisfies your criteria."

The future is clear. FTR needs to form bonds with other user groups and get active together. We can't win standing alone.

Debbie and Craig are embarking on a journey. By the time this goes to print they will have been interviewed yet another time by the city planning and zoning department. They will be speaking as representatives of our sport. Then they will be meeting with our user groups in the city to try and form a bond, a common denominator of needs and actions. Then they'll be attending long boring meetings, making speeches, spending their own time and money all because they want to give something back to the sport that has given them so much. What about you?

My helmet's off to Debbie and Craig.

Keith H. Allen - 8A - 4 Stroke

LAST CHANCE

For several months we have hauled unclaimed trophies from one event to the next hoping that the riders who worked so hard to win them would claim them. Many riders picked them up, but we still have two boxes of unclaimed trophies. Please review the list of names below this paragraph. If your name is on it, we have a trophy for you. If you want it, you have two options. Call us (813-784-5587) and make arrangements to have the trophies shipped to you by UPS (you will be charged for the cost of packaging and shipping). Or stop by the information table at the year-end banquet and look through the boxes of unclaimed trophies.

BEWARE: At the stroke of midnight Saturday night (August 6th), we will have a bonfire in the parking lot outside the banquet hall. All trophies listed below that have not been claimed will be used as kindling to start the bonfire. No kidding, it will be **your last chance** to pick up the trophies. They already have logged more frequent traveler miles than most of you have with your favorite airline.

Suncoast HS

Tim Ealy (A250)
Ben Pruden (A Open)
Chad Wherrel (B200)
Kenneth Brown (Super Senior A)

Wild Cypress HS

Bobby Baker (C250)
Kevin Foley (A250)
Rich Kemman (A Open)
John McCabe (AA)
Billy Wood (B125)

Brer Fox HS

Jeffery Hawkinberry (PeeWee)
Jason Naylor (B250)
Chad Wherrel (B200)
Ron Hawk (Master A)

Orange Crush HS

Cody Collins (Super Senior A)
Mark Holley (B200)

Last Year Class Championship Bill Murray (Master A)

THE ULTIMATE DUALSPORT TOUR.
FLY IN-RIDE OUT.

We know, the places to go the roads to ride, and the time to travel...Complete tours at very reasonable prices. We are based in RENO, NV. Call for information and a free brochure.

NEVADA, a dual sporters paradise. Vast rugged and remote. 44,000 miles of dirt roads, 236 major mountain ranges and 300 days of sunshine per year.

Ghost towns, abandoned mines, ranches and unique points of interest, all connected by exhilarating dirt roads. Relax in century old saloons, hot or cold springs. Belly up to the bar with cowboys, indians and miners. Experience the last of the old West.

We offer complete tours, at very reasonable prices, and tend to every detail, for your safety and enjoyment. Come join us for an unforgettable ride.

A. J. S. SPORT CYCLES, INC.

Adjustable White Power Forks and shocks, Metzler or Dunlop tires, chromoly frame, Aluminum Bars, Forged Pistons. These are the things you pay extra for on a Jap bike but come standard on a KTM, with pricing & performance to match you owe it to yourself to check these bikes out before you buy.

What can we say? The ATK's may not be for everyone, but if reliability, simplicity and performance are what you are looking for then maybe an ATK is for you.

**Interested in
Vintage Bikes ?
We Can Help !**

A. J. S. is run by enthusiasts for enthusiasts Great Products, Reasonable prices, Service 80's thru 600's, 2 or 4 Stroke, MX, Hare Scrambles or Enduro. Come on by and check with us we will be more than happy to help you with your Hare Scrambles, Enduro, Trail Riding and MX needs and problems.

