MAGAZINE NOTE: This magazine is published and distributed to inform the members of the Florida Trail Riders of FTR events and official business. It is also a medium for members to express personal views, report on the efforts of individuals/groups or the sharing of a good story. The quantity and quality of input from you, the FTR membership, directly affects the content of each month's edition. Your contributions are needed to insure the magazine reflects the interest and opinions of the FTR membership. Articles can be sent in any form. Photographs are also needed! Photos should be identified with the name and event of the subjects and include the name of the person who took the photo. Without your articles and photos it is difficult to publish a timely, up-to-date, quality magazine. The DEADLINE for articles, photos, flyers, Ads, ad changes, corrections, cancellations, etc. is the 10th of each month. Please don't ask us to extend this deadline, as it delays the publication and distribution of the magazine. Submit your articles and photos to: FTR, PO Box 531071, DeBary, FL 32753-1071 or fax it to 386/668-8421, you can also send articles to us via email at: debarydg@bellsouth.net.

ON THE COVER

Jessica Grice... After finishing the Quad Women class at the Sunrunners Hare Scrambles in Plant City, 18 year old Jessica is all smiles despite the dirty face.

FTR Mail Box

Thank You FTR Members

I'd like to extend my sincere appreciation to all of FTR for their support in an unfortunate incident that occurred after the 10 am Sunday April 21st, Sunrunners Hare Scramble. I finished the event but unfortunately required medical assistance for heat exhaustion and dizziness.

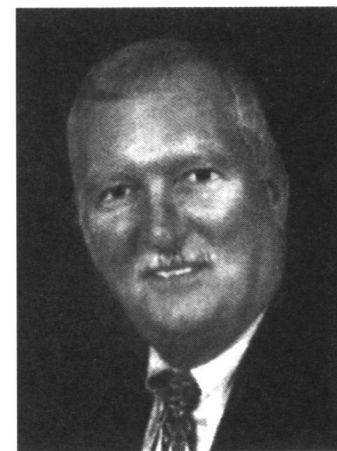

After finishing the race, I got back to my truck, took off my helmet and nearly passed out. Hands and legs were numb, vision was blurry and I could barely walk.

Two gentlemen named Brian and Mike helped me undress down to my shorts and kept pouring water over my body well as providing drinks. They called for medical attention as well and Jen from the med was great.

Thank you so much for all your help Jen. There were several other FTR mom's and wives (forgive me for not remembering your names right now) who provided a banana, strawberry yogurt and other types of support.

Thank you all so very much. That meant more than you will ever know. I would also like to extend sincere appreciation to Dan Tripp and his son David for loading my bike and gear into the truck. Being the recipient of FTR member generosity is a humbling experience.

Lou J. Gabos
SRC - #33C, KTM 380

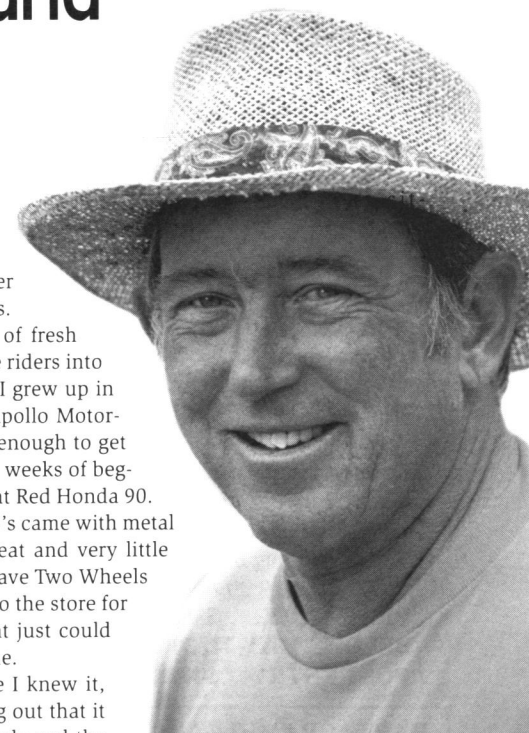

In Memory of Randy Stone
January 7, 1947 - April 5, 2002

Randy Stone, long time CFTR member passed away on April 5th after a long battle with cancer. Randy helped layout the very first Enduro at Richloam and was instrumental in getting the permit for the event and layout of the course for many years. He was an FTR Area Director several times and was always very involved in FTR and CFTR.

He was a very good friend, sharing many rides, road trips, bench races, jokes, stories and beers. He had a rough time with his illness, but kept his chin up and never let his problems show through when he spoke to his friends. We will miss him very much.
Dan George

The Prez Sez... Honda 90's and Good Times

by Terry Enyart

A while back several of us ole guys were ting around the campfire talking about riding places that have disappeared over the years. There are a few that still remember riding at Croom, when there were no fences. Whoa! Just the thought of all those miles of fresh woods trails (no whoops) can send dirt bike riders into a serious daydream that can last for hours. I grew up in Titusville, FL. The home of our very own Apollo Motorcycle Club. In 1964 when I was 14 and old enough to get my drivers permit, my Dad, after weeks and weeks of begging, bought me a brand (almost new) Bright Red Honda 90. For those that don't remember, the Honda 90's came with metal fenders, headlight, taillight, a nice plush seat and very little horsepower. Never the less, it was great to have Two Wheels to drive to school, deliver newspapers, run to the store for Mom and all those other million things that just could not get done without the aid of a Motorcycle.

