EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, . . . but without your help it will be impossible. Sharon & Jack Huffman - Editors

March 19, 1995

As most of you know, our family suffered a great loss on Sunday, February 19th at the Southwest Florida Trail Riders Hare Scrambles. We would like to take this opportunity to thank everyone for all that they have done for us. The showing of friendship and concern has been more than anyone could imagine. There have been so many beautiful flowers, plants, cards, phone calls and so many of you were there for us at this very difficult time, words can not express what all of this has meant to us.

Motorcycles and The Florida Trail Riders have been a big part of our family for many years. Racing has always been important to us, but we feel the friends we have made through the years are just as important. Kenneth's love for this sport was more than many would imagine. If he had to go, our only consolation is that he was doing what he loved.

We have sent Thank Yous to those whose addresses we were able to get, but there were many that we have been unable to obtain and we would like to take this opportunity to Thank all of you.

Thank you again for the kindness and concern you have shown as it has helped us tremendously through this very difficult time.

Sincerely,

The Keylon Family

IN MEMORY OF KENNETH KEYLON SR. THE HARE'S TIME

The morning dawns...fog?...rain?...sunny?...cold?...
sometimes in fear of all of the worst.

Any rider will see him, just surveying all,
under which who knows, he feels that what will be,
....will be.

Riding practice....a bog....the wisp that will not let you enter,
it fogs his goggles, and sometimes lets him falter.

He will sit on the edge....waving to all that pass,
and wise to most that seem to crash.

He will smile on the starting line, and tell you of the rough....
....not to worry this is really.... after all.... just a course.

Not very winded....purchased upon his bike at the finish....
arms crossed, knowing that all is just to accomplish.

At the end of the day....all tired and forgotten,
he will be here with family, picking up or just "talkin"

On a day when the sun is in the right spot,
we all will catch a shadow up on a rock.

It may be Mr. Keylon, or another pass gone,
but together they watch over those of us with F.T.R.

**** We will all miss you most deeply.

To Ken Keylon's Family and Friends

I find it hard to put my feelings into words but felt I should write this letter. February 19th was a very sad day for myself and many fellow FTR members. During the H/S at SWFTR we lost a dear friend. Ken and I go back twenty some years, and I am very proud to have known and rode with such a great man. We had a lot of good races and times together. Ken will be missed by all. I offer my condolence to the Keylon family.

Sincerely,

Don Thrasher FTR #12760A

THE PREZ BOX

by Jack Terrell

March 20, 1995

To use the title of the kids' ATV and mini cycle show on the Family Channel, the last four weeks we have been on "Maximum Drive". We have been on the phone and on the FAX machine notifying the off-road motorcycle and ATV community of the United States Forest Service public workshops regarding the proposed changes to the Forest Management Plan for the National Forests in Florida. We contacted dozens of shops and clubs in addition to many of our members. A big "thank you" is in order for the hundreds of FTR members who took time out of their busy schedules to attend these workshops. You made the USFS aware of our numbers and our concerns.

This is only the beginning of a long, hard struggle. Attending the workshops was only a first step. **The next step is to send in written comments to the USFS.** Many of you sent written comments (response forms, letters, postcards, etc.). Letters and petitions were gathered at FTR events. If you have not sent in a written comment, **do it today.** It is not too late! It does not have to be on the official response form. **Address your comments to: USDA Forest Service, National Forests in Florida, Attention: Forest Planning Team, 325 John Knox Roach, Suite F-100, Tallahassee, Florida 32303. Don't put it off. Do it today.** Be sure you start your letter by saying you are sending comments regarding the proposed forest management plan. If you have questions or you need assistance with your letters call me at 813-784-5587.

In the middle of all this, I attended the four day 1st Quarter Conference of the National Off-Highway Vehicle Conservation Council (NOHVCC) in Tucson, Arizona during late February. The conference brought together off-road motorcycle and ATV leaders from all over the country. Also in attendance were managers from the USDA Forest Service, US Department of Interior Bureau of Land Management, Boy Scouts of America, 4-H Clubs of America, state government (California and Arizona) OHV recreation program managers (wouldn't it be refreshing if our slate recognized the public need for such programs?), the AMA, as well as industry and media representatives. The information presented at the workshops, as well as the lessons learned from representatives from other states, will assist us here in Florida with our efforts to maintain and expand our opportunities for motorized recreational activities.

In addition to all this, in our spare time we had the Easy Tree hare scrambles, the Gatorback national outdoor motocross, the GNCC event, the Alligator enduro the Alligator dual sport ride, the Daytona supercross, the Azalea City enduro plus a full week of road race and dirt track events. More than enough for even the most diehard dirt bike enthusiast!

Don't forget the FTR Benefit hare scrambles at Reddick on April 8th & 9th. We need volunteers to help with sign-up, scoring, 8 course marshals. Please volunteer to help.

FIVE REASONS WHY you should buy your next KTM from H & H...

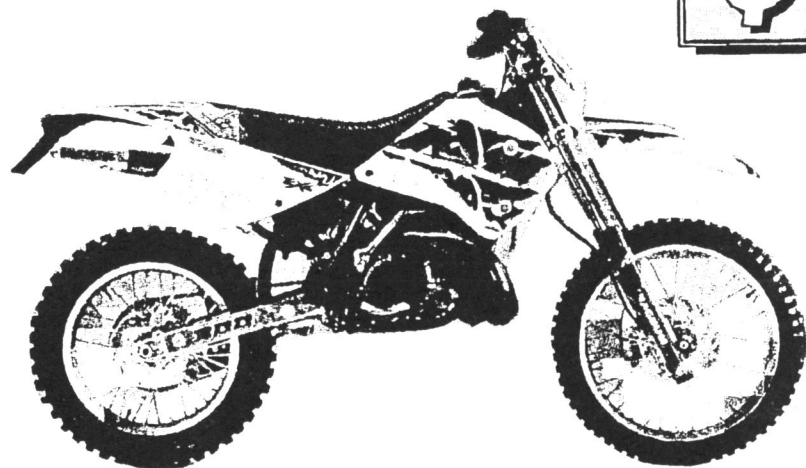

10 For over 10 years H & H has been the largest selling dealer of

KTM's in the country. What does that mean to our customers: that they can trust us to know the bikes inside out, better than anyone.

Dependable Service
At H & H all service and prep work is done by Barry Higgins. Ask around, you

won't find the kind of knowledge and experience Barry has to offer anywhere else.

we're not happy and we'll work together until you are.

Don't be fooled by so-called "bargain" prices; **H & H offers more for your money.** Call us for complete details.

H & H has the most complete inventory in the US. Give us a call and find out for yourself why you should buy your next KTM from H & H.

