"...a company will have to pull out all the stops and release something truly phenomenal to top the '95 KTM suspension package."

"...the KTM felt great on every part of the track. In fact, we didn't even know there were braking bumps on the track until we rode the other bikes we had along for comparison."

"...Now its up to the Japanese to see if they can hang with Europe in the suspension sweepstakes."

EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible.

SUNCOAST TRAIL BLAZERS REDDICK HARE SCRAMBLES.....by jack terrell

Over 300 FTR riders (plus another 55 Saturday entries) entered the Suncoast Trail Blazers' hare scrambles held the weekend of December 3rd and 4th southeast of downtown Reddick, Florida. Riders were treated to a technical 7.5 mile course through light woods, wide open pastures, abandoned mining pits, and mining stockpile areas. Best of all, there were no bottlenecks. Most riders had nothing but compliments for the course which was laid out to accommodate riders of all skill levels.

The Saturday classes (except Peewees) ran most of Sunday's course, and George Edwards started the action by beating Steve Hill at the end of the three lap Quad A class. David Hodge won Quad B honors, followed home by Ryon Hicks, Robert Lalonde, Jeff Scott and Dan Marks - these four were separated by only a second apiece. Mike Browns Yamaha led the Vintage class and Mike Phillips rode his Super Vintage Kawasaki to victory. Fourteen Sportsman entries were led by Jim Wood and Kevin Mc Call. The Peewees ran a special one mile woods course where 11 Pee wee competitors were led by Cody Roth.

Fastest time of the 1 10 AM race went to Tim Ealy in the Senior A class. Only five other 10AM riders turned in total elapsed times under 1:20 for four laps: Beanie Noel, David Johnson, David Smith, Rick Thorpe and Scott Sears.

The noon race featured the season's largest turnout (8) of AA riders, with the addition of five AMA professional MX riders. Brian Swink won overall honors by almost a minute after a long battle with Mike Phillips. These two riders were the only ones to turn in total elapsed times under 1:30 for five laps. The most hotly contested race for first place was in the B-250 class where Sonny Smith beat Mike Suddeth by ten seconds.

Fifty-six riders contested the 2PM race, with over half of them in the C-250 class won by G. R. Tarr who had the fastest time for the 2PM race. Closest race for first place was in C Open class, where Michael Scott beat Jonathan Ledford by one second. First thru fourth Overall C class finishers Tarr, Scott, Ledford and Allan Draheim based the only sub 1:24 total elapsed times for the four lap 2PM race.

Keeping up with their trail blazer tradition, Suncoast set a new standard for timely posting of race results. They announced at the riders meeting that they saw no need for 10AM competitors to wait around until 5PM to get their trophies. They said 10AM results would be posted before 1:30PM, protest period would be closed by 2PM, and trophy presentation would begin at 2:15PM. They kept their promise. Wouldn't it be nice to see other clubs follow their lead on this one? The 12 noon trophies were presented before the end of the 2PM race, and despite a short delay due to a late afternoon thunderstorm the 2PM trophies were awarded quickly, and a happy group of riders hit the road for home after another successful Suncoast hare scrambles. Congratulations to the Suncoast Trail Blazers and all its members who put in hundreds of hours of work to provide FTR riders with an excellent event, and a big "thank you" to Mike McQuaig and Steve Binigar (alias Dale Ernhart) for making this land available for the event. Also, special thanks to Steve Duga, Steve Hill and James Quenzer for jumping in to help with Saturday events, and to Terry Enyart who helped out with everything.

The 95's Are Coming!

ATK

1995 will be remembered as a banner year for ATK. Their new management has unleashed an awesome lineup of aggressive new machines which offer something for everyone in almost every class.

The trick 350 and 605 four-strokes will be available as dual sport or **race-ready** machines in electric or kickstart models. Also featured are the potent two-strokes: an aircooled 250 and 406; and **SURPRISE!** a new watercooled 250 and 260. ATK has further increased its lineup with a quality 50cc motocrosser for about \$1200.

Upstate Cycle has proudly offered Huskys for over 15 years. Husqvarna's 1995 lineup is once again filled with

two and four-stroke machines capable of winning, right out of the box. All feature premium components through-out. Showa, Nissin, and

trick Husky factory pieces delight the eye as well as the ride. Returning models are the WXE 360, 250 & 125 two-strokes and the 610 & 350 four-strokes. Call us today to reserve one of these hot new beauties before they're all gone.

