Jordan Sends Thanks

Due to the nature of my injury I am dictating this to my wife, my best friend.

On November 3rd, Pete Serra and I were mountain bicycling on a course southwest of Vero Beach. While going over a small ramp, approximately 2 ft high and about 3 ft square on top, my front wheel slipped off the side and the bike catapulted me over and I landed on my head. I knew instantly that I was hurt, because I couldn't feel anything from the neck down and my body felt like it was suspended in air.

After checking me over and making sure I was breathing OK, Pete went for help at the last house we had seen. The paramedics arrived soon after and, knowing the situation, gave me steroids to reduce the swelling in my spinal column and called the air ambulance. By the time the paramedics got me out of the woods to their vehicle the helicopter was on the main road. The ambulance drove me to the helicopter and I was air lifted to Holmes Regional Trauma Center in Melbourne.

The CAT scan and MRI revealed a contusion and swelling on the spinal cord in the area of the third vertebra down the neck, no broken bones. After some time the doctors detected slight movement in my left foot and I was given hope of recovery. I stayed at Holmes two weeks and was then transferred to Sea Pines Rehabilitation Hospital, which specializes in Spinal Cord injuries. I have been here a little over two weeks and I'm told I'm making good progress. I arrived here a quadriplegic and today I was able to walk a few steps with the aid of a standard walker.

I would like to thank the members that make up the FTR for all their calls, cards and donations. I hope to see you all at the races in the near future.

Jack Jordan

Alligator Enduro Info

Although DDR's Alligator Enduro is not sanctioned by FTR, many in our state like to ride our event. This is to let everyone know that a detailed information page and an entry form for the Alligator Enduro can be printed directly from the new DDR web site at www.floridatrailriders.org/ddr, available now. We have a 500-rider cutoff and do expect the event to fill up. As in recent years, it will be AMA and SE&TRA co-sanctioned with SE&TRA points paid, but SE&TRA membership not required. Pre-entry only by Feb. 18, 2002 for the March 7th event. Please see our web site for details.

DDR has reluctantly canceled the Alligator Dual Sport Ride. This ride was very popular, but because of difficulties in dealing with the US Forestry Service over use of the dirt roads in the Ocala National Forest for the event.

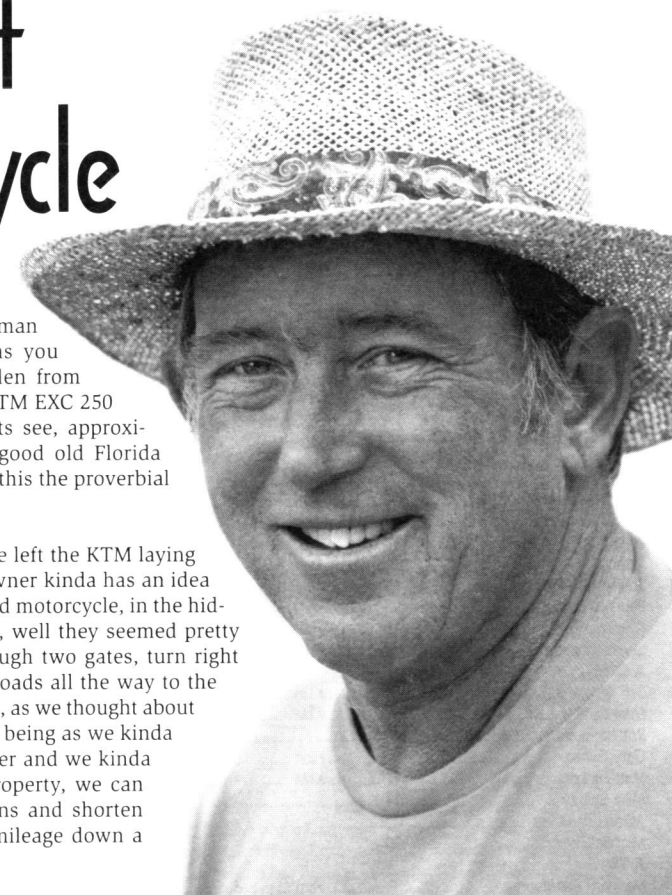

The Daytona Dirt Riders would like to thank John Day for his time and assistance in providing our web site and for his valuable suggestions on the layout of our entry form.