FREEDOM! Well, it didn't take long, before I knew it, there were five or six of us that were finding out that it was much more fun to explore the back roads and the woods rather than riding on the main roads with the cars. It didn't take long that we realized that if we took off those heavy fenders and the headlight, that those 5 HP rockets would actually go a little faster, we even learned that you could change the front sprocket which would make those big ponies get up and go in the tight woods. Whoa! What Horsepower! We were something, the Eveil Knievel's of Mims.

Back then I-95 was just starting to get built, there was no pavement, but there were plenty of long stretches of hard packed dirt that turned our scoots into some of those motorcycles that you see streaking across the Bonneville Salt Flats. There we were, going from a smaller front sprocket for the woods riding, to a larger front sprocket so we could approach the sound barrier streaking down the salt flats of Titusville. All we knew was when you got rolling you could lay down on the seat, put your chin on the gas tank and your tennis shoes on the tail light, shift with your left hand with no clutch and getting up to speed in that aerodynamic position with your right hand twisting the throttle to the stop and your left arm back by your side we were Craig Breedlove on the Titusville Salt Flats streaking to break the sound barrier at 55-56 MPH!

Whoa! What Adrenaline does for the soul! As I mentioned earlier, it's easy to get caught up in a serious daydream about your old trusty scooter and times past and that is ok. Lets all try to remember, when we swung a leg over a motorcycle for the very first time and just what that feeling did to us for the rest of our lives.

My Dad is gone now, the man that bought me that first Red Honda, he left me just a short few months ago and I miss him a lot! I have to go now there is something in my eye. Be Kind, Life is Short!
Big Man

Florida Trail Riders Scholarships

All FTR members and their immediate families are eligible to apply. Scholarships are for High School seniors going to college or adults continuing their education.

Completed applications and all required forms must be received in the FTR Business Office by July 10, 2002 to be eligible for the year's awards.

Send your request for an application to:

Florida Trail Riders BOARD OF DIRECTORS MEETING REPORT

Call to order at 10:00 AM, March 30, 2002 at the Sarasota Holiday Inn, by Chairman Enyart. The FTR Secretary handed out an agenda with seven discussion items, and 11 proposals for consideration.

Roll Call listed 16 members of the BOD as present. In addition there were 26 members of FTR also present. BOD Members in attendance:

Terry Enyart	Tommy Neal
Jenni Lamb	Bob Brown
John Schnelbach	Cary Hunt
Cheryl Horn	Ricky Wheeler
Randy Faul	Lee Daley
Ryan Crist	Bob Riedel
Tiffany St. John	Joe Moulton
Tony Guadagno	Frank Campbell.

New Area Representatives were introduced.

Chairman Enyart announced he has appointed Jose Rodriguez, an Attorney and FTR Member, to become involved in the Land Use Program. He then introduced Mr. Rodriguez to the BOD. Mr. Rodriguez stated he had been asked, by President Enyart, to investigate whether the Benefit Hare Scramble at the Rodman Plantation had been as profitable for the FTR as expected to be. Mr. Rodriguez produced documentation, which he discussed with Azalea representatives, regarding the amounts originally agreed upon as the FTR costs and the amounts the landowners and the Azalea MC each realized. A disagreement in the interpretation of the terms was the main point of discussion. A specific conclusion could not be reached to settle the questions raised. This matter will be re-addressed at another time.

The Minutes from the Banquet meeting were approved as published, it was unanimously agreed that a reading was not necessary.

The Treasurers Report was passed out and explained by the Business Mgr., Dan George. It was approved unanimously after a question and answer session.

Land use Chairman, Jack Terrell, passed out an informational bulletin on House Bill 1681 which has been approved and is going to the Governor for his signature. Jack reported that this is not as all encompassing as the Green Sticker program would have been but it is a foot in the right door. This information needs quick responses from all of our members so it will be posted on the web site. Jack and Gary Wyatt also met with the St. Johns Water Mgt. People to try to obtain additional sites for more events. These efforts were applauded by those present.

H.S. Chairman, Randy Faul, reported on the possibility of having classes set up to instruct on the operation of the electronic scoring system. Randy introduced Karen Jernberg who advised the BOD on the newest system being developed specifically for the precise uniqueness of our FTR scoring needs. Scoring and sign up will be possible simultaneously, and the software and equipment will be fully upgradeable. A long discussion followed on the best way to raise the \$16,000 needed for this project. A possible benefit type "system shakedown" race will be considered. A motion to increase the yearly FTR dues to provide funding for equipment did not pass.

Rep. Lee Daley made a motion to amend Chapter 3, H-4 to allow FTR to collect from the promoting Club, an additional \$1.00 for each H.S. rider and to place it in a fund designated specifically for purchase and upkeep of electronic scoring equipment. This will increase the sanctioning H.S.Clubs per rider payment to FTR by \$1.00, for a total of \$6.00. The motion was approved with a 13 to 3 vote. This is immediate, the separate account will be set up.

Rep. Bob Brown motioned to have FTR purchase this equipment, with an allowance of \$16,500 approved, by the BOD. Motion passed unanimously. SADRA graciously offered to support this, if FTR funds are unavailable, with a short term loan. Now that's involvement!