American Dirt Bike "A venger"

Upstate Cycle is now an American Dirt Bike dealer. Motor-cross Action calls the Avenger "the best handling four-stroke on the planet."

We're The Suspension Specialists

Upstate Cycle is now an authorized **RaceTech** service center. We regularly tune and maintain Showa, KYB, Ohlin and White Power suspension components.

We offer fork rebuilds as inexpensive as \$30 per leg for oil and seal replacement. We also build custom forks; installing Gold valves, shimmying and polishing. Shock rebuilds are available which include: draining, cleaning, polishing, filling with top quality oil and nitrogen recharging for only \$40!

HAVE YOU HEARD THE NEWS !!!

Azalea City charged a \$5 gate fee, and didn't hand out trash bags. Many clubs are now charging a \$5 gate fee, as for the trash bag, I feel that Mrs. Rawls should take the responsibility to pick up and maintain her own trash.

The club realized that we had a problem with parking and we are going to make sure that it doesn't happen again.

During the poker run there was a group of people that had a little too much to drink, they need to understand that they are hurting F. T. R, the club putting on the event, and possibly themselves. Mrs. Rawls needs to use better judgment when asking for directions, maybe she should try following the arrows instead.

I have a hard time understanding what Mrs. Rawls expected the lady at the 2nd card stop to do about the bugs that had bitten her, maybe she wanted her to shutdown the poker run so we could call ORIKIN and make the woods bug, free... We need to understand that we are riding in their environment. The trail wasn't put thru a nest of bees, I know this because I helped lay out the course, I walked thru to put up arrows, to chop, to mileage it, and to practice. I never saw any bees, I'm not saying that there were no bees, because there could have been some near the trail that we didn't know about. It seems to me that you have as much trouble staying, on the trail as you do finding reverse on your quad.

The food stand did a great job. Azalea City would like to thank them for their time and hard work. AND also not all hare scramble riders drink coffee!! The people at the food stand were volunteer fire fighters, they have no idea what trail riders drink in the morning. MAYBE Mrs. Rawls should have stayed at the Holiday Inn, so she could get better room service. As for the race being too tough! Well that depends on the rider and their training. I'm a out of shape C- Rider and this being my first time riding a hare scramble event, when I finished I was tired, but not enough to say that the race was hard. Maybe next time we could put in more roads and pastures, and less woods.....NOT!!!

Our club spends a lot of time and hard work to get new land. We all know that F.T.R clubs are losing land everywhere. Mrs. Rawls should spend more time trying to get new land so she can help promote trail riding in Florida.

Our club isn't perfect, but we do care about the F.T.R. families. We need to spend more time working together and less time complaining about things the club has no control over...

WE HOPE TO SEE YOU AGAIN

Dewayne Brantley

Dear FTR;

Does anyone know why "The Alligator Enduro" is not part of the FTR Championship Series?

Is there some way for FTR members to get points for the race? Is it possible that FTR membership is not required of the riders, but if you wish to be scored in the series you must either sign up at sign up, or show your FTR card? I don't know the answer, but I'd like to.

Wouldn't it be beneficial to have "the Alligator" as part of the FTR Series? Wouldn't it be a splendid opportunity to introduce a lot of Floridians, the national magazine writers, and the bike week crowd to FTR?

I'm not talking about changing the event, only allowing FTR members to accumulate FTR points for riding "The Alligator". After all, we have this premier event in Florida, but we need to travel to South Carolina for points. I don't quite understand.

Hey, DDR, can we talk about it? A lot of riders do not make the trip to Tallahassee or South Carolina. Like I said before, I don't know the specifics, so I would like to learn why. After all, I just started riding enduros and this will be my first Alligator. Can we have some points, please?

Robert Frey 407/574-8592 Houring out and loving it!

EDITORS NOTE: Robert, I'd like to take a crack at answering your question "why the Alligator is not part of the FTR Championship Series"? But, first let me address the trips to Tallahassee and South Carolina. It always amazes me when people say it's too far to go there, but then encourage FTR members from those area's, and there are quite a few, to attend the FTR events in mid or South Florida. While these locations may be a long trip to get to, they provide those willing to make the drive with some new, interesting and fun land to ride on!