The Lost Motorcycle

The weekend before the Rodman Plantation hare scrambles, as you may recall. Somewhere, hidden from view, a perfectly good 2001 KTM EXC 250 was waiting to be found! Lets see, approximately five square miles of good old Florida woods, I guess you could call this the proverbial needle in the haystack.

We kinda remember where we left the KTM laying in the weeds and the Land Owner kinda has an idea where two dummies left a good motorcycle, in the hidden spot. His directions were, well they seemed pretty easy to follow, go west thorough two gates, turn right and follow one of the major roads all the way to the north side of the property. Well, as we thought about things, we figured, you know, being as we kinda know where we left the scooter and we kinda know our way around the property, we can use the land owners directions and shorten up on the process, trim the mileage down a little.

Well it seemed like a pretty good plan. Mike Shirley on his four wheeler and me on the back of Jason Chambers four wheeler, set off for a quick run out to where we left the KTM. Well, after about three or four miles of ridding around and not seeing anything that looked familiar, Jason said, Big Man, you need to get your old 500 and cruise these roads at a higher rate of speed and find where you left that bike. After all, we pretty much followed the land owners directions and couldn't find the bike.

So back to camp and off on the old CR 500. Just so everyone remembers, The #1 rule for checking out large pieces of property on your scooter is: always make sure you have a full tank of gas! Huh, imagine that!!

After some decent high speed road riding, I finally found the major road that the land owner had told us about. But what was a major road to him was indeed not a major road to me. Away I went. Guess what, it led me straight to where the KTM was hidden. Good deal, the bike was found. So off I go heading back to camp at a high rate of speed, then all of a sudden, you know the feeling, just like you hit the kill button at 60 m.p.h.. Remember RULE #1! Well, luck was with me. The fuel tank on the Old 500 held about four extra ounces of fuel on the side opposite the petcock. So I leaned the bike over and got all the fuel to the petcock side of the tank. Hoping that meager four ounces would get me back and off I went.

I rode back to the camp, pulled right up in front of everyone like nothing had happened. Whew! Can you imagine. It was bad enough to loose a bike, but to run out of gas looking for it, Well, I would never live that down! Boy, I'm glad no-one knows that I forgot about, (RULE #1) The KTM was found and life is good! Big Man

Go to a doctor *who knows your sport*

Dr. Augustine
The Human Mechanic
an orthopaedic physician and an avid motorcyclist.

Any sport that combines high speeds with competitive conditions places an athlete at an inherent risk for injury. Motorcycle racers are not immune to this fact and injuries do occur.

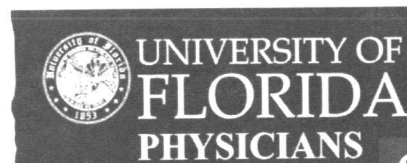

Having a physician who understands your sport is important in the proper approach to and treatment of your injury. Dr. Augustine is

The combination of his motorcycling background and medical training has allowed him to gain valuable insight into the treatment of injuries to the motorcycle athlete and become a specialist in this field. He volunteers his medical expertise at many local and national racing events each year. He conducts research and educates the public and medical community about the sport of motorcycle racing.

You only trust the best mechanic to take care of your motorcycle when it needs repair, so make sure you do the same with the most ultimate machine on earth—your body.

The officials for this event have not been trained or accredited by FTR. The promoter of this event is an amateur. Each participant is responsible for determining the safety of the course before participating. This indicates that you or your child's safety will not be warranted by *The Florida Trail Riders, Inc., Big Scrub Trail Riders or Unlimited Sports, Inc.* and all its employees, land owners and/or leasees and assignees. **Motor sports are dangerous.** You should take part in this event based on your own assessment of your and/or your child's abilities.