Under unfinished business the BOD agreed there should be an Executive Committee Meeting scheduled to vote on the Clubs in accordance with the Recognized Club rule. Although out of agenda sequence it was agreed to also discuss the future of this rule beyond the current year. A lengthy spirited exchange of ideas by BOD and the audience resulted in a motion by Rep. Tommy Neal to remove the Recognized Club Rule. A vote of 12 to 4 passed this motion. This item will be voted on by the General Membership at the Annual Banquet Meeting. At this time Rep. Tony Guadagno and member Gary Wyatt withdrew each of their proposals which also pertained to this particular matter.

A discussion regarding the President's February directives, requesting all correspondence be sent only by U.S. Mail, to his attention, and subsequent Officials/Reps. inquiries concerning the use of e-mail resulted in the BOD unanimously agreeing that e-mail is acceptable as a form of communication within the FTR. Rep. Tony Guadagno submitted a proposal as follows for consideration and vote by general membership:

Chapter I, Article XV, 1. Competition Committees, B. Members, 5. Promoting Club Representatives - As currently written: 5. Promoting Club Representatives, appointed by club (One representative from each club granted a sanction for the year in question.)

Changed to: 5. Promoting Club Representatives, appointed by club and communicated in writing to the committee chairman by an officer of that club (One representative from each club granted a sanction for the year in question). It will be each Clubs responsibility to appoint and maintain an official Rep. and alternates. Failure to do so will result in no representation when roll call is made at a Comp. Comm. meeting. Vote of 11 to 5 passed.

A Proposal by Gary Wyatt to change the Duties of the FTR Secretary, was vigorously discussed. It was stated this proposal was the direct result of the apparent confusion regarding the range of duties normally directed and fulfilled by this position. Comm. Member Ryan Crist motioned for a vote. A vote of 4 to 10 with 2 abstains, stopped this Proposal. The ensuing discussion recognized the need for total communication between the Bus. Mgr., and all Exec. Comm. Members. It was further agreed that the BOD recognized Roberts Rules and normal Corporate operational practices, in addition to the FTR Rulebook, as the specific guidelines for the FTR Secretary.

Gary Wyatt presented a Proposal changing the manner in which Comp. Committee Chairmen are determined. His Proposal suggested a yearly election of the Chairman by the members of each pertinent Committee, for the next season. There followed a discussion with many suggestions of modifications, and recapping of past FTR history and logic regarding the original method of selection. Proposal defeated by a 3 to 12 vote.

Rep. Lee Daley presented his Proposal regarding quorum requirements as follows: PROPOSED AMENDMENT TO FTR CONSTITUTION

Article X, page 4

After "Robert's Rules of Order shall govern all meetings." Add: The quorum required for all Executive Committee meetings shall be three-quarters of the members, for all other committees and Board of Directors meetings the quorum required shall be two-thirds of the members. The General Membership meeting quorum requirement shall be one hundredth of all active FTR members.

Discussion: To quote from Article VIII, Section 45, of The Modern Edition of Robert's Rules of Order, the Original 1876 Edition by Major Henry M. Robert completely revised by Darwin Patnode, Ph.D.: "Quorum. A quorum is the minimum number of members who must be present at a meeting for the transaction of business. Unless there is a rule to the contrary, a quorum is the majority of the members. It is usual, however, to adopt a much smaller number, the quorum often being less than one-twentieth of the members. An organization's quorum for meetings must be set in its bylaws, preferably as a fraction or a percentage rather than an absolute number.

"While a quorum is competent to transact business, it is usually not prudent to transact important business unless there is good attendance at the meeting." It has been "tradition" at FTR business meetings to require a two-thirds quorum, however this is not required anywhere in the rulebook and as stated in Robert's Rules above, a majority is all that is presently required. This amendment merely adds what we have been doing to the rulebook.

There is an exception made for the Executive Committee meeting. This is because under the present system only four, or with two-thirds requirement, only five of the seven members are required to be present. This would allow any decision requiring a majority of the members present to be passed by only three people. The decisions made by this committee affect 2500 or so members of FTR, and should be agreed on by at least four of the Executive Committee members. The three-quarters quorum requirement ensures that six members will be present at any meeting, and four would be required for a majority.

The exception made for the general membership meeting is somewhat self-explanatory. The present 2500 members would require at least 25 for a general membership meeting. After a discussion session regarding the computation of the quorum requirements a vote of 13 to 3 passed the Proposal. It will go to the General Membership for vote at the Banquet.

...Continued on next page

Florida Trail Riders

BOARD OF DIRECTORS MEETING REPORT

Rep. Lee Daley presented another Proposal for consideration, it reads as follows:

PROPOSED AMENDMENT TO FTR CONSTITUTION

Article IX, page 3, para. 1: All elective offices shall be filled at an annual election to be held not later than November of each year. The President, Vice President, Secretary and Treasurer shall hold their offices for two years. (The two year terms will begin with President and Secretary in 1999 and Vice President and Treasurer in 2000.) All other elected positions shall hold their offices for one year. All new terms will commence January 1 following the election. Impeachment can only be accomplished by a two-thirds majority secret ballot vote of the General Membership by mail and will be called for by a three-quarters majority secret ballot vote of the Board of Directors.