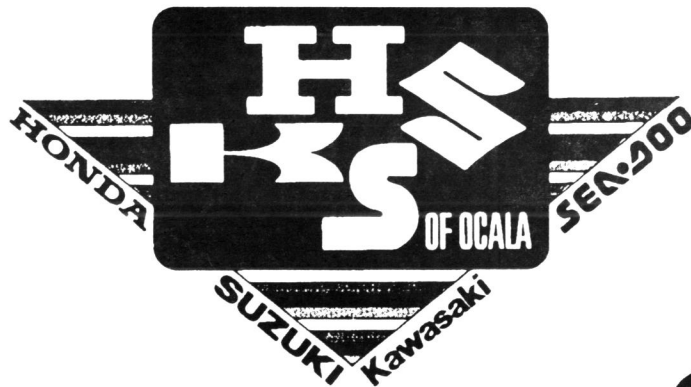

Now for the "Alligator". A couple of years ago there was a push to include this event in our schedule. In fact much of one whole enduro committee meeting was spent discussing good and bad aspect of including it in our series. While there were some other problems one of the major tie ups was the fact that Azalea City for many years has held their enduro three days after the "gator". At that time it was felt that having two FTR points paying events in such a short period of time wasn't fair to those competing for series championships or the FTR series itself.

Just so you will know, back in the 80's one FTR President, with the help of Daytona club member Tom Cambre, negotiated to have the "Alligator" included in the FTR Enduro Schedule both years he was President, but the Azalea enduro was held in April then.

PLUS Thirty

by Max "Tommy" Raterman December 1994

I had the opportunity to attend a motorcycle industry (MIC) sponsored off-highway vehicle conference earlier this year in upstate New York. The cooperative OHV workshop was sponsored by the MIC in conjunction with the New York state department of environmental conservation and the New York state off-road vehicle association. Florida riders, guess what I found out? Riders in New York have many concerns similar to ours, namely:

- There is a lack of places to ride----sound familiar?
- New York state is collecting OHV registration fees without doing anything OHV related with the money----not! Coincidentally, most in attendance were not too fond of recently defeated governor Mario Coumo!!
- How can OHV enthusiasts go about getting organized, and once organized, how can they have a positive impact?
- How can public trails be established and maintained once they're in place?

My helmet is off to Jim Williams of MIC as well as the New York state DEC and club folks for a meaningful conference and a fun trail ride through wooded forest land as well. I learned a lot, and really enjoyed the different perspectives presented by people like Jim Cooper from the Bureau of Land Management in California, Brian Bronson, ATV coordinator from Maine and Anne Hewitt, an OHV education coordinator from New Hampshire. I took home lots of great ideas on what to do with a public trail system and how to get one going! The handout material was worth the price of admission alone.

The Florida Trail Riders shares all of the same concerns in our state. Did you know that each time you buy gas for your ATV or dirtbike you are paying federal tax for which you are getting nothing? At least we aren't paying bogus registration fees. We are working toward formulating an effective and fair OHV registration proposal.

If we are going to avoid becoming like the t-rex and the desoto, we are going to have to be organized and remain vigilant. But at the same time, we have to do what we can to protect our right to ride. Here's where I go into the obligatory "what we need to do" portion of the story...

- Don't ride up and down your neighbor's lawn or the public road with your unregistered bike.
- Re-pack that silencer regularly.
- Get others to join the FTR.
- Promote the FTR proudly and stress the economic impact we have, as well as the family orientation of our chosen recreation form.

It will not be easy as we move ahead. The trail may be tougher going than the Wild Cypress one of last year's hare scrambles (sorry, CFTR). We may lose a few folks like we did at the Orange Crush H/S at County Line Raceway last season (whew!). But you know what? We can do it if we stick together.

