NEVADA MOTORCYCLE ADVENTURES, INC

As I reflect back on the trip, I feel that this was one of the most enjoyable vacations I've ever had. It was a hassle free trip. I rode for six full days-a total of 808 miles with 90% being on dirt in some of the most beautiful country possible. I lost count how many mountain ranges we rode over and valleys we crossed. I didn't have to worry about getting lost, running out of gas, whether or not we would find our planned destination. Plus at the end of a long day on the trail, while we were drinking a cold beer or taking a hot shower, maintenance was being done on the bikes, including filling the gas tanks. All I had to do was ride and have fun! The trails were fun and interesting. I didn't feel anything was difficult, although there were many challenging sections. The cost of the trip included motels and all food so there were no surprise expenses. All this was done in seven days! I left Orlando airport on a Saturday and returned the following Saturday and had a full six days riding, WOW! INCREDIBLE! I'M READY TO GO BACK!

EDITOR'S NOTE

This monthly magazine is published and distributed to the FTR membership to officially inform them of FTR events and business. It is also a medium for expressing personal views, venting frustrations, sharing good times, reporting the efforts of a individual or group or just a good story. The amount of articles received from you, the membership of the FTR, will directly effect the content of each months magazine. Your contributions are needed to directly reflect the interests and opinions of our organization. Your articles can be in any form that you feel like sending us. Pictures are also needed! They should be black and white although some color photos with high contrast can be used. As the editors of the magazine we will do our best to publish a timely, up to date, quality magazine for you, ... but without your help it will be impossible. Sharon & Jack Huffman - Editors

FTR News

FTR Banquet July 27, 1997... On November 21, 1996 a contract for the 1996/97 FTR Awards Banquet to be held at the Hyatt Orlando (same location as last years banquet) on Saturday, July 27, 1997 was signed and returned to the Hyatt. The decision to go forward with this contract was made by a vote of the Executive Committee at a Meeting held Saturday, September 28, 1996.

WHERE'S MY FTR MAGAZINE... We have recieved many calls that members aren't getting their magazine or are getting them to late to use the flyers in the magazine. We have registered your complaints with our Postmaster and the US Mail is investigating the problem. You can help by talking to your Postmaster about this problem and making sure we have your 9 digit zip code (It's on your junk mail).

FTR Motocross... The first ever FTR Motocross Series is under way. Two races have been run with the third race coming up the last of December. The turn out for both of these races has been fair despite many false and persistent stories that the series is off. There is one correction to the rules handed out at the beginning of the series. Due to a typo that wasn't caught, the first rules stated that a rider had to ride 70% of the races to be eligible for the series. This is not correct! **A rider will be considered for year end awards if they rider 50% of the scheduled MX races....**

Remember, MX, like Saturday races in H/S, has been accepted this year on a TRIAL BASES. If you want it around next year you'll need to support FTR MX this year.

SAFETY RADIO's & LIES In early 1995 a proposal was made and approved that the FTR purchase Radio's to be used by promoting clubs at FTR sanctioned events for safety purposes. The purchase of these radios would be made from funds generated by FTR benefit events. A FTR Sanctioned Benefit Hare Scrambles was held at Reddick on April 8th & 9th, 1995. 336 FTR riders raced to support the project. The Radio Fund was credited with \$3,928.81 and so noted in the 1995 FTR Year End Statement. An additional \$852.62 was received for the Radio Fund in April 1996 and was listed on the FTR Financial Activity Statement for the first half of 1996 (Jan-Jun) available at the FTR Meetings at the 1996 Banquet. As this statement reflected only FTR transactions during the first six months of 1996 it did not reflect \$\$\$'s collected in 1995.

There have been many requests by the FTR Executive Committee for written proposals on what type and kind of equipment should be purchased that would get the job done for the FTR concerning this very important project. To the best of my knowledge no written bids, proposals, or suggestions have ever been received.

TO PUT AND END TO THE LIES about the FTR RADIO FUND generated by a few whiners who have nothing to do but to bad mouth the very few workers in the FTR, **PLEASE read the following:**

1. The FTR RADIO FUND is in the FTR General Fund and **NOTHING (\$0.00) HAS BEEN PURCHASED WITH RADIO FUND DOLLARS!!**
2. THE TOTAL \$\$\$'s in the FTR RADIO FUND ACCOUNT is **\$4,781.43** (\$3928.81+\$852.62)

As always this information is available from the Treasurer or the Business Manager. All one would have had to do is write or call to get those figures or answers to other questions.

WHERE IS THE NEW RULE BOOK?... The "FINAL PROOF COPY" of the new RULE BOOK was received by all the members of the 1996 Executive Committee and all current Referee's and Scorekeepers the last week of November. Each of these elected or appointed FTR officials were asked to read, review, and return their copy along with any corrections or comments prior to December 15, 1996. If all of these copies are returned by that date then the target date for a new rule book to be available to the membership should be the TCTR Hare Scrambles January 18, 1996

Won any lately?...Try it on one of these!