Change to: All elective offices shall be filled at an annual election to be held not later than November of each year and all officers shall hold their offices for one year commencing January 1 following the election. Impeachment can only be accomplished by a two-thirds majority secret ballot vote of the General Membership by mail and will be called for by a three-quarters majority secret ballot vote of the Board of Directors. Article IX, page 3, para. 3, last sentence: An Election Committee member must not be a candidate for elective office.

Add: An Election Committee member must be an FTR member in good standing and must not be a candidate for elective office.

Discussion: The two year terms have some drawbacks. This rule change reverts back to one year terms with the exact wording used in the 1998 rulebook. The requirement for Election Committee members to be FTR members has been added.

- One year terms would encourage more first time candidates.
- One year terms give the general membership an opportunity to provide a vote of confidence on an annual basis.
- The rule as it stands defeats the intent that the Vice President is in training for President - there is no way for a smooth transition.

Rep. Daleys proposal drew mixed reactions with the BOD. Several members agreed with the idea that president is the next logical step for the vice president, however by staggering the terms of election a continuity remains in place that might be lost if all four executives were replaced at one time. The final decision was to leave the selection to the members wishes at election time. A close vote on a motion by Jenni Lamb V.P. resulted in 8 for 7 against and one abstained. This Proposal will be on the Banquet agenda for final vote by the Membership.

Rep. Guadagno presented a Proposal modifying the methods now used when presenting agenda items, discussion items and proposals for consideration. A discussion and recapping of the accepted practices in other corporations clarified our intent to have all such items directed to the FTR Secretary. All items will be addressed as prescribed in the Rulebook. With this understanding and acceptance Rep. Guadagno withdrew the Proposal. No motion was made.

Discussion items requesting bid out of Business Manager position and duties was next on the Agenda. Dan George passed out a five page synopsis of his current obligations which he had compiled on 3-29-02. This discussion became one of varying strong opinions and emotions.

It was generally agreed that a good job is being performed by the Mgr., however the informational chain of command needs to be increased to allow all those in a position of responsibility to be aware of all matters pertinent to the FTR. A BOD vote of confidence was given to Dan for his involvement. No motions were made in this regard.

Rep Daley led a discussion on returning the Family Membership to FTR. All agreed it was a good idea, but the past abuses and future potential for abuse outweighed the benefits to the members. This may be considered again when the new sign up system is in force, as it may present ways to counteract abuses. All agreed if this membership were returned to FTR any violators would be thrown out of FTR. More to follow.

The BOD unanimously appointed Mike Preslar as the Election Committee Chairman. Mikes first responsibility will be to ensure the competition committees get their appointees in quickly.

A discussion was held on an agenda request to clarify eligibility of "class" representatives currently on the Enduro Committee. Rep. Daley recapped the current status of three of those in question, and pointed out they are all "specialty" riders, which is in conflict with the Rulebook. Jack Terrell acknowledged that the original intent of the "class" designation did not allow any representation from any class other than the one in which you rode and were scored. General agreement was this is and was the intent and the rule is clear. All present agreed this will not be allowed as a "mistake"

in the future. No action was suggested regarding the current representatives replacement at this time. A suggestion was made for the Enduro Committee to re-address this. Many members voiced their opinions and concerns.

V.P. Jenni Lamb presented a proposal addressing inconsistencies in the current "representative" situation. In order to present a more equitable representation of the cross sections of each riders group she had done some number crunching to provide a new breakdown. This proposal reads as follows:

PROPOSED RULE CHANGE - Competition Committees:

Chapter 1 - Constitution of the Florida Trail Riders, Article XIV, 1, B, 4

The rule currently reads as follows:

- Rider Representatives appointed by Executive Committee
 - A Division
 - B Division
 - C Division
 - Senior Division
 - Women Division
 - Saturday Hare Scrambles

Proposed Change:

- Rider Representatives appointed by Executive Committee. The representative shall race in the division they represent.
 - A Division (displacement classes only)-includes AA
 - B Division (displacement classes only)
 - C Division (displacement classes only)
 - Specialty A Division
 - Specialty B* Division
 - Specialty C Division
 - Saturday Hare Scrambles Division
 - Quad Hare Scrambles Division
- * (Specialty B shall include Golden Masters and Women in Enduros and Golden Masters in Hare Scrambles)

The reasoning behind this change is to provide equal representation. I have attached a breakdown of the Hare Scrambles and Enduro average rider numbers. The average rider numbers was provided on the website. For enduros, I also calculated this year's average number of riders based on the scores posted for the Tallahassee and Croom Enduros. As is shown in the supporting documents, the Specialty Division does not receive adequate representation in Enduros. In Hare Scrambles, the Specialty and Saturday Divisions do not receive adequate representation.

This rule change will allow each rider representative to represent 11% to 22% of the enduro riders. Presently a rider rep can represent 1% to 57% of the total enduro riders as the rule currently stands. With this rule change there will only be an 11% difference in the number of riders a rep represents opposed to a 56% difference. In Hare Scrambles, a rider rep will represent 6% to 14% of the riders (not including the minis and peewees). This is compared to a rider rep representing 2% to 35% of the total hare scrambles riders. With this rule change there will only be an 8% difference in the number of riders a rep represents opposed to a 33% difference.

A lengthy discussion resulted with audience participation in addition to the BOD. Treasurer Cheryl Horne made a motion to accept it, as written, for publication and vote by the membership at the Banquet. The vote was unanimously in favor. This proposal will be voted on at the Banquet Meeting. (Note: I have not included the supporting number crunching to save space.)