COME IN FOR THE FACTORY TOUR

1994 RMs are in stock now!

With all new Twin Chamber™ forks based on those found on the Team Suzuki motocrossers, and major powerplant refinements, the 1994 Suzuki RM125 and RM250 are the best yet. In fact, technically they're **factory bikes!**

- Exclusive Showa Twin Chamber forks deliver smooth, controlled response with reduced harshness
- Major engine refinements result in a broader powerband and increased tractability
- Revised rear suspension complements the forks
- One of the most generous contingency programs in the industry

See the new RMs now!

At Suzuki we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Always supervise young riders. The RM series motorcycles are for closed-course competition use and related practices only. Professional rider photographed under closed-course conditions.

Suspension Specialist

Performance Engineering can make your suspension work

Fork Revalve \$149

Shock Revalve \$139

Engine Performance Packages

3 out of the top 4 1993 AMA 250cc Motocross National Series, Mike Kiedrowski, Mike LaRocco, and John Dowd, were all using Tom Morgan's engine modifications

Call for prices on engine modifications.
Also, ask about PE's new Magnum Bore Carburetor, it's very trick!

ATTITUDE

CUSTOM DESIGN HELMETS

Don't let the helmet factories dictate what you wear on your head. I can recreate your favorite racers design or create a wild new look for your lid. From a basic paint job within your budget to a "money is no object" masterpiece.

You can see photos of my work at most FTR events, Mike's Cycle Center in Belleview, or on the heads of FTR racers;

Jason Chambers	#102 B-250
Warren Griffis	#17 C-Open
Mike LaCrone	#186 C-Open
Robert Possehl	#7 AA
Chris Reynolds	#93 4-Stroke B

Cop an Attitude!

Mike LaCrone
407/679-7104

Prices will vary depending on the number of colors and the complexity of the artwork, so come see me at the track for an estimate. We can also arrange for pick-up and delivery at most FTR events.

Notes from the Hare Chair, Part II.....A personnel note of thanks...

At the start of the 90/91 season, as I was starting my first full season as your Chairman, and was looking for officers. My volunteer for Scorekeeper, Thomas Missimer, was a person whom I didn't know, but seemed level headed and dependable.

I didn't know the half of it.

In the 4 years since, this person's performance has been outstanding. There has not been a single instance where his work wasn't done with distinction. Further, each time I've asked him to research something or other, his response has been quick (and often better than what I could have done myself). As an example, all the good points of the Advancement Point System were derived by him. There are many other examples.

Each club owes him a debt for streamlining their input with the informative packages he sent to every club, every race. Each rider owes him a debt for a keeping the output clear and accurate.

Finally, I owe him a debt. He has made these 4 years a LOT easier for me. He has been a true pleasure to work with. However good his replacement is, they have good shoes (boots?) to fill. And so, thanks Tom. Thanks for being there.

Joe

Dear FTR:

After reading Robin Fry's letter in the May magazine and talking to Liz & William Thompson I think the need to incorporate Dual Sport into FTR is great. With the popularity of dual sport growing (just look at the Alligator Dual Sport ride), I think they can fill a need for non competition activities. Just think about a two day ride with your better half (did some one say Quality time?) I also think as licensed vehicles we stand a better chance of using government land closed to OHV traffic, as a special occasion one day/single pass permit could possibly be used. How about a dual sport ride the morning of the banquet? (Liz's idea). They can only help FTR grow as Robin said, involving people in a non pressure environment will promote the sport and the enjoyment level thus ensuring the future of our sport. With land usage problems they offer a alternative to the "nothing to do today". Lets talk about it and get some ideas moving. Call me at 305-270-0069 or fax at 305 685-0061.

One more item, how about a 30+ class to be run at 12:00, it is the most popular class at the MX tracks I have a hunch it would be just as popular in H/S or an enduro. Again any comments?

Thanks: Graeme Davies

AVON PARK AIR FORCE RANGE

On May 11, 1994, I met with Mr. Paul Ebersbach, Manager of Natural Resources, and two of his employees, Mr. Pat Walsh, Recreational Programs, and Mr. Bob Progulske, Natural Resources from Avon Park Air Force Range at the Natural Resources office at the base. The purpose of the meeting was to make FTR's first formal contact to request their agreement and cooperation to explore the possibility of an OHV trail system program at the base.