Husqvarna

Husky wins big in the 1996 ISDE with the 125cc win, the 500cc win, the top three Light-weight Four-Stroke wins (5 of the top 8 were 410 Huskys), and the Manufacturers Team title with first and second place. In fact, of the 60 Huskys starting – an incredible 51 finished! That's unparalleled performance and reliability against the toughest competition in the world!

This year, all the 97 Huskys come in a new frame color with new plastic and exciting new graphics in both WXE and WXC trim.

The new 125 gets the trick Marzocchi fork, a heavily revised motor including new bore and stroke, connecting rod, revised porting, revised head profile, a new crankcase and cover, a new pipe & silencer and a new front brake caliper.

The 250 and 360 get the new front caliper, a new crankcase, a revised ignition curve and an improved kickstart lever.

The four stroke 410 and 610 get beefed up with reinforced crank and transmission cases, a double-wound ignition coil, new camshaft/rocker arm reinforcement, reinforced steering head, the new front brake caliper, an improved steel kickstart lever and much more. Dirt Bike magazine said of the 610, "the standard of the big four-stroke class," and "nothing else offers the power, – suspension excellence – or handling for either race or play in motocross or in the woods".

Ride the best. Ride the proven Husqvarnas from Upstate Cycle...The shop that lives to race and tunes to win!

Racing Fuel

ATK Made in America

ATK offers eight models for 1997. The outstanding 250LQ Cross Country and 260LQ Enduro (liquid cooled two strokes) get a 35mm Mikuni TMX carb, Type 6 White Power fork, a revalved WP shock, firmer seat foam & stronger footpegs and kickstand bracket.

The four strokes (350cc and 605cc) come in either Cross Country trim as either kick or electric start and in Dual Sport trim with electric start only. All four strokes get a new heat shield for the frame backbone, a repositioned muffler for better clearance,

improved fit and finish of body panels, and a new 3 bolt chain guide with thicker aluminum cover. ATK builds beautiful bikes from proven top-shelf components assembled in track-tested nickel plated frames. ATK's are built to last!

For Kids Only

LEM CR2-S

The exciting LEM CR2-S is a real 49cc motorcycle for the 4 to 6 year-old. Weighing in at only 62 lbs., the CR2-S is a safe but highly capable entry level bike for your

budding supercross champ. The LEM CR3 for the 7 to 8 year-old has big bike features and is only 81 lbs. A proven race winner or a fun trail bike, the CR3 has an adjustable 23" to 26" seat height. Both LEM's have an easy to ride single speed auto transmission, real 10" knobby tires, hydraulic fork and a true mono-shock rear suspension.

The brand new 50cc Tomos TX50 may be the new king of the mini-hill! This 80 lb. mini-might will pull a 125 lb.

7 to 12 year-old around a motocross track or down your favorite trail with ease. With a two-speed automatic transmission and a broad power band this little demon will pull the giant hills with the big boys. A 42" wheelbase, a 26" seat height and 10" mag wheels with dual sport tires round out an excellent package.

approximately \$1000.00

Suspension rebuilds, Husky & ATK engine tuning, an unbelievable array of new and used gear, tee shirts, fluids, tires, race fuel, videos, decals, posters, bars, plastic, blah, blah, blah..... Yeah, we got it!

Azalea City - Step up to the plate and bow your head low and lets see your written apology in the FTR magazine. You owe a big apology to the Sanchez family - if clubs like you can't follow the simple rules, or even score the right classes properly then you shouldn't be able to hold a sanctioned race with FTR. Also, by the way I know of at least 15 of my good friends who are talking of boycotting your next race if this apology is not made public. Just think 15 riders at \$30.00 equals \$450.00... and just imagine if it was 100 riders boycotting the event. No race. No more excuses, follow the rules or get out. Simple.

Now that I have vented my frustrations I would like to thank the Sanchez family for staying with FTR. I know the club I am a member of, Central Florida Trail Riders, or any other respectable club including FTR would be happy to have your helping hand. It is hard enough to find good people who want to dedicate their precious time to the racing community. Keep the faith and keep on riding.

One last thing, and I will be done. I would like to see the FTR Executive Committee pass a rule for clubs and/or people who violate the rules. The book has been written and voted on by the people (FTR members). One such rule that might avoid this happening again would be:

#1: First offense, \$500.00 fine; Second offense, \$500.00 fine and - one year suspension from holding any type of sanctioned event with FTR; Third offense, revocation of all FTR privileges which includes sponsoring any form of racing event.

#2: All other sanctioned clubs should have an active voice on whether or not the club should be allowed to hold a sanctioned race with FTR.