At H & H, we have a genuine concern for our customers' satisfaction. If you're not happy,

the EASY TREE RACE

by Jon Tomas

The Big Scrub Trail Riders, located in Ocala and the surrounding area, promoted race #8 in the Florida Trail Riders Championship Hare Scrambles Series. The race was held on March 4th and 5th on a new piece of property located a few minutes North of Silver Springs. This location offered FTR members the opportunity to bring their motorhomes, trailers and campers to a race and have the convenience of genuine hookups for electricity, water and sewage. The campground also provided good shower and rest room facilities. I'm sure these conveniences were appreciated by the ladies and children who come to our races and are not accustomed to these kinds of facilities being provided at our events.

The course was laid out on sand roads and trails through a variety of trees. This was a complete reversal from the BSTR's first event that was aptly named the "Hard Rock Race". This race was named the "Easy Tree" H/S because it was supposed to be easy and had trees. They got the tree part right, but there were many riders that would disagree with the easy part. To be truthful with you I don't believe you can put on a easy race. One may be a little more enjoyable than others but an easy race "I don't think so!" Many of the riders and spectators that were scouting around the area for good spectating areas commented that this was the prettiest property the FTR has had an event on in a long time. The club laid out what started out to be an interesting and very technical 9 mile plus course. As the competitions progressed this course was shortened considerably as riders picked better lines due to some whoops that seem to follow our competitions from race to race. In contrast to some of the last races this course was dusty and there was NO MUD. Who woulda thunk that? The dry, woods trail and sandy road course made for some very fast lap times which in turn let the club set the number of laps to be ridden higher than usual.

Due to the fact that this event was scheduled on the weekend that started "Dayton Speed Week" you would imagine that many "Hot Shoe" riders from up north might show up and use this event as a warm up for "Speed Week" races. Many did

and most only got just a good warm up. One of the few that triumphed was Kip Khunle, a nationally ranked quad racer, from Ohio. Kip joined the FTR then went out and followed the leading Quad A riders for the first lap of the race after which he made his move and finished first. In other Saturday races Brent Winland picked up his third consecutive win in the Sportsman Class. With this win Brent will be promoted out of the Sportsman class (Sportsman Class only rule). Jason Noel took first in the Pee wee class that had a total of 14 riders entered.

On Sunday practice started at 8:00AM followed by the 10:00

Specialty Classes. While not to be known till the day was done a trend, with few exceptions, of the winner winning by a large lead was to be set. The most exciting in the morning was between Nick Meyers and Bryan Watts in the Junior class. Nick lead the race till they crossed the hard road 1/4 of a mile from the finish. Then Bryan got by him and won the race with a 12 second lead. In the Womens B race Victoria Heacock picked up her second win of the season.

The start of the C-250 Race

During the noon race Kenny Keylon got the jump at the start. Shortly after that Mike Phillips got by and tooled on to a

4 minute lead to pick up his 5th High Point of the series. Some of the nations greats straggled in after about 7 minutes, but I guess they were just warming up for the GNCC on Tuesday. In the A-Open class Conrad Eigenmann lead for most of the race then hit a tree that wandered into his way and Marty Deitz got by to win his first open race as a "A" rider. The largest class in this race was the B-250 class, won by Sonny Smith.

Probably the best race of the day was the C-250 race where Gary Gillian duked it out for 4 laps with Dave Kuka Jr. Gary won that class and was the "C" High Point.

The Big Scrub Trail Riders should be applauded for their hard work. This race makes the third FTR sanctioned event they have promoted this year. I know they have a bunch of tired and wore out workers that need and deserve a bunch of well earned THANK YOU's - Thank you- THANK YOU!

The 95's Are Here!

ATK

1995 will be remembered as a banner year for ATK. Their new management has unleashed an awesome lineup of aggressive new machines which offer something for everyone in almost every class. The trick 350 and 605 four-strokes will be available as dual sport or race-ready machines in electric or kickstart models. Also featured are the potent two-strokes: an aircooled 250 and 406; and SURPRISE! a new watercooled 250 and 260. ATK has further increased its lineup with a quality 50cc motocrosser for about \$1200.

Upstate Cycle has proudly offered Huskys for over 15 years. Husqvarna's 1995 lineup is once again filled with two and four-stroke machines capable of winning, right out of the box. All feature premium components through-out. Showa, Brembo, Mikuni, Excell, Domino, Regina Acerbis, and

trick Husky factory pieces delight the eye as well as the ride. Returning models are the WXE 360, 250 & 125 two-strokes and the 610 & 350 four-strokes. Call us today to reserve one of these hot new beauties before they're all gone.

American Dirt Bike "Avenger"

Upstate Cycle is now an American Dirt Bike dealer. Motor-cross Action calls the Avenger "the best handling four-stroke on the planet."

Turbo Blue Racing Fuel

Upstate Cycle

Authorized RaceTech Service Center

1426 Laurens Road, Greenville, SC 29607 (803)232-RACE

Rider Support Program

We'll pay your race entry fees! You'll get extended warranties, hot tips & updates, super discounts on parts and accessories and a great purchase price on any new Husky, ATK or Avenger. This is in addition to the Husqvarna Factory Payouts. Call today - ask for Gerald. He'll help you get to victory circle.

SHOWROOM

We carry a full line of accessories, parts and fluids. All the latest T-shirts & more! New bikes, used bikes, (even used gear,) posters, videos... Everything you need in stock now!

Tire sale
Michelin, Dunlop, Pirelli, Bridgestone, Metzler, IRC, Cheng Shin, Kenda

ATK • Avenger • Cagiva • Husqvarna • Ducati

We're The Suspension Specialists

Upstate Cycle is now an authorized RaceTech service center. We regularly tune and maintain Showa, KYB, Ohlin and White Power suspension components. We offer fork rebuilds as inexpensive as \$30 per leg for oil and seal replacement. We also build custom forks; installing Gold valves, shimming and polishing. Shock rebuilds are available which include: draining, cleaning, polishing, filling with top quality oil and nitrogen recharging for only \$40!

NOTES FROM THE HARE CHAIR...Minutes of the Hare Scrambles Committee Meeting held on 2/4/95 at the Treasure Coast Hare Scrambles.

- Officers - Joe Steidl (Chairman), Terry Enyart (Referee), Keith Rake, Sr. (Scorekeeper)
- | | | | |
|---------------------|----------------|-------------------------|---------------|
| Rider Reps: A | Joey Argentine | Club Reps: CFTR | Larry Wallis |
| B | George Pollard | Apollo M/C | Jack Huffman |
| C | Mark Borders | Treasure Coast TR | James Quenzer |
| Senior | | Suncoast TB | Jack Terrell |
| Women | Cheryl Myersr | SWFTR | Karin Gunter |

I called the meeting to order at 6 p.m.