The meeting was opened with introductions and I presented an overview of the FTR. I then explained what FTR was asking for, namely, an OHV trail system (non-event based) that could be open to the general public involving multiple trails preferably connected at a trailhead. The trails would have different difficulty levels and trail rotation would be built in as part of the plan. The FTR would construct and maintain the trails.

I'll note that it took me close to an hour to get that out on the table. The Avon Park representatives had a lot of good questions for me and had done quite a bit of research before the meeting. They had called other agencies such as Florida Department of Forestry and the U. S. Forestry Service. Thanks to the prior efforts of many FTR clubs and members to work with these agencies, their impression of FTR was good which helped a lot. They had investigated what it would take to gain approval of such a proposal as well, which was my main question for them. They indicated their main areas of concern which are: 1) liability and insurance 2) policing, law enforcement and access control and 3) proposed trail layout and rules to provide input to an environmental assessment.

Avon Park Air Force Range is 106,110 acres of mixed forest and rangeland. Approximately 82,800 acres are open to public access on a regular basis for hunting, fishing, hiking and camping (note no OHV activity is permitted). Approximately 60 % of the range is wetlands with over 30 federally protected species including some reptiles that are sensitive to soil disturbance. The range is classified as a Type II Wildlife Management Area through a cooperative agreement with the Florida Game and Fresh Water Fish Commission. Three regulations currently prohibit OHV activity at the range, Title 39 of the Florida Wildlife Code and two squadron regulations. It is estimated that would take about one year to change these regulations and probably a year to prepare to request the regulation changes.

After explaining to me the elements needed to pursue approval of such a trail program, we spent a little bit of time talking about what areas of the range could be used for a trail. The natural resources representatives suggested fire breaks and some flat woods areas in the southwest corner of the range. This was very encouraging. We closed the meeting with my summarizing their concerns that must be addressed and they restated their willingness to work with the FTR and pledged to keep an open mind as we explore the feasibility of an OHV trail system program.

So you may ask, what can I do to help (as all Responsible Motorcyclists naturally would ask)? Well, this is not a case where public officials need to be swung just to consider a proposal. The Avon Park Department of Natural Resources seemed more than willing to work with us. The challenge is to address the legitimate issues they raised in an acceptable manner. If you want to help, call me. There is a lot of research needed to establish feasible ways to address the three issues identified above.

Respectfully submitted,

Liz Thompson... FTR #4-40092 ... (305) 661-3812

Editors Note...If you live in the Avon Park area and would like to help Liz on this worthwhile project she would appreciate it if you would contact her.

GETTING INVOLVED

It seems that there are certain people, such as myself, who are constantly writing articles for this magazine, voicing their personal opinions. Well, if there's any benefit to being vocal, it's that you invite an opposing opinion. This is good. It's not important whether you agree or disagree with what we have to say, but that what we say may spark some type of positive action, such as getting a new rule book printed. In order to foster growth, or change, there must be involvement. No matter what your opinion is, you must make it be known. Within F.T.R., there are those, such as myself, who go out on a limb and let their feelings be known. Then there are the other 90%. These people sit back and observe, and gripe, among themselves. They don't like this or they want to change that, but what do they do about it, beyond complaining among themselves? Most of them didn't even vote in the last election!

If you don't like something, or want to change it, you only have one option-GET INVOLVED. How many people out there are ready to make the commitment? There are many ways of getting involved. Have you written a letter to your state congressman or representative? Have you gotten involved in your local club? Have you attended an F.T.R. Executive Board or Committee meeting? Have you run for an F.T.R. office seat? Have you attended a decisive meeting, such as the St. Johns Water Management District hearing? Have you called Keith Allen to volunteer to work on one of his projects? Do you have a solution for a certain problem? Do you have an idea that would improve F.T.R.? Do you, like Robert Frey, have an idea about how to get more riders to our events? How about your own article for the magazine? The list can go on and on, but it still comes back to the same question-are you involved? We have a lot of talent within F.T.R. It's a shame that so much of it is being wasted.