Enough said, we must all remember one thing. If we don't work together and take a helping hand, our sport will not continue to grow and will become stagnate or diminish all together. See ya - on the trails

Funny Dumb Things

Well, I guess you didn't have time to write and tell us about a "Funny Dumb Thing" associated with dirt biking. It's hard to believe that nothing funny and or stupid has happened to any of you or your friends since the last magazine. No, let me go one step farther and say it's probably impossible. I'd like to say that these stories always seem to border on what could be a very serious experience or happening. Maybe that's why we consider them dumb and funny. Everyone associated with motorcycles and motorcycle activities knows the fun, thrills, rushes, pleasures and excitement that our sport can bring them. On the other side of the coin anyone who doesn't understand and know the dangerous and serious side of our sport needs to take a long and hard reality check.

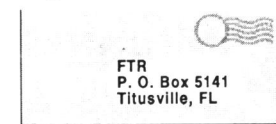

Last weekend a very popular FTR member told me this story. This happened while he was working at the Palm Beach Track and Trail Riders race. He was using a four wheeler with a automatic clutch (no clutch lever) and had taken a friends child (6 or 7 years old) with him. As the story goes they were about a mile or so away from the starting area working on the track. They were looking for possible problem spots on the course. The child is sitting in front of him and he is sitting as far back on the seat as he can and still reach the handlebars. They had stopped and he was just sitting there, hands at his side just relaxing. The quad was running and in 1st gear. The kid asks "what makes this thing go"? The rider points to the thumb lever under the right handlebar and then turns his attention back to the track. With that the little one figures they'll "check it out" and reaches out and quickly pushes the lever as far forward as it will go! I really shouldn't have to tell you any more, but the end result was the rider is laying on his back on the ground, the kid is sitting on his chest and the quad is wheeling down the trail. No injuries, no damage, the runaway quad was captured, the rider learned something about kids, and hopefully the kid, at a very young and tender age, learned a life long lesson that going around pushing other peoples levers and buttons might bring unexpected results.

Again I leave you with this challenge Lets hear your version of a dumb or funny incident that is associated with motorcycling. Remember all we need is what happened! Not who it happen to, not when it happened or where it happened. As in the story above just the FACTS about what happened. There is a very positive lesson for all riders to learn in these stories. Usually, it wouldn't have taken much more than a blink of a eye for any of these stories to become a serious and unpleasant occasion. However we can all get a good chuckle and at the same time learn from these experiences, so lets hear about them.

Keep those cards and letters coming in!

Florida Trail Riders

We would like for the association to go over some complaints we have as a member of Florida

Trail Rider also A.M.A.

1. When a quad riders wins 1st or 2nd you get a plaque with a motorcycle on it instead of a 4 wheeler.
2. There isn't hardly ever any pictures of quad riders in the Florida Trails Rider book but there's all kinds of motorcycles.
3. With the money that we pay to race, we feel there should be a 1st, 2nd, 3rd place trophy instead of just 1st and 2nd.
4. Each member should get a up to date rule book.
5. We feel there should be a booth set up for pictures to buy of the racers.
6. The last race we were at (Ocala) one of our riders, 6 of us all together, one of the riders Tyson Marx chain broke right before the finish line. There was a very large hill he could not push his bike over so he went around it then proceeded through the finish line, they gave him a DNF because he didn't push it over this large hill. We feel that he should get points for it at least last place.

Florida Trail Riders
1996/1997 Motocross State Championship Series

Round One

You should have been there On November 3, 1996, round one of the first ever Florida Trail Riders Motocross State Championship Series was held in Hilliard, Florida. The track is located just a couple miles north of Hilliard, Florida on US1. Track owner Alan Andreu greeted the riders with a very well prepared 3/4 mile race course that consisted of loamy dirt, a couple of small doubles, a neat short whoops section and iota of wide track that offered several lines in an out of the many turns. Mother nature responded with a beautiful cool day, a slight breeze, and very little dust. The riders meeting was held immediately after practice. FTR President, Jack Terrell, welcomed all the riders to the historic event. Track owner Alan Andreu briefly went over the rules and starting procedures for those new to motocross. The microphone was then handed over to Jeff Hines, the track announcer, and the racing began. Jeff provided moto by moto race action to the spectators that was both exciting and enthusiastic. With just short of 90 entries, there was lots of close competitive racing. We were pleased to see many new riders become members of FTR. Several top riders provided some handlebar to handlebar action. Alan Andreu, (Amateur National Champ), Scott Davis, John Lundy, Conrad Eigenmann and Danny Davis provided the spectators with close racing, lots of passing with Scott Davis taking top honors in the 250A thriller. The 250B class seemed easy for Darrell Assaf who took both motos. The 250C class was the largest class of the day, Riahard Cayman had the honors with two moto wins. Cody Neff had back to back wins in the Mini 60, Peewee Mods, Peewee 7-9 staying just ahead of the back and forth battle for second and third between Kevin Edgar and Danny Weyer. T. J. Webber edged out Jake Antonio in Peewee B. In the Beginners classes, the 0-200 motos saw Kevin Dumigan swap moto wins edging out Karl Hoffine for the win. The 201-Open seemed to be a cake walk for newcomer Michael Freed who easily won both motos. Beth Rewis and Antoinette Freed won the Womens A & B classes respectively. John Lundy easily mowed down the competition in the +30 class and winning the +35 class just edging out FTR Hare Scramble Chairman Conrad Eigenmann for the win. Len Edgar took top honors in the +50 class. Scott Davis simply set the pace in the 125A class. Scott's 125 was wide open everywhere. The 125B class saw Mark Hoffman edge out first moto winner Alexas Andreu for the win while Donald Lowe walked away winning both 125C motos. After the racing, trophies were handed out and everyone was on the road home before 4:00pm. A great day of racing and a great opening event to the first ever FTR Motocross event.

