Thanks to Spaceport Cycle

Just a word of THANKS to the staff of SPACEPORT CYCLE in Titusville. The weekend of January 26 & 27, after an embarrassing finish at the T.C.T.R. Hare Scrambles, I contacted Mark at Spaceport and made arrangements to bring my 250 F in for some evaluation.

I no sooner got out of the truck, when the mechanic, Kelvin, was there to bring my bike to his stall.

He started on it immediately, diagnosed the problem, and had me out in about 45 minutes. Problem solved.

I was very pleased with the professionalism of all involved.

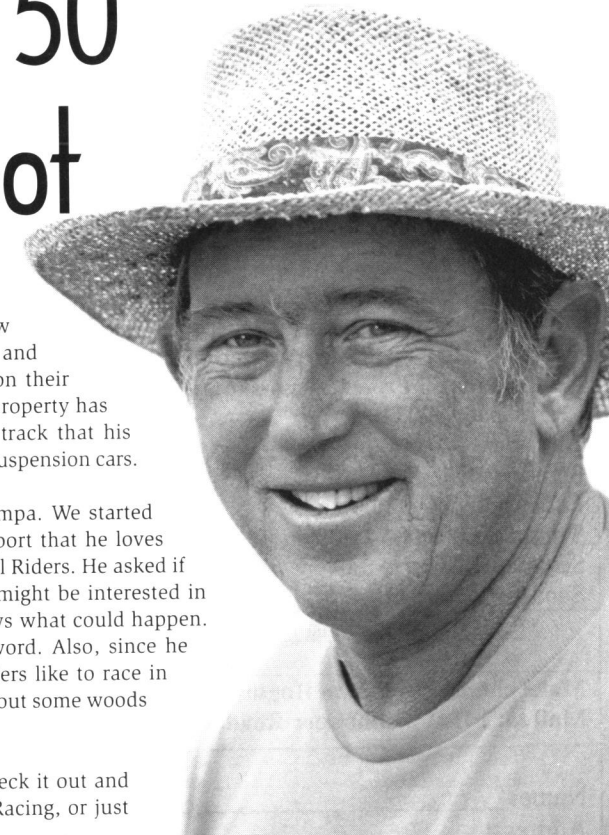

So a big thank you to Conrad, Mark, Kelvin, and the others at Spaceport Cycle. This is how you take care of your customers.

The Prez Sez... Highway 50 Riding Spot

by Terry Enyart

It has been over a month since I put a note on the web-site about a new place that our Quads riders could go and do some casual high speed racing on their off days. The person that owns the property has an all clay, seven tenths of a mile track that his club (flaoffroad.com) races VW full suspension cars.

I met him at a local business in Tampa. We started talking and he told me about the sport that he loves and I told him about our Florida Trail Riders. He asked if I thought some of our Quad riders might be interested in riding at his place. I said, who knows what could happen. I offered to help him put out the word. Also, since he has no idea how much our FTR riders like to race in the woods, I volunteered to help lay out some woods trail.

Some of you Quad riders should check it out and maybe do a little Grand Prix Style Racing, or just some high speed, short tracking.

He invited me out last weekend to one of his races. The car racing was great, fast and exciting, there were about 10 Quads on Saturday and another 10 or 12 on Sunday. The cars would run their heats and then the Quads would run heats.

I talked to some of the Quad riders after their heats and they had a great time. I even took a few laps after all the racing was over and it was a blast. All I can say is, it's a very nice place, with some nice friendly off-road car racers with a family atmosphere, just like our own FTR Races.

If anyone is interested give the owner a call and stop buy to check his place out. You never know, it could turn into another nice place to race. Too bad he doesn't have enough land to put on a real hare scrambles. But, there you go Quad riders, check it out! I think you will be glad you did. Call James Lair at 813-962-2857.

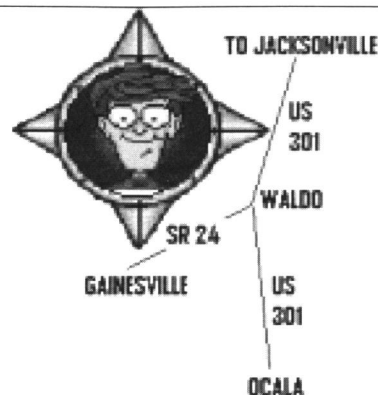

Thanks, Big Man

Kissimmee River Hare Scrambles

What's Hot

Fort Bassinger being the first race of a new year, a lot of new riders came out making the C classes even bigger than they already were. 42 riders in Vet C, most of them passing me (a row ahead) by the 2 mile marker, 34 in Senior C, and 30 in Super Senior C. Saturday there were 37 riders in Mini C and 41 in Beginner 2. Fortunately, if you didn't get a good start, you had enough time on the motocross track to make up for it.

Joey Baker was flyin' in the B200 class and finished his 5 laps in the allotted time period while 2nd place rider David Shade only finished 4. That's impressive. ..

Emmett Cox was rippin in the Golden Master class finishing 5 laps in an hour and half. This man can run with those guys in AA and he's twice their age!