Yes, when you take a stand, you take a chance of alienating some people. Yes, the time required will take away from otherwise leisure time. No, you won't get a lot of thanks from other members, but you have to give something to get something. Some day, the well could go dry.

I've given some, and I hope to be able to give more. Will you? Please, get involved.

Rick Anderson
FTR # 4-31789

ENDURO NOTES

I received several inquiries from riders at the Olustee enduro regarding FTR rules for year end championship points. The following is provided to answer these questions:

A rider can enter and compete in only one class at each event. FTR year end class championship points are awarded for the class you enter and compete in the day of the event. For example, if you enter one event in the B-250 class, and the next event in the B-125 class, you cannot transfer the B-250 points to the B-125 class, or the B-125 points to the B-250 class. The same would be true if you rode one event in Vet B, one in Senior B, and one in Super Senior B. The only time scores from different classes may be combined is for calculation of year end Overall Top 10 or Overall Top 20 positions.

The only two exceptions to this rule were approved by the Executive Committee at a special emergency meeting held on 8/29/92 prior to the Big Scrub Enduro. These exceptions apply only at co-sanctioned FTR & SE&TRA events, and were instituted to accommodate the FTR/SE&TRA agreement that at co-sanctioned events, a rider must ride in the highest (letter classification) class he has been assigned by either FTR or SE&TRA. For example, a rider classified as Senior A by SE&TRA, and Senior B by FTR, must ride in Senior A the day of the co-sanctioned event. However, an exception was approved so that a FTR rider moved up a letter classification for the day under this agreement may request the FTR scorekeeper to award year end FTR championship points in his FTR letter classification (B) or the class (Senior) entered that day. The rider may not assign points to another displacement or specialty class. The second exception applies to a rider entered in the Four Stroke class (a SE&TRA class, not a FTR class) may request the FTR scorekeeper to award year end FTR championship points in his appropriate FTR classification (such as Four Stroke A to A Open if he rides an open class four stroke).

If you have any questions, call me (813-784-5587) or see me at the next enduro.

By: Jack Terrell
Enduro Chairman

Thanks Daytona Dirt Riders.....

I would like to express my thanks and gratitude to the Daytona Dirt Riders for helping me on the FTR Survey and for being extremely understanding about a major goof on my part.

My major goof centers around the survey introduction. I started writing it much like I would start writing any FTR correspondence. The goof resulted from this habit of putting down my name and referencing my position in FTR. The introduction made it sound like FTR was responsible for the Alligator (Excellent) Enduro which is obviously not true! My sincerest apologies to the Daytona Dirt Riders.

To my knowledge this was the first year a survey of this type was done. I wanted to cover all of the off-road events at bike week to generate economic and tourism data to support our position with the state. The survey had a few glitches that I hope to correct next year. The Brer Fox Hare Scrambles was covered, 35 people filled out the surveys - We'll do better next year. I gave about 600 surveys to Al Talbott of Pit Stop Racing (because I had to work - work sure gets in the way sometimes) who was going to take them to Ocala for the National. Al said he delivered them but sadly nobody knows where they are now. So that potential audience was lost.

The Daytona Dirt Riders helped FTR get excellent coverage at the Daytona Dual Sport and Alligator events. Again Thank You.

I'm still in the process of trying to get survey data from the riders of the Ocala Enduro.

The survey will provide important data that forms a corner stone of our position in our dealings and negotiations with the state. The major points are:

- OHV recreation is not excessively harmful to the environment.
- OHV recreation is good for the youth of the state of Florida and is good family recreation.
- OHV recreation is good for Florida's tourist economy.
- OHV recreation can be self funding.

The survey directly supports points 2, 3, and 4. We are making progress. A lot could be better and it will be - next year. Thanks to everyone that helped.