Top John Lundy won 2 classes
Bottom Cody Neff and Danny Weyer

**8-TIME NATIONAL CHAMPION
ISDE GOLD MEDALIST
SCOTT SUMMERS**

Hey FTR,

You guys know how competitors are always in search of advantages.

Well, through the years we (Summers Racing) have developed some parts that eliminate problems associated with extreme throttle twisting and or crashing.

For those of you riding XR's and DR's we have some products that offer bolt-on durability and performance.

We also have applied for several patents on some new ideas that we believe will offer advantages to all dirt bike riders regardless of brand or type of riding involved.

For more information on future products read on:

Best Regards!
Scott

ATTENTION:

This is a one time only opportunity. We do not want to waste your valuable time or our money by contributing to "junk" mail. If you would like your name added on our new products mailing list, please fill out the following questionnaire and mail to the address listed. We have developed and tested several additional unique new products that may soon be offered for sale and if you desire we will send you literature describing them in advance of general news releases. You must reply to us to be placed on our mailing list.

Your name/address: _____

 City _____ ST _____ ZIP _____

Brand Bike(s) _____
 Model(s) _____
 Year(s) _____

Riding Types: Enduro ___ Hare Scramble ___ Trail Riding ___ MX ___

SRC
SUMMERS RACING COMPONENTS, INC.
 P.O. Box 206 • Carrollton, Kentucky 41008

The following components were all developed and are currently being used by 8-time National Champion Scott Summers to increase performance and durability.

Fork Brace \$199.95

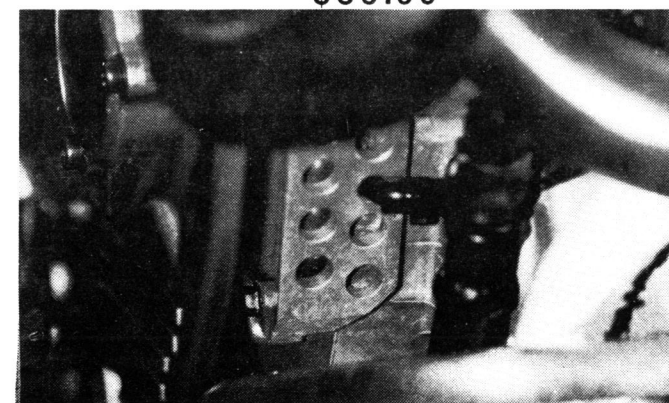

This OFF-ROAD brace reduces fork flex by 50% at 25 lbs. of steering force. It eliminates that vague wandering sensation most evident while riding in ruts and deep sand. The billet aluminum 10oz. brace is sold as a complete kit including fork guards, guides, stainless steel hardware, cushion mount fork wipers and detailed installation instructions. Patent Pending

AVAILABLE FOR THE FOLLOWING:

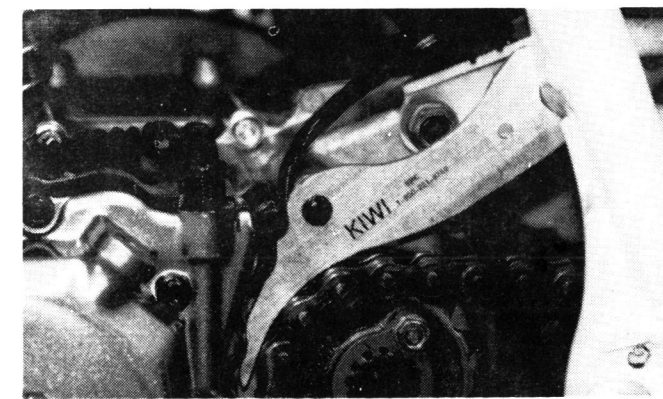

HONDA XR/ XRL-250,350,400,500,600/250L,650L
 HONDA CR (CONVENTIONAL FORKS)-125,250,480,500
 SUZUKI DR-250R,350R/250S,350S