Old Business - Items already presented, to be voted on for next season.

- (rulebook p. 36 a6) It has been proposed that the definition of the Mini bike shall be "17 inch wheel size" (that the 48" wheelbase definition shall be deleted) ...Passed
- (rulebook p. 39#3) It has been proposed that the 10 o'clock starting order be changed so that Master B starts ahead of (instead of behind) Sup. Sr. C. The Committee looked at relative class sizes and elapsed times and decided to— overturned (NOTE: the current printing of the rule book is incorrect. Master B is behind Super Sr. C)

New Business:

- We have 2 riders petitioning the Committee to move back to lower divisions:
 Stuart Blanton has petitioned to move from Sup Sr A to B - Petition denied
 Gardner has petitioned to move from A to B (250) - Petition denied - he may petition after 2 A-250 races.
- RULE CHANGE PROPOSALS - To appear in magazine, be voted on at the 4/22/95 meeting, and to take affect next season.

A. (rulebook p 14-15 A.1) I have a proposal that when at events using MX tracks as part of the course, that the track portions themselves be considered "continuously Double-Arrowed". In other words, riders shall stay on the actual track surface. The Committee endorsed this proposal.

B. (rulebook p. 42 b) I have received a proposal that the Worked Run points given to be amended from the present method. Presently, your counting (70%) events are averaged and that average replaces the lowest score.
 The proposal instead gives 50 points to those working the event itself. The proposal continues the current provisions that:
 One Worked Run per Season, and the person must work at least 2 days (otherwise the Averaging method is used)
 The person completes and entry form, and writes "Worked Run" on it
 This is to be submitted before practice, and must be validated by the Trail Boss.
 The person may NOT race the event
 This last raises a question for me - The proposal mentions giving 50 points to the Assistant Referees, but does not specify that they cannot ride the event.
 The Committee endorsed this proposal

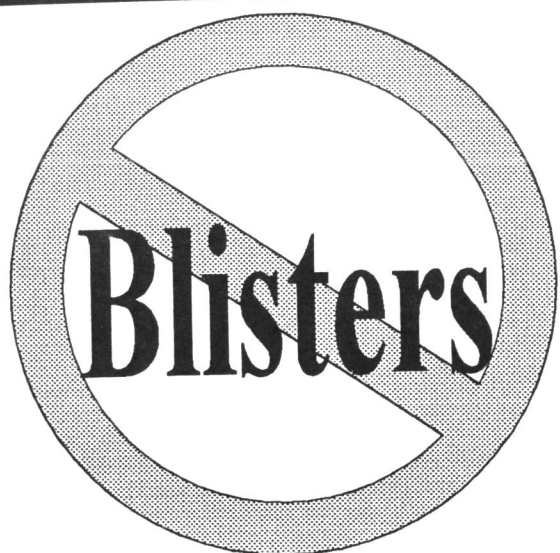

C. (rulebook p. 41 a3) The rule that states that rider may ride in 1 division only per event was looked at. (Note: also see Item D#4, below).
 Proposals are:

 - "Riders may run one Division, except that they may also run Vintage/Super Vintage or Quad"
 - "Riders may run 1 Division PER DAY"
 - or to not change the rule

I asked Jack Huffman and Robert Edmondston to address the Committee as "Advocates" for the one class only/ or not positions. The Committee decided to endorse proposal #2 (see "Chairmans Note", below)

D. Saturday Event Proposals (rulebook p 5 1b4, p 16 c1) The Saturday events have been considered "on trial basis to this point. I told the Committee that the time has come for us to formalize rules for them if they are to be continued. With this in mind, the Committee looked at the following proposals:

- A set of rules for Vintage/Super Vintage has been proposed (SEE ATTACHED). The Committee decided to endorse this proposal as written.
- A proposal has been made to have a SINGLE Sportsman Class, not the current 0-200, 201-Open. I asked the Committee if it would not be better to start small until turnout justifies having 2 classes. The committee denied this proposal. (NOTE: Clubs may consolidate them in cases of low turnout)
- A proposal has been made to move the Mini classes to Saturday. The 60 class was created supposedly as a safety factor (they wouldn't be on the track with the other Specialty Classes). It is asked of this argument would not also hold for the Mini Classes. The Committee endorsed this proposal (See "Chairmans Note" below)

Blistered Hands?

STOP Blisters!
Guaranteed!!

"These things really do work!"
"I'm amazed every time I take off my gloves."

UnderWARE™ Kevlar® Glove Liners

Why UnderWARE Glove Liners?

- ☹ Tired of Band-Aids & Duct Tape & Mole Skin &...and you still get blisters??!!
- 👍 Easy to USE, Quick ON & OFF
- 👍 Thin, Comfortable Kevlar
- 👍 Easy Care, Machine Wash & Dry
- 👍 Long Life, LOW COST
- 👍 Cool when HOT, Warm when Cold
- 👍 Dirt Rider Magazine★★★★Rating
- 👍 Money Back Guarantee!!
- 😊 THEY REALLY WORK!!!

UnderWARE glove liners are available from the following leading-edge dealerships:

AJS Sport Cycles, Deerfield Bch, FL 305-428-6666
Atlantic Cycle Service, West Melbourne, FL 407-725-8151
ATV & SKI South, Miami, FL 305-255-3718
Cycle Marine Specialties, Clearwater, FL 813-461-7371
Cycle Springs Yamaha, Palm Harbor, FL 813-934-4692
Cycles of Palm Beach, West Palm Bch, FL 407-683-1642
Honda of Winterhaven, Winter Haven, FL 813-293-1279
Mike's Cycle Center, Belleview, FL 904-245-3355
Palmetto Kaw/Suz, Hialeah, FL 305-557-1311
Red Line Cycle, Lake Park, FL 407-845-6464
Spaceport Cycles, Titusville, FL 407-269-5941
Streit's H/K/Y, Gainesville, FL 904-376-2637

Out of area riders please call **Off-Road Specialties** direct at 800-638-9472 for a dealer near you.