ON ANY SATURDAY

by Keith Allen

The people that put on the events that we all so much enjoy are great people. I admire the fact that they take so much flak from everybody and still continue to do a tough job race after race, season after season. If it wasn't for them where would we be? Does this sound like I'm suckin up? You bet; but its not unjustified praise but yes I want something.

I/We/the Sport want and actually need Saturday events. Not just ATV or Vintage races, those races are a great start but other events that will draw the general public to our outings. It may turn out that the Saturday preceding each race is the most valuable time for our sport because that's the time when we can all be ambassadors of OHV recreation. Its arrival time for a lot of us and its relaxation time for others but I would like to challenge the clubs to make it a time that we interact with newcomers to the sport and other trail riding users.

I would also like to encourage clubs to invite local politicians to these fun events. Its the greatest P.R. we have! They see what we're about and it forms a positive mental picture of our sport and goes a long way to getting our message across.

What do I have in mind?

1) Mountain bike races. Mountain biking is a sport we can all identify with and they can identify with us; indeed a lot of us own a mountain bike and cross train on one. They are loosely organized in the state. If we hold one or two mountain bike events (1 lap around the course) I think we could draw significant numbers of enthusiasts and expose a lot of people to our sport. We need their support and they need ours! Myself, Robert Frey, and Mike Broad have agreed to assist any club in putting on one of these events. Give us a call we'd be more than happy to assist! (We need advance notice though to do one properly.)

2) Public how-to-events. CFTR set the pace with How-To-Hare Scrambles. I heard Sun Coast at one time had a How-To-Enduro. The list is endless. I encourage other clubs to do the same. For example: How-to-work-on-your-bike by Joey Argentine. How-to-size-your-bike by "Big Man". How-to-keep-an-old-bucket-o-bolts running by Bobby Edmonston. How-to-ride-without-ever-standing-up by Cadillac Gary.

3) How about a Bike Olympics. You know - a going slow contest, a Who's got the quietest bike contest. Push the barrel contest etc. These are a blast and they improve your riding skills and they tend to draw more of the general riding public.

4) Obviously Dual Sport rides are something that can be done on Saturday. Dual Sporting may be the only future for Off-Highway Riding - we had better learn how to do it now.

5) Just a trail ride is a great idea. Get the public out there and let them ride around a course and see how much fun it is. Once people catch the bug its hard not to come back.

6) Political seminars, Letter Writing campaigns, and Land Use Seminars. I volunteer to do any of these on Saturday for any club (provided the race isn't too far away).

Now obviously once we get people to these events its our job to try and get them to join FTR. The FTR Trail Rider membership is the perfect tool for the job. Its priced right for the casual trail rider and they get a great magazine to learn what organized events are all about. People need to learn about us - its our job to make that happen.

Riders Making It Happen!

I would like to thank the following people for getting involved in our sport in such a way that there may be places to ride after our generation has passed away.

Liz and William Thompson - Heading up the Avon Park Air Force Base effort.

Tom Russell - Helping me with the FTR survey.

Joe Van Setters and the Daytona Dirt Riders - For helping me with the FTR survey and putting up with my mistakes.

Craig Borders and Debbie Noire - Contacting Port St. Lucie City planners to see about a permanent riding area at Midway road on old General Development Corp land.

Treasure Coast Trail Riders - For starting a great new club and bringing much energy into an area that needed a club.

James Quenzer - The PeeWee King

Gary Wyatt and Azalea City Riders - Getting involved with St. Johns Water Management District.

If I forgotten any, I apologize. Keep up the great work!

Keith H. Allen, #8 4-Stroke A

DECISIONS., DECISIONS

Life is full of decisions. Do I go to college, trade school or jump right into the job market? Should I marry that special person in my life, despite what my friends and family say? Do I really want to get involved in the day to day affairs of an organization such as F.T.R.? Well, I jumped, I did and I do.