Pulse Generator Grommet Retainer \$38.69

This aluminum part prevents the grommet that surrounds the pulse generator wires from being dislodged from the side cover. If dislodged the hole remaining can create an almost undetectable oil leak. Our part bolts to the outside of the side cover and prevents obvious expensive repairs resulting from loss of engine oil. For XR-600, XR-650L

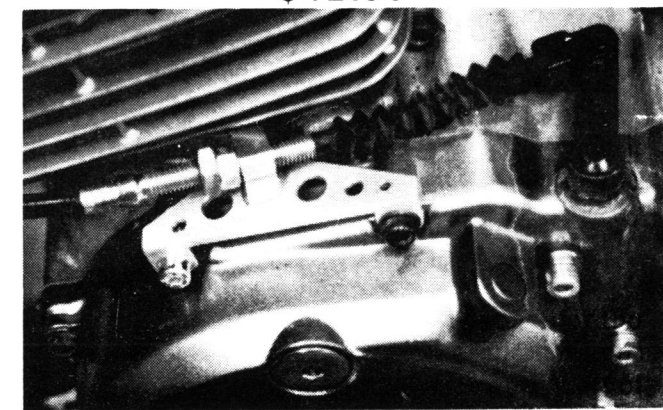

KIWI \$28.45

This part protects the stator wires, side cover and center case in the event of a chain derailment. It is an aluminum part that is named for the bird it resembles. It replaces the OEM protection device. Our part transfers the impact from a derailed chain directly into the frame which prevents all of the aforementioned parts from being damaged.

FOR XR-600

Clutch Cable Retainer \$42.50

This is another durability part that replaces the lower OEM clutch cable retainer which is part of the side cover. Our aluminum retainer is much stronger than the OEM part and prevents clutch actuation problems on the trail. Our part requires that the OEM cast parts be removed(if not already broken). Our part is secured by two case bolts. For XR-500, XR-600

This year 218 different motorcycle races all end at the bank. Because Suzuki's Off-Road Contingency Program is posting **\$775,700** in winnings for 1996. So grab some deposit slips and a Suzuki RMX250 or DR350. They're famous for winning championships. Like the 1994 and 1995 AMA National Reliability Enduro Series and the 1995 AMA Four-Stroke Grand National Cross Country Series. This year you can ride them to fortune. Stop by your local Suzuki dealer for a brochure with all the details and a complete pay-out schedule. Then get ready for a season of whoop-munching, rock-hopping, bark-busting, mud-slinging scrambles to the finish. In other words, just another trip to the bank.

**There's a reason bank tellers
know Suzuki racers
by name.**

SUZUKI

1996 Off-Road Contingency Program

Call 1-800-828-RIDE for the name of your nearest Suzuki motorcycle dealer. At Suzuki we want every ride to be safe and enjoyable. So always wear a helmet, eye protection and protective clothing. Never ride under the influence of alcohol or other drugs. Study your owner's manual and always inspect your Suzuki before riding. Along with concerned conservationists everywhere, Suzuki urges you to "TREAD LIGHTLY" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride. Professional rider photographed under closed course conditions.

#20B

HARD ROCK V

by Chris Reynolds

The fourth event of the 96/97 FTR Hare Scrambles series took place on November 9th and 10th at the Ocala Motorsports Complex. Sponsored by Big Scrub Trail Riders, the Hard Rock Hare Scrambles lived up to its name with a 6.2 mile course that included many rocky uphill and downhill and about a mile long motocross course. The Saturday race bypassed some of the toughest sections of the course, while the Peewees had their own separate course (which was designed by Rick Long).

Mike Phillips started Saturdays action by finishing first in the Super Vintage class, by a huge margin. Also winning on Saturday was Maynard Patterson, Jr. who took first place in the Mini B class and was promoted to Mini A.

Practice on Sunday morning went pretty smooth despite a couple of bottle necks that were changed before the race started. Big Scrubs own Dylan Galbreath handled the riders meeting on Sunday with poise and grace.

The 10 o'clock race on Sunday had many good races. Starting out with the one between Super Senior A winner David Johnson and Senior A winner Les Burnside. David and Les were never more than 10 seconds apart during the whole race. Another "old guy" that was going pretty fast was Flipper Page who went on to win the Senior B, with a minute or two to spare.

At the noon race you had a AA class that included Mike Phillips, Brian McElroy and Joey Argentine. Phillips and McElroy battled until McElroy crashed hard and decided it was time to go home. Phillips won the overall followed by Morarity, Argente, Chambers and Steve Hardeman, from Adel Georgia rounded out the top five. The A-250 class win went to Morarity, while Steve New won the A-200 followed by Jeremy Hauser who has promoted himself from "B" rider to "A" this year. The A-Open class was won by Jason Chambers followed by Steve Hardeman and Chris Reynolds. One of the closest races of the day was between Cliff Evans and Kenny Boyd, in the A-4 Stroke class. Cliff Evans came out on top by 15 seconds. The B-125 class was won by Derrick Janaszky.