4. Proposed Number Plate Configurations, for front and both sides.
Quad White plate, black numbers, letter A or B
Vintage White plate, black numbers, letter A or B
Super Vintage ... Yellow plate, black numbers, letter A or B
Sportsman White plate, black numbers, letter T for 0-200, X for 201-Open

- E. Other New Business - The Committee asked me to publish the age classifications for:
Peewee - to age 8
60 Class - to age 12
Mini A & B - to age 14
Junior - to age 16

Chairmans Note: The Committee is in something of a "rock and hard place" situation concerning items "C" and "D4" above. We're trying to balance spreading trophies (and points) among the maximum number of riders with not hurting Saturday attendance. There are other factors as well. The "working compromise" we've reached so far is to allow riders to ride 1 division/day and move Mini's to Saturday. However, I've already gotten member input indicating it would be a hardship to have to race, Saturday. (The same complaint was raised in the past when it was proposed to move Women to Saturday.) The only other option I see is to allow 1 division/day, and ONLY 1 DIVISION FOR YEAR-END POINTS. Anyone with opinions on this subject needs to contact me in writing ASAP.

Meeting adjourned at 7:23

PROPOSED RULES FOR VINTAGE HARE SCRAMBLES, 1994-95 SEASON

One Class: Any motorcycle of any displacement through the 1974 model year, and machines of like design provided they meet the technical requirements.

TECHNICAL REQUIREMENTS:

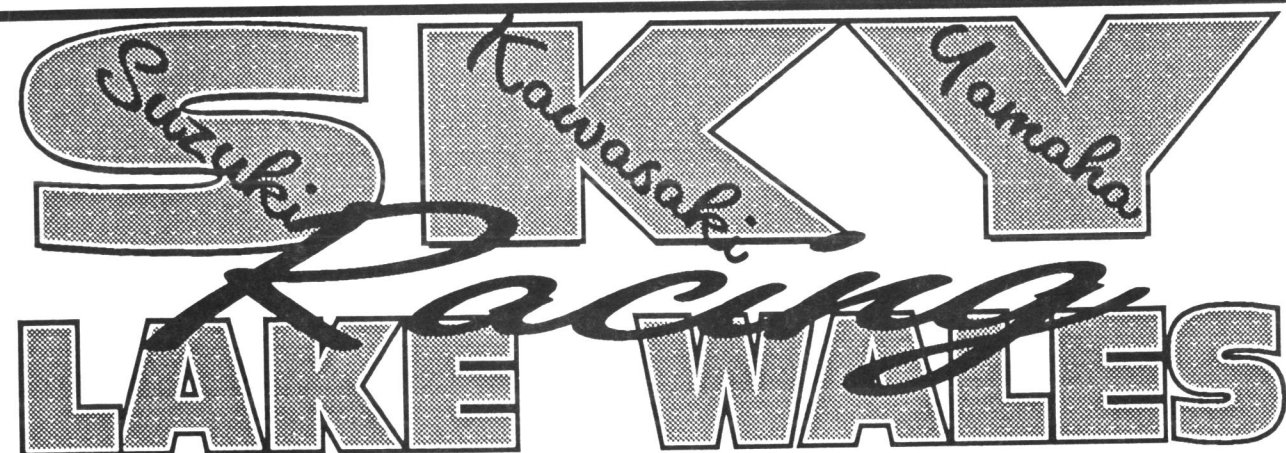

- 1) Motorcycle may have no more than 7 inches of front wheel suspension travel and 4 inches of rear wheel suspension travel, measured at the axle.
- 2) Any shock absorber may be used, providing the technology and design was commercially available in 1974. Legal shocks include, but are not limited to:

ARMSTRONG	KONI	BILSTEIN	MARZOCCHI
BETOR	MULHOLLAND	CURNUTT	REDWING
FOXSHOCKS	S & W	GIRLING	WORKS PERFORMANCE
- 3) Illegal shocks include but are not limited to:
 - a) Any shock with a remote reservoir (i.e. connected with a hose).
 - b) Any post 1974 technology, such as FOX AIR SHOCKS, etc.
 - c) Any shock that provides more than 4 inches of axle travel.
- 4) Single shock motorcycles are prohibited.
- 5) Engine modifications must be consistent with the spirit of the period. Reed valves may be used only if they were OEM or available in aftermarket kit form in 1974 or earlier.
- 6) OEM or other carburetors of the period are strongly encouraged. Flat-slide or "LECTRON" type carburetors are not permitted. Fuel injection is not permitted. Modern smooth bore carburetors are not permitted.
- 7) Footpegs are to be of folding type.
- 8) Disk brakes are prohibited (except ROKON OEM on a ROKON).
- 9) All machines must display three number plates. One mounted on the front and one on each side, mounted in such a way that they will not be blocked by the rider.
- 10) Number plates are to be white with black numbers. Numbers are to be a minimum of 6 inches high and include an upper case letter "V" 3 inches high.
- 11) Raiding numbers must be registered with the FTR Hare Scrambles scorekeeper and are available on a first come first serve basis. These numbers may be retained season after season provided FTR membership is not allowed to lapse.
- 12) It is the rider's responsibility to ensure number legibility. If a rider appeals his/her score and the riding numbers are difficult to read or are not properly displayed, the protest will automatically be disallowed.

In addition to items 1 through 12 above, riders must comply with all appropriate FTR rules and guidelines.

SUPER VINTAGE HARE SCRAMBLES

One Class: Any motorcycle of any displacement provided it is air cooled and has drum brakes front & rear. There is no limit on suspension travel. Number plates are to be yellow with black numbers. No letter designator is required.

The Sec Sez...

Goals. What do we want to accomplish? Here are a list of things I would like to see accomplished in '95. I'll need volunteers to help me carry it out, so please call me, let's make it happen.

A) **Trail Markings**; arrowing 4 loops in Croom and possible some other areas, each loop at 6-8 miles. I'll need clubs to adopt-a-trail! Individual help also needed.

B) **DualSport Guide**; I've finished it, Yeeeeehaaaaawww!

C) **DualSport Ride**; Planning for September, need a D/S volunteer to assist me in making route sheet! Ride to be in central Florida.

D) **Trail Rides**; Set three scheduled trail ride dates, all clubs to include it as a fun day. Let's start with June 25, at Croom, and keep January '96 open. Offerings to bring the recreational trail rider into FTR. Trail ride and Poker Run schedule to be included in back of magazine. Whatayathink?

E) **Trail Rider Committee**; What better way to keep the recreational trail rider in FTR but to have a committee complete with Chairman voting privilege on Exec Board, will help promote the recreational angle of our club. Who wants to help?

F) **Off-Road Riders Guide**; A listing of legal riding areas in the state. Volunteers who frequent Croom, Ocala, Osceola, and Appalachicola Forests need to help with information. Pick one and call me!

G) **Around The Horn**; Here's the communication piece I was talking about. I would like all the clubs to add me to their mailing lists so I may receive a copy of their newsletter or minutes and compile a what's-going-on-within-FTR type column for the magazine. What an easy way to entice new members to join your club by showing them what it is you are doing!