I have voluntarily entered a Florida Trail Riders sanctioned event. An FTR sanction indicates that the event is listed in the association's official calendar. FTR rules for competition will be used. The officials for this event have not been trained or accredited by FTR. The promoter of this event is an amateur. Each participant is responsible for determining the safety of the course before participating. This indicates that you or your child's safety will not be warranted by the Florida Trail Riders or the Treasure Coast Trail Riders and all its employees and assignees. Motor sports are dangerous. You should take part in this event based on your own assessment of your or your child's abilities. Today's route will traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of you or your child's motorcycle and protective apparel. The promoter does not provide medical insurance coverage. We urge you not to compete in motor sports with out adequate personal medical insurance coverage. If you have any doubts at this time about you or your child's personal abilities to participate in this event, if you or your child have not adequately prepared yourself and your equipment, if you question the safety of the course, or if you believe your personal insurance coverage's are not adequate to compensate you or your child for any injury that might occur, we urge you or your child not to participate in this event, the Big Lake Hare Scrambles on February 4 & 5, 1995. The Treasure Coast Trail Riders and the FTR are not experts in laying out and sponsoring a Hare Scrambles. Not all OBSTACLES may be marked, so riders ride at your own risk! The Treasure Coast Trail Riders and FTR will not be held liable for any mishaps or injuries. The course is DANGEROUS, so ride carefully. I HAVE READ THIS RELEASE AND UNDERSTAND ITS TERMS:

A LETTER FROM A LOCAL PRODUCT..... by Gary Wyatt

As I read the article written by Diane Rawls in the November FTR magazine on page 37, with such amusement, I felt it necessary that I should try to answer some of her questions and statements. Even though I have read this article several times I am still not sure of what I am reading, but this is what I could gather from the article.

First race of the season, a narrow dirt\$5.00 gate fee AND no garbage bags! NO PARKING, smallest inkling, cheerful guy, and "Leon with the broken arm".

Yes it's true we were the first race of the season. The race that was before us on the schedule had to be canceled. The whole state of Florida was under water because of the rains. I'll admit that we didn't have the smallest inkling that Mother Nature would flood Florida and we would be the first race. How dare you Mother Nature! Yes, there was a narrow dirt.... We had to use the narrow dirt....to get us back to the course that we laid out for the riders to enjoy. We thought that a narrow dirt.....big enough for a thirty five foot motorhome pulling a twenty foot trailer would be adequate. But if you know of any one that couldn't get in please send them my personal apologies. Also tell them to call me in advance with the exact spec's of their needs and the club will try to build a wider dirt....? Yes there was a \$ 5.00 gate fee. We looked at several of the flyers and noticed that just about everyone was charging this fee. We figured that it must be the thing to do and we didn't want to make the other clubs look like money grabbers. It also makes a nice little bonus to the charities that we always donate the money to. The no garbage bag idea came from me. I know that some people think of the Putnam County area as a poor redneck part of the state, but we are trying to give up rooting around in garbage bags. I felt the temptation would be too great if everyone left their garbage behind for us to deal with. Therefore I felt it would be better to let responsible motorcyclist provide their own garbage bags and take home with them what they brought. The parking area I realize was small. We had to use the area that the land owner gave us to use. This area happened to be at the end of the narrow dirt.... where the course was. I was not aware of anyone that had to leave because they could not find a parking space. I'm sorry that we caused you grief by putting a cheerful guy there to meet you. We wanted him to tell people not to go wedge in by Steve and Kathy camping until it gets dark people. This was the first area to fill up since it was the best area and they got there early. Maybe next year we can find a less cheerful guy to really tell you where to go. Sorry to hear about "Leon with the broken Arm". Let me know if there is anything I can do to help. If we had known we could have made special provisions. It would also kept me from having to answer this article. I hate to write!

POKER RUN PM THE BBQ DINNERS... We tried to keep all of the local products and sudden party types from entering the event. I guess that since they didn't have garbage bags to root in that they cashed in their food stamps and paid the entry fee. When we heard that there was a very wild group of people out in the woods we sent our club members, that have wild people hunting licenses' to find them. They came back empty handed. They said that the wild group followed the FTR arrows through the woods back to the area at the end of the narrow dirt? or better known as the camping area. They said they got away because they came in and disguised themselves as FTR members just having a good time. The only reason our hunters knew they had followed the right wild people group was because they could hear them laughing about someone that didn't know how to stay on the course and they pointed them in the wrong direction. Thanks Mr. Johns. As you came into the second card stop the lady was fleeing because she had already been told about the BEESSS or ground HORNETS or what ever. We told her since she was not a certified Orkin exterminator not to go out in the dark to try to fight these killer BEESSSS, but instead to flee, I guess that if everyone had stayed on the trail and followed the arrows instead of wandering around off the trail like you did there wouldn't have been a problem since they were not present until practice started. The many people who worked trail and the pre riders did not get stung or bit. We have decided to try to cross breed them with lightning bugs so next year we can find them in the dark. Until this can be accomplished please keep in mind that even though Bambie lives in these same woods there are critters out there that take exception to people running over their homes in the middle of the night.