As the new Enduro Referee, I was put to work right away, having to deal with two protests at the Battlefield Enduro. Although there were some people who were not pleased with the decisions made, they were made with one thing in mind-the rules. Both F.T.R. and A.M.A. rules support the decisions made.

There are those who will complain about their finishing position being changed, due to the decision to keep check #8 in the scores. Others will say that some people had an unfair advantage because the time was wrong at check #7, which was thrown out. Yes, they had an advantage by leaving the reset early, but had there been a check at, say, 3.2 miles after that reset, they would have been burnt big time, and gotten no sympathy from me. It's a gamble any time you leave a reset early. Sometimes you win, other times you lose.

To those who are upset about their finish position after the decision to keep check # 8, join the crowd. I went from third in class to fourth. Do I regret my decision? No way.

About college, I wish I'd finished. Shirley was an experience that I'll never forget. On being F.T.R. Enduro Referee, I love being involved.

LAWTON CHILES
GOVERNOR

STATE OF FLORIDA
Office of the Governor
THE CAPITOL
TALLAHASSEE, FLORIDA 32399-0001

April 16, 1994

Mr. Keith H. Allen
Vice-President
Florida Trail Riders
4615 Eastview Avenue
Lake Worth, Florida 33463

Dear Keith:

I respect your concerns regarding Off Highway Vehicle (OHV) recreation as expressed in your letter of March 23, 1994.

As you know the advisory board's purpose is to fulfill one of the permanent provisions of the National Recreational Trails Fund Act of 1991. If Congress shows a firm commitment to the program through the appropriations process and addresses the fuel tax requirement during the upcoming session to our satisfaction, the Department of Environmental Protection will seat a board.

However, we are demonstrating progress in other program areas affecting OHV's which heightens Florida's visibility to the public and to Congress. On March 31, 1994, Virginia Wetherell, Secretary of the Department of Environmental Protection, approved approximately \$185,000 in National Recreational Trails Funding Program grant awards. I understand \$52,607.80 of this amount will be utilized to enhance motorized trail use in Florida.

The work which your organization will perform in the Croom Motorcycle Area of the Withlacoochee State Forest as a result of receiving this grant money will greatly enhance the state's ability to provide quality outdoor recreation opportunities. I commend the Florida Trail Riders and its chapters for stepping forward to assist in improving motorized recreational trails for Florida's residents and visitors.

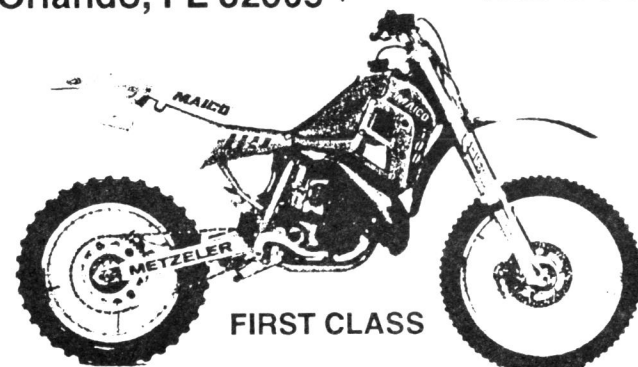

With kind regards, I am

Sincerely,
Lawton Chiles

HARE SCRAMBLE RIDERS

The competition season is over and your bored, right? You don't want to wait till next September for the next race. Why not try an ENDURO? No lights or tag on your bike, no problem! The Scrub Oak Enduro in Daytona on June 12 is run completely on private land with no public roads used. The only required equipment will be a SPARK ARRESTOR. Here is your chance to see what an Enduro is all about with out buying another bike or spending a bunch of money to convert your Scrambles bike. That's it a spark arrester and a watch (in case you want to try time keeping) and your ready for an Enduro, you don't even have to remove the number plates. So fill out the flyer on the next page and bring your friends to ride our fun Enduro. Who knows you my decide to ride both series next year.