A Proposal submitted by member Buddy Gaillard was read. He was suggesting certain requirements for elected officials, one of which was three continuous years of membership. This did not pass.

Chairman Enyart passed out an e-mail dated 8-20-2002 which was addressed to the members of the Executive Committee. This was to be the agreement for the land use for the FTR Benefit H.S. at the Rodman Plantation. This was further information regarding the discussion at the beginning of the Meeting. A description of the land, the proposed arrangements, and a reference to the approval of the H.S. Committee were noted in this e-mail. BOD and member comments followed regarding the usual methods of obtaining land for the Benefit race.

Jack Terrell, the Trail Boss for Benefits, presented some other points of information regarding land availability and the success of the Benefit race meeting its' expectations. The parties primarily involved in this issue were no longer present.

Chairman Enyart concluded the meeting at 7:00 PM.

Respectfully submitted by John Schnelbach FTR Secretary

NEVADA MOTORCYCLE ADVENTURES

Nevada, an absolute blast! A real wild west!

Thick pine forest, Snow, old mine workings, Trail to over 11,000 feet, Fantastic fun to ride, Views, Absolutely magnificent! Ancient trees. A ghost town, once a bustling mining town, as if we'd stepped back in time at least 70 years. A meadow reminded me of Switzerland, Fantastic views! I was amazed, looking down as if in an aircraft. Incredibly tight, steep hairpin bends, as hairy as anything I've ever seen in the Alps! A Basque restaurant, an amazing collection of memorabilia of the wild west. The food and company were excellent. Going tough enough to provide a challenge. A fantastic ride! Superb fun! A motorcycling nirvana! An extremely enjoyable trip. I can't recommend anything better than getting out into the wide open spaces and high mountain trails of Nevada! THANKS -A Huge thanks to Matt Ernst for being such a capable and entertaining guide!

FTR Business Manager's Duties and Activities

The Board of Directors feel it is important for the General Membership to know the job duties of the Business Manager, Dan George. They are detailed below.

After Banquet:

- Process renewals and new membership forms received at the banquet
- Enter in Database all changes and new information.
- Print membership labels
- Affix labels on cards
- Place each card in plastic overlay
- Place each card in laminated overlay
- Run each card through laminating machine one at a time
- Cool and remove cards from overlay
- Assemble FTR stickers, welcome letter and cards. Group family cards together.
- Place two FTR stickers per regular member, if family group place two stickers for the head of family and one additional sticker for each family member.
- Place in FTR envelope
- Create FTR Membership address labels for cards going out.
- Place on Envelopes
- Add postage.
- Check everyone against the number books. All numbers are open after 7/31 so, after processing the last membership received by 7/31, delete all the unclaimed numbers from the books. Update the number books and turn them over to the scorekeepers at the 1st race of the season.
- Check for riders who are demoting themselves or trying to ride an incorrect class. Call or send letter advising that they must change class, copy Execs, Scorekeepers and Referees.
- Send "birthday letters" out to members who have changed their birthdays, requiring proof of age. Follow up to make sure proof is received.
- Keep ongoing supply of FTR stickers, laminating cards, FTR cards, welcome letters and envelopes. Order months ahead of time as memberships can arrive in the hundreds to be processed immediately.
- Update Rule Book with changes from the Banquet meetings. E-mail to Board of Directors for approval. When approved, forward to typesetter for preparation and printing. Distribute finished product to membership and publish on web site.

Day to day office chores:

- Phones ring seven days a week from 7:00AM to 11:00PM and later asking for information on races, membership, rules, complaints, address changes, orders for supplies, meetings, Officers needing information, magazine ads, stories, pictures, Bike Week activities, Croom information, where to ride in Florida, what type of bike to buy, where they can find used bikes, race flyers, schedules, etc. E-mail questions on all of the above subjects arrive 24 hours a day. Some calls are redirected to scorekeepers to resolve problems, some are problems with membership cards or getting the magazine, some are solicitations for phone service, banking services, attendance at meetings and exhibits or participation in OHV meetings, clubs calling for information on insurance, rules and numbers of trophies, etc.
- Keep the Hotline up-to-date.
- The Post Office Box must be checked daily as membership forms must be entered quickly.
- Follow up with clubs, tracks or insurance sources to make sure we are properly covered for each event and have proof of insurance on file. With our new arrangement, coverage must be paid for by FTR up front and the clubs must be invoiced. Changes occur frequently and must be coordinated with the agent.
- Print mailing labels and send out postcards, e-mail, faxes and notify web site administrator if an event is rescheduled or cancelled or any other important notification to the membership is necessary or arrange with printer to print notices and bulk mail. Bill clubs for whichever is done.
- Notify next club on "Best Race" list if a cancellation occurs and coordinate replacement race date with appropriate Competition chairman and others
- Each race must have an up-to-date membership list for the sign up table. This list must be printed and then overnighted to correct person for that weeks race on the Wednesday before the race along with new membership forms, release forms, race schedules for new members, Hare Scrambles starting order, rule book, "No Spectator" signs and a return overnight envelope with the business office address. Call Airborne before 4 pm to pick up this package.
- Receive memberships from the race or, follow up with the club or track to find out where they are. Once received, enter new memberships into database in time to forward updated listing to next race. This may involve arranging and working from faxes, lists, etc. if the club or track did not follow instructions and overnight the memberships on the Monday after the race. (With back-to-back events, we must receive on Monday, enter in database on Tuesday, then overnight to next club or track on Wednesday.)
- Receive Race Results
- E-mail to manufacturers with a message letting them know we appreciate their support, advising them of any schedule changes and important announcements.
- E-mail to magazine
- Mail to club with invoice, created in Quickbooks, for Head Tax and Membership

fees collected.