Big Scrub Trail Riders owes the smooth running of the Hard Rock hare scrambles to many people. I would like to specially thank these people: Dylan Galbreath, Tommy Neal, Glen Peroni, Robert Possehl, Mike LaCrone and most of all the Terrell's and the Lamb's.

**Les Burnside
1st Senior A**

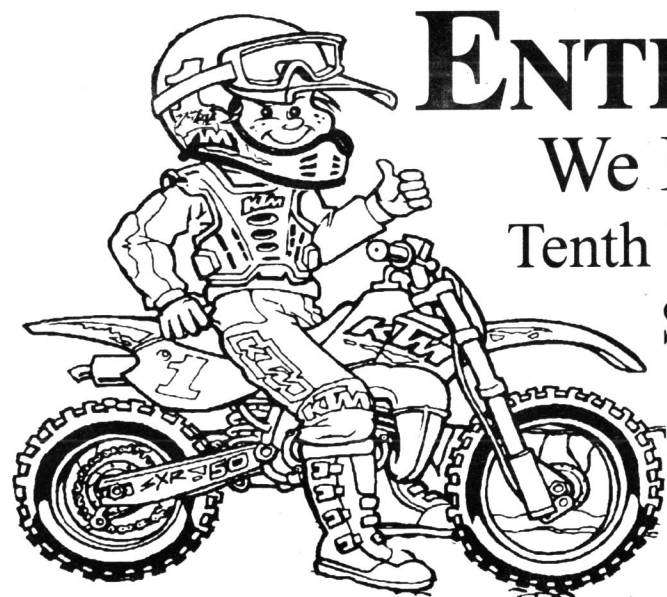

**Beth Rewis
1st Women A**

**Bobby Morarity
1st A-250**

NEW - LAND - FOUND

Sarasota Area Dirt Riders Association would like to invite everybody to there hare scrambles on January 4 and 5, 1997.

The use of this property has been graciously given to us by the land owner. To preserve this use we are asking that you please follow a few rules and guidelines.

1. There will be **NO PIT RIDING** allowed period. Do not use pit bikes, 3 or 4 wheelers anywhere.
2. Do not allow children to roam around. The owner has requested that we stay out of the woods except for racing. There is no hunting on this land, so there are many hogs and cows on the property.
3. Keep all pets tied. Again, do not let dogs loose to roam, there's to many hogs. Hogs will tear a dog in pieces. Do not lose your pet.
4. **NO CAMPFIRE**s - to dry !
5. Please take your trash with you.
6. There will be bike inspection, correct numbers, letters, back grounds. If you're numbers are not readable (duct tape, black tape, crayons, to small to read) you will not race, period. This shouldn't have to be addressed.

We hope we all can act like responsible motorcyclists, if we do I know we can come back. This property is to nice for anybody to miss this race.

Hope to see everyone there.

Thanking you in advance for your cooperation.

S.A.D.R.A.

P.S. There will be burgers and dogs on the grill on Saturday and Sunday.

FTR Member ☐ Yes ☐ No FTR No. _____ (Join at Sign Up) _____

I have voluntarily entered a Florida Trail Riders sanctioned event. An FTR sanction indicates that the event is listed in the association's official calendar. FTR rules for competition will be used. The officials for this event have not been trained or accredited by FTR. **The promoter of this event is an amateur. Each participant is responsible for determining the safety of the course before participating.** This indicates that you or your child's safety will not be warranted by the Florida Trail Riders, the Sarasota Area Dirt Riders Association, Theodore J. Blackburn, Alice Blackburn, Trustee, J. Frank Blackburn, Trustee, James A. Blackburn, Jerry F. Blackburn, and all their employees and assignees. Motorsports are dangerous. You should take part in this event based on your own assessment of your or your child's abilities. Today's route will traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of your or your child's motorcycle and protective apparel. **The promoter does not provide medical insurance coverage.** We urge you not to compete in motor sports with out adequate personal medical insurance coverage. If you have any doubts at this time about you or your child's personal abilities to participate in this event if you or your child have not adequately prepared yourself and your equipment, if you question the safety of the course, or if you believe your personal insurance coverage's are not adequate to compensate you or your child for any injury that might occur, we urge you or your child not to participate in this event, the SADRA Hare Scrambles on January 4 & 5, 1997. The SADRA, the FTR as well as Theodore J. Blackburn, Alice Blackburn, Trustee, J. Frank Blackburn, Trustee, James A. Blackburn, Jerry F. Blackburn, are not experts in laying out an sponsoring a Hare Scrambles. Not all OBSTACLES may be marked, so riders ride at your own risk! The SADRA, FTR, Theodore J. Blackburn, Alice Blackburn, Trustee, J. Frank Blackburn, Trustee, James A. Blackburn, and Jerry F. Blackburn, will not be held liable for any mishaps or injuries. The course is DANGEROUS, so ride carefully.