I) **Flyers and Holders**; At Croom and Ocala and other areas. 7 holders mounted throughout the park; at the entrance, the restrooms, the campground, the pavilion. I need a volunteers who frequents Croom, and other areas to make sure there are flyers and restock them if it's needed.

J) **Trials Committee**; A complete competition committee, although in the beginning, no Exec Board voting rights. I would like to see the approval of the committee by the Exec Board, even if we have no trails riders at this time. I would like to offer this opportunity to the Florida Trails Association to associate with us, as a way to include more members within FTR. FTA has 150 members state wide, do you think we could use 'em? Let's remember trials riders have trail bikes and family riders too.

J) **Trials Event**; Since at least 7 of 10 trails events are held at Croom, maybe a club that promotes an event there can co-sanction an event. FTR membership required, FTA club to keep entry fee, head tax for FTR year-end awards. A FTR Trials Series if you will. Could happen. I have the FTA contacts...

K) **Executive Board Shirts**; Orange shirts with the FTR logo. Each E/B member to wear at events so we are quickly and easily recognized by the membership. Long time members may know people but newer ones do not. Lets make the E/B accessible and recognizable to the membership.

By accomplishing these goals, FTR has something to offer trail riders, a reason for them to remain members, and a voice in the off-road community. Not just organized competition.

These are my goals. The success is up to you. I've received positive responses from members who like the ideas, now it's time to walk the walk. I can't do it myself. I need your help. Pick one and call me. That's all it takes. If you've noticed, I'm asking for people to do a little riding, and using the knowledge you already know! Just communicate with me and we can turn your knowledge into a bonus for FTR! I will also promote the individuals and clubs names in the magazine for all of the membership to see who's on the cutting edge of FTR. Good work deserves recognition. Clubs and individuals who want to participate, contact me by April 20.

Call me, and I'll see ya in the woods!

ENDURO COMMITTEE MEETING Saturday • April 29, 1995

Time: 5:00
Place: Olustee Enduro
Sign-up Area

Who needs to be there?

- A representative from each Enduro Promoting Club.
- Rider Representatives
- Committee Members

This is a very important meeting due to the large number of
new rules and rule changes that have been proposed and
are up for a final vote.

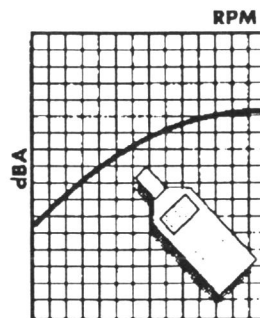

For a quick review of the proposed NEW rules and changes
to the current rule book look on pages 19 and 20 of the
February 1995 FTR Magazine. It is most important to be
there and vote.

Questions call: Dennis Seburn 813-685-0611

RIGHT TO RIDE

A message from the Motorcycle Industry Council

F T R SERIES ENDS SOON

The FTR Championship Series is over the middle of May for Hare Scrambles racers and the first week in June for the Enduro Riders. This means the entire competition season will be completed in eight weeks as you read this.

Some important things you should know and do!

1st - In each division to be eligible for a year end award you must have competed in 50% of the scheduled events. That means you will have to have entered in at least 6 races to be counted in the H/S series. In the enduro series you need to have entered in 4 events to be counted. A worked credit can be counted as one event.

2nd - In each division 70% of the scheduled events will be counted for year end placement. That means you will count your 8 best races for H/S year end awards. If you ride the Enduro series your 6 best enduros will be used. If you meet the qualification to be counted for a year-end award, but don't have the maximum amount of scores then you will be ranked using what scores you have.

3rd - If you believe there is an error in your scores. If you observed errors in the scoring information printed in the magazine or posted at the events such as: You haven't been scored properly? You didn't get credit for a worked event? Etc.. Now is the time to get that resolved with the score keeper. In addition to the above **if your name is misspelled** or you are listed on the **wrong make bike** the score keeper needs to know that. You also need to contact the magazine at 407-264-0559 with the name and bike information too, if it needs to be corrected.

#3 is very important to you because you have to do this! Each plaque that is awarded at the banquet will have the winners name on it. If we have your name listed wrong then it will be wrong on the plaque. It is equally important that the brand of bike is listed correctly. You will have a hard time convincing a manufactures representative you are riding their brand of bike when your listed on another when it comes time to give out manufacturers awards at the banquet.

If you fall into the above category, then get busy now and get with the score keeper and the magazine to get the changes that are needed corrected. LATER might not get the job done and this is important to you!

DAYTONA SPEED WEEK

We would like to take this opportunity to apologize for not printing anything leading up to Daytona Speed Week and the motorcycle activities that take place during the first full week in March. Traditionally the FTR magazine has informed the membership of dirt bike happenings, interesting other doings and most importantly warnings and hints on where to and not to go and what not to do. For the most part if you have been to a speed week you pretty much know where to go and what to do. The new members are the ones that we are apologizing to because if you didn't get to go you missed the Mecca of Motorcycling. The best racers in the U.S. come to Daytona each March to compete in just about every form of motorcycle racing and competition there is. Many of these rider come from all over the world. That brings me to what this article is about. FTR members and clubs participating in Daytona Speed week events.

Probably the FTR member that competed at the highest level of competition during the week long competitions was **Thomas Stevens**. Thomas, a former AMA National Superbike Champion, finished 3rd in the famous Daytona 200 Road Race. He is a factory rider for Suzuki/Yoshimura, but when free time allows he competes with A-250 riders in the FTR Hare Scrambles series on a Suzuki RM-250 #111.

Over 500 FTR members were at the Daytona Supercross to watch this annual battle of the nations greatest MXers. More FTR members attempted to qualify for the 250 main event this year than ever before my guess there were 10 FTR members making the attempt. To the best my knowledge the only FTR member in the 250 final was Brain Swink, winner of two FTR Hare Scrambles this current series, who finished 14th in that race. At the Alligator Enduro Steven Smith finished 7th overall and the following won their classes: Lloyd Widener Master A, Frank Way B-250, B-200 Steve New, B-125 Robert Ledford, Super Senior B, Joe Haley Golden Masters, Vicki Wilcox Women, David Paterson C-125 and Barry Cole Supper Senior C. Grand National Cross Country class winners were Kevin Lorden A-Open, Emmett Cox Super Senior A and Ralph Martin C-125/200. Congratulations to these and all the other trophy winners in the week long competitions.

Our hats off to the Daytona Dirt Riders, a very busy FTR club. DDR promoted the annual Dual Sport Ride, with 250 entries, on Wednesday and turned right around on Thursday and did the 45th Annual Alligator Enduro with 500 entries...Great job DDR!