- Provide copies of the database to the Scorekeepers after each event's memberships are recorded and any of the Executive Committee as requested or directed
- Maintain applications in alphabetical order for quick referral
- Fill Supply orders - obtain supplies from storage, pack up and ship or deliver to events
- Maintain supply of various Arrows, Helmet Cards, Rule Books, etc., including ordering and picking up from the printer.
- Provide monthly accounting reports to the Treasurer, including
- Check book statement and reconciliation
- Profit and Loss statement
- Balance sheet
- Past Due balances
- Any other reports requested, such as Profit and Loss on the Benefit race or other projects
- Provide reports and analysis to Executive Committee as requested
- Answer questions, referee and advise as requested at events in which I attend and/or participate
- Attend all Executive Committee, Board of Director and General Membership meetings (this may not be possible during the Saturday of the banquet)
- Pay all bills due, including:
- Monthly rent on the storage facility
- Airborne
- Southern Bell
- AT&T
- Rent on the postal meter
- Postage
- The Business Manager's fee
- The Scorekeeper's fees
- Fees from our Land use lobbyists and attorneys
- The magazine printer
- The magazine mailer
- The magazine typesetter
- Web Site provider
- Various receipts turned in by officers, scorekeepers and others
- Maintain records of all correspondence and financial transactions
- Forward Annual Financial statements to Treasurer for review. Publish to Executive Committee and magazine upon approval. Forward to CPA for tax filing.
- Issue 1099's to all sub-contractors
- Business Manager
- Scorekeepers
- Amend and complete annual report to Florida Department of State, Division of Corporations
- File any State sales tax reports, as required
- Store financial and scorekeeping records, Enduro clocks and flip charts, contingency banners and any other materials
- Arrange site and call Area Directors and others and/or send out notifications of meetings
- Send out Sanction forms applications in preparation for Sanction Meeting.
- Type up Proposed Schedule after Sanction Meeting and forward to magazine and web site.
- Provide a Status Report, either in writing or via telephone to the President each week
- Deposit and record all funds collected for memberships and invoices

Magazine and Web Site

- Get with clubs to make sure event flyers are completed and submitted to the magazine in time for the event. Create flyer, if necessary or check flyers received for proper classes and that Florida Trail Riders, Inc. is included in the release.
- Work with advertisers adding, correcting, changing or canceling ads. This often involves coordinating with the typesetter. Advertisers do not adhere to our cutoff dates and often want changes, etc. with very little warning and/or lead time.
- Forward selected articles, letters, photos, race results, ads, ad changes, etc. to the magazine typesetter in time for magazine printing. Keep Rider Reps, Executive Officers, Area Directors, Scorekeepers and Referees, Club Contacts, Associate Members, etc. names, addresses and phone numbers up-to-date and forward to magazine each month along with updated race schedule, race winners and membership application.
- Meet with typesetter each month to go over the upcoming magazine, checking for obvious typos. Make sure that ads that should be in the magazine are there and those that should not are not. Make sure all the race flyers, articles, etc. for that issue are included.
- Advise printer of the number of magazines needed, based on membership figures,

...Continued on next page

FTR Business Manager's Duties and Activities

- each month
- Provide the facility mailing the magazine with addresses of all the magazine subscribers, each month
- Maintain an inventory of excess magazines, as possible, to mail out to callers interested in FTR

Billing:

- When new issue arrives cut out or copy each ad.
- Enter information about advertiser in Quickbooks.
- Create invoice according to size of ad.
- Print out three copies of invoice. Send two copies with ad to Customer.
- Place one copy in pending bills folder.
- Receive payments (applies to magazine and other invoices):
- Enter payments into Quickbooks.
- Enter check number.
- Match up correct invoice number for payment received.
- Stamp paper invoice "Paid" with date and check number used.
- Remove copy of invoice of payment due from pending bills folder and discard.
- Place paid invoice in receipts folder.
- Check for overdue invoices (applies to magazine and other invoices): Make collection calls and handle necessary correspondence to correct records, justify amount due, etc. This often involves proving that we were notified of ad changes or cancellations after the monthly cutoff date or disputes over how long an ad was supposed to run.

Banquet:

- Make site visits to determine site of banquet
- Negotiate contract
- Arrange menu
- Provide rooms for complimentary guests
- Arrange decorations
- Arrange activities and entertainment
- Make sure someone is working on contingencies and sponsors
- Arrange for space, electrical, etc. for displays and exhibits
- Work with Vice President and Competition Committee chairmen to decide on number of trophies, awards and jackets
- Order the trophies and awards
- Get size information from Committee chairman and/or assist them in getting the information
- Source jackets, specify design, negotiate price
- Order jackets based on the above
- Have banquet tickets printed
- Work with overall race results and other statistics to design banquet program