I have voluntarily entered a Florida Trail Riders sanctioned event. An FTR sanction indicates that the event is listed in the association's official calendar. FTR rules for competition will be used. The officials for this event have not been trained or accredited by FTR. **The promoter of this event is an amateur. Each participant is responsible for determining the safety of the course before participating. This indicates that you or your child's safety will not be warranted by the Florida Trail Riders or the Treasure Coast Trail Riders and the landowners and all their employees and assignees.** Motor sports are dangerous. You should take part in this event based on your own assessment of your or your child's abilities. Today's route will traverse public and private lands, as well as roads. The promoter is not responsible for their conditions or for the actions of other individuals using these premises. You are responsible for the quality and condition of your or your child's motorcycle and protective apparel. The promoter does not provide medical insurance coverage. We urge you not to compete in motor sports with out adequate personal medical insurance coverage. If you have any doubts at this time about you or your child's personal abilities to participate in this event, if you or your child have not adequately prepared yourself and your equipment, if you question the safety of the course, or if you believe your personal insurance coverage's are not adequate to compensate you or your child for any injury that might occur, we urge you or your child not to participate in this event, the Big Lake Hare Scrambles on January 18 & 19, 1997. The **Treasure Coast Trail Riders** and the FTR are not experts in laying out an sponsoring a Hare Scrambles. Not all OBSTACLES may be marked, so riders ride at your own risk! The **Treasure Coast Trail Riders** and FTR will not be held liable for any mishaps or injuries. The course is DANGEROUS, so ride carefully.

Dear FTR,

I would like to take a moment to give my personal condolences to the Fleming family for the loss of their son Jesse.

The Flemings have been FTR members for a long time. Many of you may remember Jesse when he raced his KX60, some may have known him by his lightening speed on his CR125. The Flemings are a well liked family, especially in Sarasota. I know many people whom feel a personal attachment to this family's grief. I have known Tom for over twenty years. Their loss is indeed shared by many.

To Jesse: I wish you all the peace you were looking for! I hope you are riding a motorcycle with an endless supply of perfectly groomed tracks. If that's not heaven, what is?

Just one more thing:

To Jack and Sharon Huffman, Your announcement at the '96 Banquet of scaling back you duties for FTR was not a big surprise. I would like to thank you for all your years of service to the FTR. Your efforts are a significant reason for the success of FTR today! It seems your longtime affiliation with the FTR is a double edge sword.

I have seen Jack physically and verbally abused by discontented members. Drawn into situations that should not have been and I know Jack and Sharon have taken on extra responsibilities simply because no one else would do it. Jack and Sharon, I noticed and I'm grateful!

If you two want to take some of your lives back, do it with my sincere best wishes. To whatever future involvement you maintain with the FTR, we are all the better for it!

Peace to everyone

Scott Sears, FTR #7-33090

Dear FTR Members:

This past weekend, 11/03/96, was the first FTR motocross event of the series which was held at North Florida Raceway. My wife and I were really pleased with the structure and planning of the event. The owners of the track were extremely helpful and friendly. Unfortunately, while in the pits, I overheard a fellow rider say that a few FTR members did not approve of the FTR motocross series. My wife and I are second year FTR members that attended, raced and enjoyed a few hare scramble events last year.

I believe that FTR members stuck together and helped each other for years. Why down a fellow member's ideas or pass judgment on another's fun? I thought we were all in this organization together, to have fun and compete in a sportsman like manner. If you ask me, trashing an organization member and their ideas is not good sportsmanship. One reason we joined FTR was because of the family feeling my wife and I received in the pits while preparing for a race. Another reason was the friendly disposition by fellow riders no matter if they rode Enduro, Hare Scramble, or Motocross. It's all about having fun! Right? Or is it some political "mumbo jumbo" interfering with a rider's fun.

Fellow riders, my wife, and I would like to thank FTR Motocross for this year's events. We would also like to thank Conrad Eigenmann, Tom Brown, and all others, including Ed Swinson, for making motocross a part of the FTR. After all, not only will the motocross event provide more riding time but will also generate more funds for the organization as a whole.

Yours Truly, Michael and Antoinette Freed, #28 & #27

FTR MOTOCROSS 1996-1997 SCHEDULE OF EVENTS

DATE	LOCATION

To the FTR

I have some ideas to put forth that I feel would make FTR Hare Scramble racing a more pleasurable experience for everyone.

I think the newly elected executive committee along with one member of every club should sit down and write a manual of how to promote a hare scramble. It should be an outline of proper course layout, trophy presentations, scoring instructions, number of toilets, etc., etc.

The manual should make an effort to standardize the process of rare promotion. No one wins unless we all go in the same direction.