Heat STROKE-Heat EXHAUSTION

by Stuart Bradow

DO YOU KNOW THE DIFFERENCE?

Important information for you, to make your spring and summer safer and more enjoyable

Both of these disorders have the same basic cause, the inability of the body to cope with excess heat. Prolonged exposure to high temperatures, especially during exercise, can lead to excessive fluid loss and **heat exhaustion** (hypovolemic shock) or to a failure of the internal heat loss mechanism, a very dangerous condition known as **heat stroke** (hyperpyrexia). Although the two conditions have similar causes, it is incorrect to assume that the less serious condition (heat exhaustion) will precede heat stroke. It is also incorrect to assume that heat exhaustion is not also dangerous. The disorders are quite different, each with its own symptoms and treatments.

HEAT EXHAUSTION generally gives the victim some warning as the body's fluid loss becomes excessive. The body's main heat loss mechanism (sweating) is going full speed to rid the body of heat. If the early symptoms of fatigue, weakness, nausea, anxiety and excessive sweating are allowed to continue without treatment, the volume of blood in the body drops below a critical point and a form of circulatory collapse occurs. If this happens, the victim's pulse becomes slow and weak, the blood pressure drops and the skin becomes pale, cool and clammy (moist). The condition can be accompanied by mental disorientation and unconsciousness. During heat exhaustion, the body's temperature is usually below normal. The condition is generally treatable and of short duration unless the circulatory failure is prolonged.

Treatment for heat exhaustion usually consists of placing the victim flat on the ground (or with the head slightly lowered). The blood volume is then slowly brought back to normal by having the victim drink cool, slightly salty liquids (most exercise drinks contain adequate salt for this use). Intravenous administration of fluids is rarely necessary. The purpose of the treatment is to restore the normal blood volume while providing the brain with an adequate blood supply.

HEAT STROKE is far more serious and can occur suddenly. It is sometimes, but not always, preceded by headache, dizziness and fatigue. Sweating usually decreases or ceases entirely, and the skin is hot, red and usually dry. The pulse rate increases rapidly, and may reach 180 beats per minute. The breathing rate usually increases, but blood pressure generally is not affected. **The internal temperature** of the body climbs rapidly to 104 to 106 degrees, and the victim will feel as if they are burning up. The body has lost its ability to give off heat in the normal manner. Mental disorientation may precede convulsions or unconsciousness. Permanent brain damage or death can be expected unless prompt and extreme measures are taken to treat the condition.

Treatment for heat stroke should begin immediately. The victim should be immersed in water or wrapped in wet cloth. If ice is available, it can be packed around the body (neck, armpits, etcetera) to bring down the victim's temperature. During these cooling efforts, the victim's temperature should be taken every 10 minutes to assure that their body temperature does not fall below 101 degrees. This will avoid converting heat stroke to the opposite disorder, hypothermia. Arrangements for professional medical care and hospitalization should be made as soon as possible.

PREVENTION is the best treatment for both of these disorders. Offroad motorcycle racing in a hot climate while wearing layers of protective clothing is an invitation to heat disorder. The most important factor to consider is replacing the fluids lost to sweating. The exercise drinks currently on the market are not gimmicks, they really do replace bodily fluids and electrolytes. All racers should plan to consume as much of these fluids as possible throughout any prolonged event. In addition, anything that can be done to keep the body cooler, such as by driving through water holes or wetting down one's jersey, should be considered on hot days.

Finally, realize that heat disorders can strike quickly and sometimes without warning. Even the best precautions can fail for no apparent reason. All racers must rely on themselves to know the symptoms and recognize when they are getting into trouble. This is made more difficult by the nature of heat disorders, which can cloud the mind. If any of the symptoms outlined above are noticed, it is time to take action to head off a potentially life threatening situation.

This summary of heat disorders is based on The Merck Manual of Diagnosis and Therapy 1987. It provides only a general guide to these ailments. All riders are encouraged to learn more about this subject and to discuss it with their doctors to determine if they have a medical condition which predisposes them to heat disorders.

The RMX250. Great at racing t h r o u g h

swamp mud,

sugar sand,

gator country,

and finish lines.

Nobody knows the oozing, snake-infested conditions of Florida better than your Florida Suzuki/FTR dealer. And no bike knows winning better than the RMX250, which has raged to countless national championships, and is current points leader in the 1994 AMA National Hare Scrambles and National Enduro Series.

SUZUKI®

Besides helping you to slime-spattered victory, your Suzuki/FTR dealer may just help you get filthy rich. The 1995 Suzuki RMX contingency program will post over \$50,000 toward the Florida Trail Rider's

10 event Enduro Series and 9 event Hare Scrambles Series, and your dealer has all the info. Come in soon.

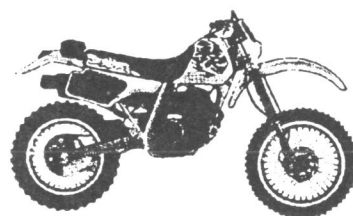

We'll make sure you don't fall prey to mud-covered palmetto roots, alligators, or the competition.

At Suzuki, we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Along with concerned conservationists everywhere, Suzuki urges you to "Tread Lightly" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride. Professional rider pictured.

OKLAHOMA ENDURO

Azalea City M/C Club

by Dewayne Brantley

After four month layoff the enduro series got back on track March 12 with the Oklawaha enduro....Azalea City had great weather while laying out the course, when all was said and done we had 79 ground miles of high and dry trail.

On the morning of the event we had 143 F.T.R. members and 30 others from out of state ready to ride.... A lot of them were a little to eager to complete the course, because they came into the first check HOT!!! After the first check everyone had a chance to settle down and enjoy the rideAs the day came to an end the scores were added and posted. The last two checks had to be thrown out due the clocks being set wrong....SORRY EVERYONE.

Team Green rider Ty Davis and KTM mounted Joey Hopkins both dropped 16 points, but after the tie breaker was checked the High Point went to Ty Davis. This was his second High Point at the Oklawaha enduro. Last year winner Kevin Hines finished third overall with an 19, if Kevin hadn't showed up at the first check 2 minutes early he could have taken home the high point trophy for the second year in a row Allen Scott took the top spot in the A-Open class, Michael Grizzle had a great ride in the A-250 class, he was able to edge out Russell Epley for the first place trophy.....There were two close races on this day. The first one took place in the A-200 Class where Shawn Mason and Brian Martin went toe to toe with each other, but in the end Shawn was the winner by only one point. The B-250 was also settled by 1 point, Doug Masencup dropped 49 points and James Boyt was close with a 50.....GREAT RIDE GUYS....Steve New was the winner in the B-200 class. The Vet C class was the largest class of the day with 23 entries. Tom Russell was the class winner with David Norman in second....Wayne Meradeth took top spot on the Super Senior C class....Steve Geary had no problem winning the C-250 class...Nick Meyer also turned in a great ride, he easily won the C-125 Class.