CRAP ROLLS DOWN HILL and THAT GROUP ...As I stated earlier some of us rednecks in Putnam County have been trying to give up some pretty bad habits and have been fortunate enough to obtain modern conveniences. I am not in the habit of checking out which way crap rolls on a hill but I will take your word for it. Around here it goes FLUSH WHOOOSSSS. As far as "THAT GROUP" goes I'm sure that they can't read and for sure they don't receive the FTR Magazine.

A.M., DAYLIGHT THIRTY and trying to wake up totally. No, wonder "Leon with the Broken Arm" was calling for help. He probably thought he had been kidnapped by the local wild people and they took him to Pluto. Don't you just hate it when McDonalds wants to build a restaurant at the end of a narrow dirt! I wonder if that van that came out of the wilderness was one of those "sudden party types" that had a little too much to drink the night before? It sure is a good thing that only five people wanted coffee or your BIG pot might not have been enough, even if it was "cappuccino" strong! One thing you can say about those wild people is that they have good eyes and noses. They can see FTR arrows in the dark and smell coffee from another world brewing.

RACES You were not allowed on the course to take pictures because we knew you could do pretty good on the fence line. If you thought a local with no helmet was dangerous and could take you out think what a Hare Scrambler with all that protection and speed could do if we had let you on the course. Kenny Keylon you really need to quit being.....Kenny..... Go out and have some fun!! But don't tell your wife I said so.

The next time Azalea City Motorcycle Club needs land Diane we will give you a call. I'm sure that if you can come up with free land, free insurance, free trophies, free course markers and sanction fees, we can probably put on a FREE hare scramble. I'm sure I don't know what land owners should be, but thank God they are "givers" and that on occasions we can come up with "new givers" so we can give up the dollar to a worth while charity.

I'm sorry that you were not impressed and disappointed Diane. But please ... take this... brief notice. We are THE Azalea City Motorcycle Club and a Florida Trail Rider promoting club and we have been putting on races a long time before you became a member and will probable be doing the same after you are gone. We hate to loose one member but if you won't come back then.....HEY.....!!!

The RMX250. Great at racing t h r o u g h swamp mud, sugar sand, gator country, and finish lines.

Nobody knows the oozing, snake-infested conditions of Florida better than your Florida Suzuki/FTR dealer. And no bike knows winning better than the RMX250, which has raged to countless national championships, and is current points leader in the 1994 AMA National Hare Scrambles and National Enduro Series.

Besides helping you to slime-spattered victory, your Suzuki/FTR dealer may just help you get filthy rich. The 1995 Suzuki RMX contingency program will post over \$50,000 toward the *Florida Trail Rider's*

10 event Enduro Series and 9 event Hare Scrambles Series, and your dealer has all the info. Come in soon.

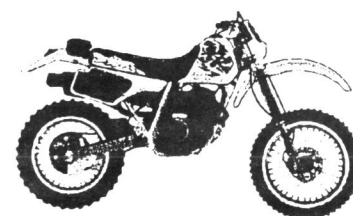

We'll make sure you don't fall prey to mud-covered palmetto roots, alligators, or the competition.

At Suzuki, we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Along with concerned conservationists everywhere, Suzuki urges you to "Tread Lightly" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride. Professional rider pictured.

FTR Enduro Series Scores Through Enduro #3

(Tallahassee Trail Riders Enduro • October 1, 1994)

The following scores are from the Enduro Score Keeper's records and reflect your name, class, bike, worked run credit and your total points for the first 3 Enduros in the FTR Enduro Championship Series. It is very important **TO YOU** that this information is all correct as any errors might affect the contingency awards that you are attempting to win, your placement in the series, and the awards you win at the end of the Series. If you have any problems with these scores or any other information that needs to be corrected, **PLEASE** contact Allen Collins at 4150 Fay Blvd., Cocoa, FL. 32927 or call him at 407-632-3554 with your corrections. **The deadline for getting these changes made is February 15, 1995.** After that date the scoring for the first 3 enduros will be considered final and NO corrections will be made to that information.

Come on Down

Wayyyyy down South!! To the Southwest Florida Trail Riders "DEEP SOUTH '95" Hare Scramble February 18th & 19th!!!