- Have the program printed
- Design banquet flyer for the magazine - send to typesetter
- Work with President to decide who gets complementary tickets
- Mail invitations to the above people asking for an RSVP
- Take tickets orders, mail confirmations
- Design seating chart
- Print table reservation signs
- Receive contingency awards, take to storage
- Make pre-banquet visit to banquet site to finalize everything
- Pick up the tickets and the programs from the printer
- Print ballots for best race
- On the Friday before the banquet, gather up all the contingencies and other materials, load up and head to the banquet site, including cash for change for new and renewal membership sign-ups
- Organize, coordinate and try to control everything
- Make sure trophies arrive and are set up
- Get contingencies spread out or bagged
- Set up decorations, banners, table reservations
- Make sure exhibitors get space and anything else they need
- Coordinate with hotel staff to take tickets, guard doors, etc.
- Make sure the folks signing up new and renewal members, taking ballots on the best race and collecting for 50/50 Scholarship drawing have what they need, including forms, tickets, cash for change, etc. Collect the large bills every hour or so.
- Make sure the entertainment is set up
- Make sure meeting rooms are set up and Execs have coffee, lunch and snacks
- Set up and staff a table for attendees to pick up their tickets
- Get banquet programs out on the tables
- Count the 50/50 money and announce amount to be given away
- Handle problems with table reservations, food, etc.
- Assist with trophy presentations, contingency awards, etc.
- Guard banners and make sure no one tears up the place
- Make sure they don't close the bars early
- On Sunday morning, gather up the banners, left over trophies and anything else that belongs to FTR
- Deposit all the money collected for memberships, 50/50, etc.
- Review the hotel bill, have any errors corrected and forward payment
- Start processing the new and renewal memberships received at the banquet

FTR does not provide equipment or software, unless such equipment or software is unique to FTR.

FTR Discussion Board Returning to the Website

The forum is returning to the FTR web site. The format is different from the old forum. It is an automated bulletin board style message center. It will be moderated. Messages will post immediately, but moderators will have the ability to remove messages that are not appropriate. The decisions of the moderators will be final.

The rules of the forum will be as follows:

- No profanity
- No personal attacks
- No religion
- No politics.

User registration is required for posting anywhere on the forum. Unlike most other discussion boards, users must use their **REAL NAMES** as their log-in. Please enter your name as First Name (space) Last Name. Registrations that are not in this format will be deleted.

Please take some time to browse before posting. It might be helpful to read through the help area - look for a help icon in the upper right corner of every page. Post a message in the

new users area just to say hello and test out how things work. The software that we have chosen is one of the more powerful packages available. Users can:

- read and reply to topics
 - start new topics,
 - receive automatic notification of replies to a topic
 - search through posted topics for a specific phrase
 - start polls on subjects of their choice
 - email other members (recipient's address is not revealed)
 - private messenger - sends a message directly to a user's PC.
- If they are on-line they see a pop-up announcement of new message

The new forum is a great way for riders to share their enthusiasm for their sport with other riders. Let's accentuate the positive aspects of our sport, and keep this fun for everyone.

Terry Enyart - FTR President
John Day - FTR Webmaster

YAMAHA GENUINE
Parts & Accessories
ATV's with engine sizes of 90cc or greater are recommended for use only by those age 16 and older. Yamaha recommends that all ATV riders take an approved training course. For safety and training information, see your dealer or call the ATV Safety Institute at 1-800-887-2887. ATV's can be hazardous to operate. For your safety: always avoid paved surfaces. Never ride on public roads. Always wear a helmet, eye protection and protective clothing; never carry passengers; never engage in stunt riding and alcohol/drugs don't mix; avoid excessive speed and be particularly careful on difficult terrain. Accessory offer subject to dealer participation. See dealer for details.

Volunteer Rangers

A very special Thank You to the following 31 Volunteer Rangers. These men and women have all attended a special orientation class with the USDA Forest Service and are committed to working with the Forest Service to help educate the many "uneducated" forest users. These Volunteer Rangers are out every Saturday and Sunday and an occasional weekday patrolling the south areas of the Ocala National Forest passing out USFS OHV brochures, as well as the new Florida Four Wheel Drive Association's OHV brochures, to the forest users.

This has been going on for about two months now and we are seeing a slight reduction in prairie and wetland abuse by ATV, motorcycle and four wheel drive users. We need to continue to increase our presence in these areas in order to get the word out to all the forest users. Only thru education will we be able to reduce and eventually end the ecologically damaging motorized travel in the wetland areas. I encourage everyone to talk to one of the Volunteer Rangers and ask what they know about the latest forest rules and information. It may surprise you.

Lasers Help Riders

Dear Readers, Racers and Riders,

What do lasers have to do with trail riding and off-road racing? Why should you care? If you have perfect vision, you may not care, but if you are one of the thousands of riders who have to wear glasses or contacts to ride, you will want to know. If you are one of those riders, you know how frustrating glasses and contacts can be. Ever lose a contact during a race - not too much fun! If your lucky enough to find it you still have to figure out how to get the roost off of it and get it reinserted on your eye. If you get it back in you spend the rest of the ride trying to decide if it would be better to ride with it in and the feeling of a teaspoon of sand in your eye, or without it, using a white cane to finish the race. Imagine taking on a gnarly whoops section looking through coke bottles or hitting a log at full speed not even knowing it was there. That's what it is like when you ride with poor vision. It is hard enough to ride most courses with perfect vision. So if you like to make your rides as frustrating and dangerous as possible then keep taking your chances with glasses and contacts. Maybe you like feeling like your Mr. Magoo when you ride. Maybe you like riding on cold days looking through a dense fog on your lenses. But if your like most riders who have to wear contacts or glasses, then you've probably wondered what it would be like to ride with perfect vision. No more oversized goggles or expensive prescription goggles with built in lenses. No more fogging problems, lost contacts or glasses. No dents in your nose. No more burning eyes on dusty rides or cleaning lenses. Most importantly , no more unnecessary crashes. You'll have to come up with a new excuse.