In Women B Casey Campbell won by almost 7 minutes to Kelsey O'Donnell AND she rode Saturday in Mini B and finished 4th. Those boys better watch out...

Riding in the B 4-Stroke class, Josh Lyons snaked his boy Eric Gilbert in the last turn for 7th place leaving Eric for 8th. You know what they say boys, it ain't over til it's over.

The first two guys in Junior B finished 5 laps in their 2 hour time limit AND finished in front of the 2nd place guy in Junior A. Time for a promotion...

Super Vintage B had one of the largest turn outs Saturday with 24 riders. The first 4 guys came in within seconds of each other with Shelby Dunson grabbing the 1st place wood. I wonder how those old bikes held up in the sugar sand...

What's Not

Well...I can say that you only gain experience from experiencing it. With 20 riders in the Women Quad class, and me never having riding anything with more than 2 wheels since I was 6...the race strategy is a lot different, you don't fall off you fall under. Next time for me, it won't be the line that looks SHORTER, but the one that looks WIDER.

NEVADA MOTORCYCLE ADVENTURES

The Trail Riding Adventure Of My Life!

The best trails, I seriously doubt if they come any better anywhere in the world. We crossed deserts, rivers, and climbed mountains. The scenery, varied, stunning, something you have to experience to appreciate. Views, absolutely awesome. From day one I was absolutely gobsomacked by the sheer beauty of this vast wilderness. The mountains were magnificent! We mere mortals can only stand in awe when privileged to witness such scenery. Perceptions of Nevada as "Death Valley" quickly dispelled. This trip was not all biking. Saloons always had at least one character. There is much more I could say about this trip. If you have even a drop of Castrol R in your blood then get out there and experience it for yourself. Me, I'm going back as soon as I've got enough brownie points with the wife. From: "Welshman Out West" by Mike Rees Published in Off-Road Review

Go to a doctor *who knows your sport*

Dr. Augustine
The Human Mechanic

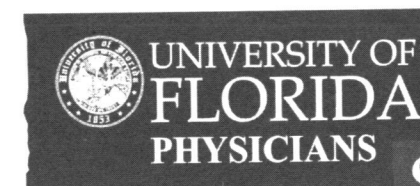

Any sport that combines high speeds with competitive conditions places an athlete at an inherent risk for injury. Motorcycle racers are not immune to this fact and injuries do occur.

Having a physician who understands your sport is important in the proper approach to and treatment of your injury. Dr. Augustine is an orthopaedic physician and an avid motorcyclist.

The combination of his motorcycling background and medical training has allowed him to gain valuable insight into the treatment of injuries to the motorcycle athlete and become a specialist in this field. He volunteers his medical expertise at many local and national racing events each year. He conducts research and educates the public and medical community about the sport of motorcycle racing.

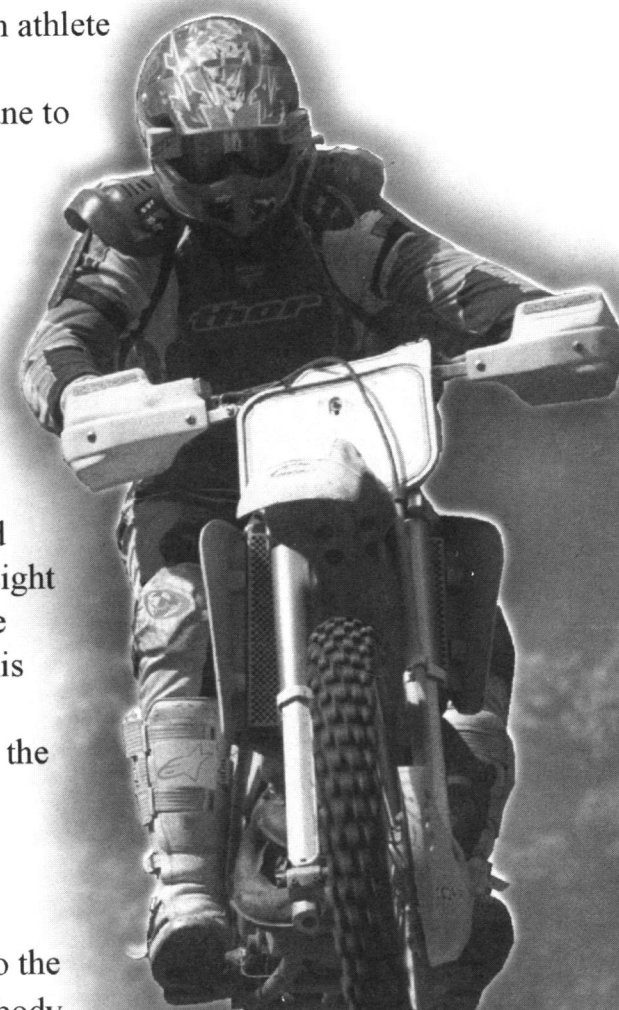

You only trust the best mechanic to take care of your motorcycle when it needs repair, so make sure you do the same with the most ultimate machine on earth—your body.