The Southwest Florida Trail Riders would like to invite everyone to their event at Hall's Bermont Ranch on CR74 between Ft. Myers and Arcadia. Land owner Lewshane Hall has set aside 2500 beautiful acres of natural terrain for what he and the SWFTR promise to be a "real" Hare Scramble!

For those traveling South on I-75 exit at Punta Gorda (exit 29) and turn on US17 North toward Arcadia. Continue North for one mile where you will meet CR74. Follow CR74 thirteen miles and begin looking for FTR arrows. Those coming from the South on I-75 can follow these same directions. Those traveling from the East can easily pick up CR74 near Palmdale West of Lake Okeechobee.

If you enjoy "sleeping under the stars" by all means pack your gear, primitive camping could never be better!! Sorry, NO CAMPFIRE PLEASE! You RV owners will rejoice at the smooth shell road on and off the property. If you prefer the comforts of home you may wish to consider a number of fine motels and restaurants at exit 28 South of Punta Gorda on I-75. Any SWFTR will tell you Southwest Florida has plenty of winter visitors during the month of February so make your reservations early -no foolin'.

Hungry? Need that morning cup of coffee? Step up to the Hall Ranch chuck wagon and say hello to ranch manager Lavern Outlaw. Lavern takes a keen interest in the community affairs of Charlotte County and will be cookin' up a storm to benefit a local organization. Please help support his efforts!

Saturday's activities will begin at 1:00 with sign up for both Saturday and Sunday events. Quads, Sportsmen, Vintage and Pee-Wee classes will make up the afternoon action, and a Poker Run slated for later in the day - a great way to unwind after driving several hours. Sunday will begin with sign up at 7:00 and practice (one lap) at 8:00.

SWFTR members have promised a longgggg course, laid out through tight woods, pasture, more tight woods and an occasional palmetto thicket. Challenging yet fun, with the emphasis on fun!!

We look forward to seeing everyone Saturday February 18th and Sunday February 19th at this new location for what promises to be a great weekend of ridin' and racin'. Don't miss it!!!

The Southwest Florida Trail Riders

I have voluntarily entered a Florida Trail Riders sanctioned event. An FTR sanction indicates that this event is listed in the association's official calendar. FTR rules for competition will be used. The officials I for this event have not been trained or accredited by FTR. *The promoter of this event is an amateur. I Each participant is responsible for determining the safety of the course before participating. This indicates that you or your child's safety will not be warranted by the Florida Trail Riders, the Southwest Florida Trail Riders, the Hall's Bermont Ranch and all it's employees and assignees. Motorsports are dangerous. You should take part in this event based on your own assessment of you or your child's abilities. Today's route will traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of you or your child's motorcycle and protective apparel. The promoter does not provide medical insurance coverage. We urge you not to compete in motorsports without adequate personal medical insurance coverage.* If you have any doubts at this time about you or your child's personal abilities to participate in this event, if you or your child have not adequately prepared yourself and your equipment, if you question the safety of the course, or if you believe your personal insurance coverages are not adequate to compensate you or your child for any injury that might occur, we urge you or your child not to participate in this event, the Southwest Florida Trail Riders Hare Scrambles on February 18, & 19, 1995. The Southwest Florida Trail Riders, the FTR as well as Hall's Bermont Ranch are not experts in laying out and sponsoring a Hare Scrambles and will not be held liable for any mishaps or injuries. The course is DANGEROUS, so ride carefully. Not all OBSTACLES may be marked, so riders ride at your own risk!

COMPARISON OF FTR vs SETRA ENDURO SCORECARDS

If you're like most of us enduro riders who compete in co-sanctioned events: it can get mighty confusing trying to figure out what all those numbers mean on that scorecard. Hopefully this explanation will help lessen that confusion.

Please note the following: At Secret Checkpoints (the ones with the Red Flags) only minutes are recorded: at Emergency Checkpoints (the ones with the Green Flags) minutes and seconds are recorded. Also let's assume for this comparison that you are entered on Row 1 in our examples.

FTR Clubs normally use clocks for each checkpoint. They are preset according to the distance / time to each checkpoint. For a perfect score at each checkpoint: riders on Row 1 (Riders 101, 201, 301, 401) are due at every Secret Check when the clock displays 9:01:00 - 9:01:59. They are due at every Emergency Check when the clock displays 9:01:30.