Azalea City would like to thank everyone for coming out and supporting our event....SO THANKS EVERYONE....WE HOPE TO SEE YOU NEXT YEAR...

P. S. Thanks Mrs. Bush for zapping our potatoes.

Ride the Real Old West!

THE ULTIMATE
DUALSPORT TOUR
FLY IN RIDE OUT!

Our Third Season - Requests are Pouring In!

Nevada is a dual sports paradise! Vast, rugged and remote with great riding and weather. Visit ghost towns, abandoned mines and ranches. Ride beautiful valleys, scenic canyons and spectacular mountain peaks. Through years of research and travel, we have learned the best routes to explore on back Nevada and many hard to find or little known places.

Unlike most tours, you wouldn't do this on your own! We provide much more than gear, transport and reservations. We plan for all contingencies, guide and support you for maximum fun and safety. If you would like to ride where few dare, experience beauty solitude and adventure few share. Ride Nevada with us.

B-250	Rusty Easter	3	0	3
Senior B	Scott Hendrickson	2	0	2
Master B	Charlie Letourneau	1	5	6

Nick Meyer Promoted from C to B

* For this enduro only. Does not indicate riders total FTR Advancement Points.

How are Enduro advancement points earned ?

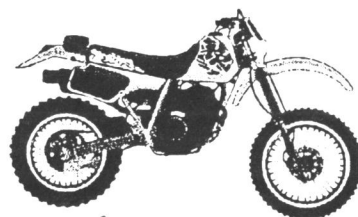

At each enduro with 200 or less "B & C" riders the top 20 riders entered with a "B or C" classification will receive advancement points. Starting with the top rider getting 20 points, the next 19 down to the 20th rider receiving 1 point. In addition a rider receives a bonus of 5 points if they are the displacement class winner of the combined "B & C" displacement class i.e.: 125, 200, 250, or Open. The speciality classes (Vet, SR, SSR, Master) receive 5 bonus points if they win their class. There are no bonus points awarded if the rider wins their class and doesn't receive Advancement Points. At an enduro where there are more than 200 "B and C" riders the advancement points are doubled, but not the Bonus Points. This means that the top 40 riders entered with a "B or C" classification will receive points. In this case the top 2 riders receive 20 points the next 2 riders receive 19 descending down till the last 2 riders receive 1 point. Bonus Points are awarded in the same way as described above to displacement and speciality class winners.

How many points do I need to be ADVANCED ?

Advancement from: "C" to "B" takes 15 points
Advancement from C to B takes place at the next event any time of the during the series.

Advancement from: "B" to "A" takes 100 points
Advancement from B to A takes place at the next event if you are advanced during the first half of the season. After half of the season the rider is allowed to continue in the "B" class for the rest of the series and advances to the "A" division immediately after the series is over.

While some of this information may also apply to H/S the above is intended for enduro riders information.

THANKS FOR YOUR SUPPORT

THANKS from ROBERT

I would like to say "Thank You" to all the F.T.R. members that called or sent a get well card after my accident at the Punta Gorda H.S. Seeing or hearing from everybody really helps get you thru the rough times, because it shows people care about someone's well being. A very special THANKS goes to FTR members Mike Scott, for taking great care of me while the Punta Gorda EMT's were on the way. Willy Hooper and Alan Draheim also get a Thanks for just being with me while I was just laying around waiting for things to get better. The doc says it takes time (6-8 weeks) to heal the broken bones, so I am just going to take it easy for a while and let the old bones mend correctly.

Robert Possehl

Purdy When It's Dirty.

The new Polaris Scrambler 4 x 4 knows grown-ups like to play in the dirt, too.

- Sports a liquid-cooled 400 engine fed from a 34mm carburetor.
- Push-button engage 4-wheel drive.
- Aluminum alloy wheels, bumpers and floorboards.
- Chromoly rear axle and Fox® shock.

POLARIS Believe it.

? = Despite many requests for team information from BSTR for their August '94 Enduro nothing has been received from the club at this time.

Florida Trail Riders Scholarship

The Florida Trail Riders will present a minimum \$500.00 scholarship to a FTR member or relative of a member at the FTR Awards Banquet this summer. To be eligible for this award you will need to write to the Florida Trail Riders at P. O. Box 5141, Titusville, Florida 32783-5141 and request an application for the FTR Scholarship. Requests must be made before May 15, 1995 and the completed application returned to the address listed on the application prior to June 15, 1995. At that time all completed applications will be forwarded to the five members on the selection committee. This committee makes its selection based on merit and need rather than popularity. This is done using a process that makes it impossible for the committee members to actually know who they have chosen until the scholarship is presented at the awards banquet.

Through the generous donations of FTR supporting clubs and a scholarship raffle at the year end banquet the total Scholarship Fund for last year was \$3,500.00.

Suncoast Trail Blazers has already donated \$500.00 for this years scholarship. I have been told by Dick Webber, Apollo Motorcycle clubs president, that Apollo has voted to donate \$500.00 to the fund in the memory of Kenneth Keylon Sr. It is hoped that we can encourage other clubs and the membership to consider making donations to help supply the winner(s) with more than just book money.

If you have questions concerning applying for the scholarship or donating to the fund please call the FTR at 407-265-0559.

BRRRR & THE TREASURE COAST

BY: Dianna Rawls

The weather report had not been very good for the whole week, but it was a race on new land, and tooooo long between races. Besides it was the "First" time my husband had been allowed back on his bike (for not lack of trying) since his "repair". Most FTR members know what repair means, and how most wives speak of it.

Camper loaded, Daughter in tow, (we left the yap dog at home), I was informed that our friend Kathy Frank need to stop for a Camping heater for the night. NO PROBLEM.... Walmart was on the way. 2 hrs later.... stopping at every k-mart and Camp-R-Ama within a distance....finally netting a "master blaster Coleman". I feared it would melt the inside of her tent. I was wrong.(make a note) It had soooo many safety features, that you would have to fall asleep with it under you, and REALLY actually moving it 2" per sq. ft. of temperature, to actually cause a fire. Trust me this wasn't going to happen with Kathy

Five hours later we saw the first FTR arrow. I figured with the 30MPH. winds, this club must have used about 10 staples per Arrow, BUT they were there, and easy to follow. Following the road in, the "dirty sky" we saw coming in had to belong to another place? BUT after passing through sod fields, it was greats!! Open camping (use your head rules) and a very informative gate person. He made a point of telling me the garbage bag was free,had the club read past articles????