I would like to suggest a rule that would state how many workers a promoting club should have at their event. When this amount is determined, each club would be expected to have this many workers on file before the start of the days event. This quote could be filled by club members and work run credit racers. The work run quote should be available on a first come first serve basis including pre entry. Note this might even solve the recent dilemma of co-op's between clubs on race dates. There should be only one club hosting an event.

I would like to suggest a 10:00 curfew on noise and generators. Very Important!!!!

Thanks for you consideration, Scott Sears 7-33090

PROPER LINES.....

I have written several times in the past and generally have always tried to say something positive or helpful about the FTR and our members. This time, however, I'd like to address a situation that surfaced at the last hare scrambles event. So, I guess you should grab a cold glass of iced tea cause this is gonna be a long one.

There has been quite a bit of talk concerning the FTR motocross series and other related topics. People have told others that the series was trouble or that it was cancelled. People have been pointing fingers at one another and so forth. I'm confused. You see I volunteered my time to help with the Motocross series. I called all the tracks in Florida and spoke with the owners (or their representatives) to see if they would be interested in participating. Initially most of them were interested and as time went on some tracks decided not to participate for various reasons. The main point is that almost every track owner had at least one interest in common: it provided riders another opportunity to race and helped to strengthen our sport through more participation.

I guess some of our members think that the motocross series is not good for various reasons. Some people think that it is. I'd like to ask everyone to put the ax down for one minute and apply some plain logic to the situation.

First, off road motorcycling is an endangered sport. In case you don't know, various states are closing more lands to off road riders. Pick up any motorcycling magazine and read it for yourself. We should consider ourselves lucky to have places like Croom and the Ocala National Forest to ride in. Some fellow enthusiast in another state is probably writing his state representative right now just to keep his local riding area open. We should be thankful that we have land owners across our state who are willing to let us hold events on their property. If you owned 2000 acres would you be willing to chance a liability suit because some inexperienced rider fell and got hurt? That is not an easy decision. The point is that these people go out of their way to support us. The key word here is "US".

Just who is "US"? Well, according to the AMA, it is a group of people who consider themselves motorcyclist, of ALL KINDS, who support the right to ride through participation and membership (That's a loose interpretation, but one that is close). "ALL KINDS" includes Enduro, Hare Scrambles, Hare and Hound, Cross Country, Street, Quad, Road Race, Trials, Desert, and Motocross enthusiasts. These same enthusiasts also support the Blue Ribbon coalition. Excuse me, but isn't there a common bond here? If not, could you please write and explain it to those of us who feel that **we are all in this together?** It would seem to me that if more people are willing to join FTR, *regardless* of their particular field of motorcycling, that we would welcome them. I guess when Custer got to the Little Big Horn he was feeling pretty confident until he saw all the Indians. I don't suppose he ever thought about reinforcements, do you?

Have you ever gone to a Supercross? Did you have a good time? It's pretty cool to be surrounded by 20000 or so screaming Motocross enthusiasts. Just who is supporting who anyway. Excuse me but it would seem to me that since most factory riders of all types support **each other**, that we would too. I guess they have been at it too long and don't know what they are doing. Do you ever wonder just how much support our sport gets from Professional Motocross or how many young kids get involved because of McGrath, Emig, Fred Andrews, Tim Ferry, Steve Hatch, Ty Davis, Scott Summers, Guy Cooper, and Brian Swink? When Danny Hamel died, riders from all areas of the sport mourned his passing. Doesn't that say *something*?

Instead of people pointing fingers at each other, why don't we take a look at the BIG PICTURE and HELP each other to improve our sport, regardless of preference? Instead of running around contradicting each other, why don't we get together and work out our differences. JUST DO SOMETHING POSITIVE! Instead of saying it should be cancelled say "we have some concerns let's work them out!" Everyone is entitled to an opinion and if you don't agree with mine, no problem. I can respect that. It doesn't mean I don't want to race with you any more. We are a large organization, opinions will vary naturally. That *shouldn't be* a deterrent to improving our organization. I'm still going to help you pull your bike out of the mud, no big deal.

Someone told me at the last hare Scrambles event that I had been "hanging around the wrong people for too long." That's funny. All this time I thought I was hanging around the right people. People who cared about our sport enough to organize, coordinate, and help others (*as well as each other*) enjoy the family oriented sport of off road racing. People who support a healthy environment for our kids to ride in. People who go out of their way to aide those who need help. The truth is that most members aren't too concerned anyway. They are concerned with going to an event and having a good time. That's how it should be. You want to complicate matters, just go back to work on Monday and if that's not enough for you, then I don't want to hear it. If other people want to join in our club, no problem, you might not have to wait as long if you need help getting your bike out of a hole. You want to write a letter and tell me I'm nuts, go ahead. I'm still going to support others and OUR sport because **we all have a common thread**. Folks, mark these words, "Our sport's opposition is everywhere and we'll be facing them soon. Reinforcements are fine with me".

See You at the races.....

Ed Swinson, Senior B #47