Therefore your score card might have the following numbers as Examples:

1. Secret Check 9:06 = 5 Points Lost
2. Emergency Check :04:32 = 3 Points Lost or 182 Emergency Points Lost

NOTE: Most clubs delete the hour on emergency checks in order to speed up the process.

SETRA Clubs normally use an ICO Pro 3 computer which is preset according to the distance / time to each checkpoint. These computers count in minutes and seconds but the minutes roll over at 99, not 59. This feature makes scoring later riders easier especially when the event has over 60 rows.

Row #1 (riders 1A, 1B, 1C, 1D) are due at every Secret Checkpoint when the computer displays 01:00 - 01:59 and are due at every Emergency Checkpoint at 01:30 for a perfect score.

Therefore your scorecard might have the following numbers as Examples:

1. Secret Check 06 or 6 according to clubs choice = 5 Points Lost
2. Emergency Check 04:32 = 3 Points Lost or 182 Emergency Points Lost

OK you Hare Scramblers - Let's go Enduroing.

HARE SCRAMBLES SERIES POINTS

Through Race #5 • (Turkey H/S Reddick • December 4, 1994)

The following scores are from the H/S Score Keeper's records and reflect your name, class, bike, worked run credit and your total points for the first 5 races in the FTR Hare Scrambles Championship Series. It is very important **TO YOU** that this information is all correct as any errors might affect the contingency awards that you are attempting to win, your placement in the series, and the awards you win at the end of the Series. If you have any problems with these scores or any other information that needs to be corrected, **PLEASE** contact Keith Rake, Sr. at 2255 Windsor Dr., Merritt Island, FL 32952 or call him at 407-773-7721 with your corrections that need to be made. **The deadline for getting these changes made is February 15, 1995.** After that date the first five races will be considered final and NO corrections will be made to that information. A "*" after your score indicates that you have received credit for working a race.

Dear FTR,

This past Saturday, I had the pleasure of taking my five year old daughter Brittney, hiking at Lake Woodruff National Wildlife Refuge just outside of Deland.

If you enjoy hiking, or more aptly, walking, or riding your bike, you are welcome to do it here. The vast expanse of Florida wilds is home to numerous species of Florida wildlife.

On this day, which was a Saturday, there were 4 cars in the parking area, and we ran into 5 people on the trail system. About 3 miles in, we ran into a couple who were down from North Carolina. We discussed what we each had seen; eagles, hawks, gators, herons, etc. We also discussed and tried each others binoculars, I learned that the wife was an employee of the National Park Service and we talked about this refuge and what a great place it was for the lack of visitor traffic.

A few hours later, back at the trail head and parking area, these same two people that had been so outgoing and friendly, now became cold and elusive. We were parked only a few empty spaces from each other, and then it struck me. On the rear of my car are decals from FTR, AMA, NETRA and the big CFTR logo with the motorcycle. Had these people seen this? Were they offended by it? Did these stickers in some way make me any less appreciative of this area? Was I an environmental nuisance?

I must admit that I was a bit put out. After all, we were all friendly on the trail. It was then that I realized that I was a multiple trail user, and not locked in to one way of thought. Having grown up in the rural Catskill Mountains of New York State, I had the opportunity to learn to enjoy the outdoors in a variety of ways. Hiking, biking, motorcycling, snowmobiling, hunting and so on. I realize now that those experiences have made me tolerant of all areas.

Now don't get me wrong, I still enjoy all of these. I hike, but I'm not a serious hiker with gobs of fancy accessories. Just a guy with sneakers and a napsack. I like to bike over easy terrain like that at Starkey Wilderness Park in New Port Richey, not on an expensive mountain bike either. I enjoy trail riding at Croom, and competing in the not-so-serious classes of FTR. I like to ride but I'm a lousy racer. The overall thought I put behind these is that I do this for fun. Fun. Enjoyment. Stress reduction. Just to have a good time. I don't understand how people have become so single interest oriented and why they obsess with it.

I like to think of trail use in the same way that I think of people. We are all different, but no one is better.