The PeeWee race was really great. A separate coarse for the little guys & gals, and they were kickin butt. It also gave the future FTRs someplace to ride Sunday, and burn off some of that "stuff we wish we (adults) still had at our age. Pit "Ridning/Racing" was going on, but I did see someone personally snatch a mini rider off to one side, and continue to tell him that "racing" is a responsible event....and "pit racing" is NOT!!! **Riding slow and paying attention is ok.** Many thanks to that FTR member or parent.

Even thought the poker run was tempting, the cold was worse, at least for me and Lauren, so we sat this one out. BUT it appeared to be a good turn out. A pot of pasta, and many good friends to eat it NO melts downs in tents over night, and a grove kettle to socialize around, furnished by Ron John & his Dad James, along with "warm spirits".

AM: GOOD TURN OUT! Practice, and alot of muddy riders???? Where . . .??? It didn't rain that I knew of, AND I don' sleep through any kind of storm..ask my husband....child,....and anyone else who might be

LAND USE ISSUES.....BY KEITH ALLEN

Family Riders Swamp Fox Enduro Cancellation, Doing The Right Thing.

I enthusiastically support the decision by the Family Riders' to cancel the Swamp Fox Enduro outside Charleston South Carolina on January 15th even though I had driven close to 6 hours to participate in the event. The course was inundated with water from the unusually heavy rains that pounded the area and had the enduro been held, I believe significant environmental damage would have occurred. By canceling the event, the club showed the park rangers that they were responsible motorcyclists and environmentally sensitive. It was a brave and courageous decision given that hundreds of riders from all over the east coast drove incredible distances to attend the event. Rider complaints (at the cancellation) were practically non-existent indicating further that OHVers are aware of the environmental and political repercussions of irresponsible behavior. Way to go!

New FTR Secretary Robert Frey Takes On A Hefty Load

Robert Frey, FTR's new Secretary is the new Dual Sport Czar taking off where Mike Broad and Graeme Davies left off. He'll be producing a Dual Sport Guide and look forward to a Dual Sport event some time this year. Robert will also be working on an FTR "Where To Ride" map.

Free Blue Ribbon Coalition Magazine To All FTR Members

By the time this goes to print all FTR members should have received their free copy of the Blue Ribbon Coalition (BRC) Magazine. FTR paid for the postage and BRC paid for the magazine. The purpose of the free publication is to expose FTR members to events that are going on all over the nation with regard to motorized recreation, wise use, and the upholding of personal freedoms. I consider BRC to be a leader in the fight against environmental extremists, unresponsive and irresponsible governments and voodoo science. BRC has supported FTR's efforts to gain fair and equal representation on the Florida Recreational Trails Council. Please support BRC! Become a member today and you'll receive more great issues!

Forest Plan Revision Underway

FTR members and OHVers from all over Florida have attended the USDA Forest Service's Forest Plan Revision workshops. Our presence has been felt by the Forest Service and I received many positive reports about the quantity and quality of FTR members who took time out of their busy schedules to attend these workshops. To all of you who attended: Thank You! Keep the letters and comments to the Forest Service coming. The written comments deadline is ~~March 8~~. This date has been extended do it now!

National Recreational Trails Act Supported By Republicans But Contract With America May Prevent Funding.

Republicans have generally supported the National Recreational Trails Act. In the past House democrats have killed the appropriations destined for the fund. With the republicans in control of both houses we now have more support for the Trails Act than we've had in years but that doesn't mean funding for the Trails Act will be easy; on the contrary. The Republican's *Contract With America* and specifically the balanced budget amendment will place Trail Act supporters in a difficult position. Support the Trails Act and possibly be perceived as supporting a non-essential item or support the balanced budget by cutting every non-essential item-and be perceived as abandoning trail proponents. The story gets better though. President Clinton has recommended full funding of the program for fiscal 1996. Our position and line on this issue is clear: We must lobby our elected officials to support this legislation no matter whose budget is being considered. This can in no way be considered "pork barreling" because we are already paying for it every time you buy a gallon of gas for your OHV.

camping close to us. This was a definite "course of variety". Treasure Coast Trail Club also did not yell...threaten ...or order, any spectators away from any part of this race layout, and I passed many, camera in hand. Instead they hoped we would have enough intelligence to understand stupid acts, and informed some that they are "defiantly" standing in the coarse ...(see the bright orange arrows?) Hope there was a tree around! Kenny Keylon was eyeing the "pond". as riders took the lines best for them...some stuck....some took the flying ...off...the bike...head dive ...into what ever will cushion the crash zone line. Very good for most. The "Keyons" only comment...." This looks like fun."

At 12:00 the Club had decided that spot was gitting tooooo much water. So the pushed up a dike along the pond front,.... the mud dried up "REALLY QUICK". I do think Phillips and Keylon were just "tad" disappointed, as were some of the many spectators gathered around this point of interest. BUT ...Hey, no one got hurt and they had alot of fun? I moved on.

By the time 2:00 rolled around, there were still many riders to concure the coarse. In the gas pit area, I witessed only one rider that for some reason believed "everyone" in that area was in his way, his language was ...well...very colorful? I do believe there was one "word" that my daughter had not been subjected to yet. And TRUST me.... she has heard alot. She asked me how to spell it. NOT COOL. Sorry no numbers it was pretty muddy. We can only hope he has no children.

END OF THE DAY: Riders tired, but no negative comments. It was well worth the travel. I saw many "policing the area" they were in...as well as picking up after local spectators. No dog bites....no EMT runs....and a lot of Happy campers. Who could ask for more? The Club & Land Givers deserves a big round of "FTR Atta Club". (Look it up.)

RAWLS RATING ***** (5) Bikes.

FIRST CLASS

Buy a first class dirt bike...buy Maico the German based company uses only the best components from around the world on its handcrafted line of motorcycles. Fact is, because Maico is in tune with what's going on in the racing world, they listen to the riders and their dealers. Upsidedown forks are on their way out, conventional forks are in. In response to this, the 1994 Maico's will offer the new Marzocchi Magnum 45 Works Forks as an option for the same price, its your choice.

1995 Maico MX and ENDURO Models
Available from 250cc's to 620cc's
The heaviest model weights in at less than 230 pounds

Because Maico's are hand built apx. 700 will be built for 1995. Quantities are limited so order now and get the first class bike you really want, made by the people that only settle for the best.

Need a Part For That Bike?

East West has a huge selection of salvage bikes and parts...Let us help you with your Street, Dirt and Vintage bike needs