Now go out, and have a good time in whatever you do!.....Robert Frey

HARE SCRAMBLES SERIES POINTS

Through Race #5 • (Turkey H/S Reddick • December 4, 1994)

These scores are from the H/S Score Keeper's records and reflect your name, class, bike, worked run credit and your total points for the first 5 races in the FTR Hare Scrambles Championship Series. It is very important TO YOU that this information is all correct as any errors might affect the contingency awards that you are attempting to win, your placement in the series, and the awards you win at the end of the Series. If you have any problems with these scores or any other information that needs to be corrected, PLEASE contact Keith Rake, Sr. at 2255 Windsor Dr., Merritt Island, FL 32952 or call him at 407-773-7721 with your corrections that need to be made. The deadline for getting these changes made is February 15, 1995. After that date the first five races will be considered finale and NO corrections will be made to that information. A "*" after your score indicates that you have credit for working a race.

ADVANCEMENT POINTS as of December 5, 1994

There are always questions when it comes to advancement points. How do I get them? What do they mean? These are the most common and the easiest to answer. Every rider that places 1st through 5th place in a class that is designated as a "B" or "C" class earns advancement points at each race. The rule book states except small classes and they only get half the points, I'm still haven't figured out what that means or how it's figured. Your advancement points are kept just like your class points by the H/S Score Keeper. Except that the advancement points are only kept for the 10 most current races. This in some cases will include races in this and last years series. If your total advancement points for any current period adds up to 45 then you will be promoted to the next higher division (B to A or C to B). If 45 points are accrued at or prior to the 5th race then the promotion takes affect immediately. If the promotion is earned after the 5th race then the rider can continue to compete in the lower class until the end of the series, but must move up at the beginning of the new year (series). Anytime a rider has received 45 points, or promotes themself they will be considered promoted to that next higher division and the only way that promotion can be reversed is to petition the H/S Committee to move back into the lower division.

The hobby that I am going to miss...

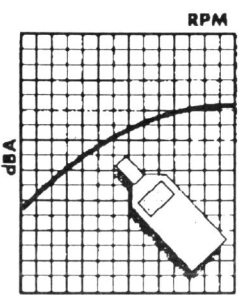

Although the last year went by with success, this year has a total different scenario. With the changes in job and the loss of health insurance it has come to my attention that I would be putting myself into some type of danger (financial & physical). With this in mind I will still compete with some sort of aggression. Also college is demanding much more this year due to upper grad courses. Much more time and money must be spent to accomplish my goal and career. Without support of my parents and with the limit support of the government I must say good-bye to this hobby. With this in mind I would like to thank FTR and the riders for making my last year successful. I will continue to support FTR, the fun and recreation of off road vehicles (ORV). Unfortunately I will not be participating in all of the races this year due to my responsibilities and other obligations (USAR), but I do want everyone to know I have not given the sport up, so don't be surprised to see me on the line with that old KDX dinosaur. Hopefully by next year I will have a new job (after graduation) and a new bike that I can finance without a 29% interest rate. See you at the races and keep the spirit of ORV's alive... WRITE!!!

Random Ramblings

Why is it that no matter where the races are, you always experience the same things on the way to them.

Somewhere you run across a dead animal, I don't care, it's dead. Maybe it was an armadillo, or a turtle, or who knows what?!?! How about that mysterious chunk of rubber the resembles a meteorite or something off The X-Files. Why is it that some nosepicker decides to try to cross the median on the interstate? They always get stuck. You've seen them. Heck, They've seen'em themselves. "Hello...Dunderhead...IT'S A SWAMP!.. THAT'S WHERE THE WATER GOES AFTER IT RAINS YOU MORON!" Geez.

Did you ever get the feeling that we are being over run with convenience stores. How many do you pass? Circle K, 7-Eleven, Pick-Kwick, Cumberland Farms, Handi-Way. Pick 'em out and count 'em. Oh yeah, I forgot those little generic stores that have their own names, like, 'Bob's Action Quickie Mart and Live Bait Emporium'. I don't know about you, but I don't think that I'm gonna try the 99¢ hot dog, thank you.

While we're at it, how about those darn chain restaurants. Did you ever notice that BK and Micky D's aren't in the same locals as a Hardees? What, do small town people like Hardees better? HUUUUUUUUUM?

Ja ever notice those package stores and roadside lounges. Count 'em. 9 in the morning and there are six cars in front. A little early you may be thinkin' but "put a corn flake in it Sammie".

Why does the state always find a place to make road repairs where non are needed and neglect those darn old washout and major road ripples. Go figure.

What the heck am I worrying about all this stuff for. I've got a race to get to. Guess I'll just pull off here at Bob's and fill up. Oh, I better not forget that dog!

Robert Frey