You could turn those dreams into reality - in less than 15 minutes. This is where the laser comes in. It is called an excimer laser and the surgical procedure is called LASIK, which stands for Laser-Assisted In Situ Keratomileusis. Say that 10 times fast. The laser reshapes the cornea of your eye allowing light rays to be reflected at better angles for better focusing, which means better vision for you. LASIK is expected to become the most popular elective surgery performed in the new millennium. More than 1 million people have already had it done and chances are you already know someone that has had it done. It is often referred to as having your eyes "lasered". It is highly successful in the vast majority of well-chosen patients. That means you have to be the right candidate for the surgery. It is not for everyone. The best candidates are adults whose sight is only moderately distorted, whose vision is stable (not changing) and who have no other eye problems. It is not an option for people under age 18, a slow healer or

people with diabetes or glaucoma. Most eye doctors offer a free consultation to determine if you qualify for the procedure. Since there are no set guidelines, it is up to each physician to determine who is, or is not a candidate, and this varies. As advances continue in laser technology and long term results are studied, improvements will continue and the results will improve. By the year 2010, some surgeons predict, LASIK will have advanced so far that 90% of patients will see better than 20/20.

Of course, no surgery is without risks. Any responsible doctor will warn you that the desired results are not guaranteed and that certain side-effects are possible. The two most common side-effects are dryness and nearly everyone experiences some glare and seeing halos at night. Both usually diminish significantly within a few months after surgery. Occasionally, the correction is incomplete and a second touch-up procedure is needed. Correction is not always to 20/20 depending

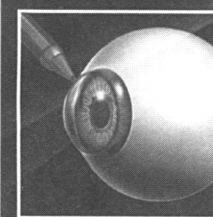

on what your vision problem was to begin with. But if your vision is improved to the point of not needing glasses- I would consider that a success. Not having to cram your goggles over some glasses makes it worthwhile.

The average cost of the surgery is \$2000 per eye (varies), and is not covered by most insurances. However most doctors will consider payment plans, and the cost can be tax deductible. Although pricey, take heed, it's a commodity where you should shop around for the best price. You want to look for a surgeon who has done at least a few hundred of them.

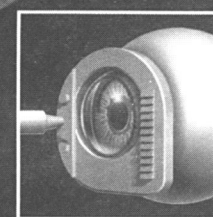

Another great thing about this procedure is that there is almost no recovery time. You could actually be out riding the very next week - without your glasses or contacts of course. I would absolutely recommend it to anyone who qualifies. I used to dread riding on a dusty or cold days with my brother, but since he had LASIK done, we don't have to stop every 20 minutes when we ride because of some problem with his glasses or contacts. If your still not sure or have questions, give him a call. He will fill you in on all the details. He is an optometrist and his practice performs hundreds of LASIK procedures each year. He has both the patients and doctors perspective on this. I believe that if a doctor has his own procedure performed on himself, that says it all. If you don't mind traveling he is waiting for you in Brecksville, Ohio just south of Cleveland at The Clear Vision Center. The phone number there is (440) 740-0400. He even told me if you mention this article, a hefty discount will apply.

Ride On!

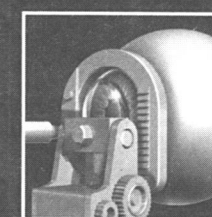

Here's the 15-min. procedure, step by step:

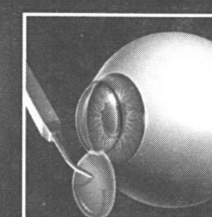

1 A liquid anesthetic is dropped into the patient's eye, numbing it for surgery. The physician then gently props the eyelids open and marks the cornea with water-soluble ink to guide the later repositioning of the flap

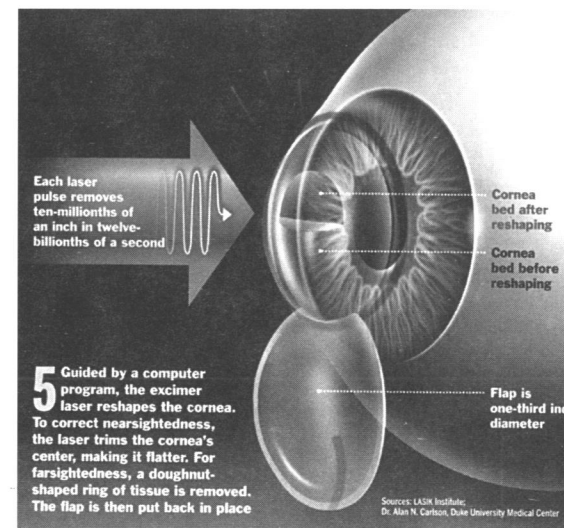

2 A suction ring holds the eye steady while the platform for the microkeratome, a cutting instrument, is put in place. Pressure is applied to the eye so that it is firm enough to be cut cleanly. This also dims vision

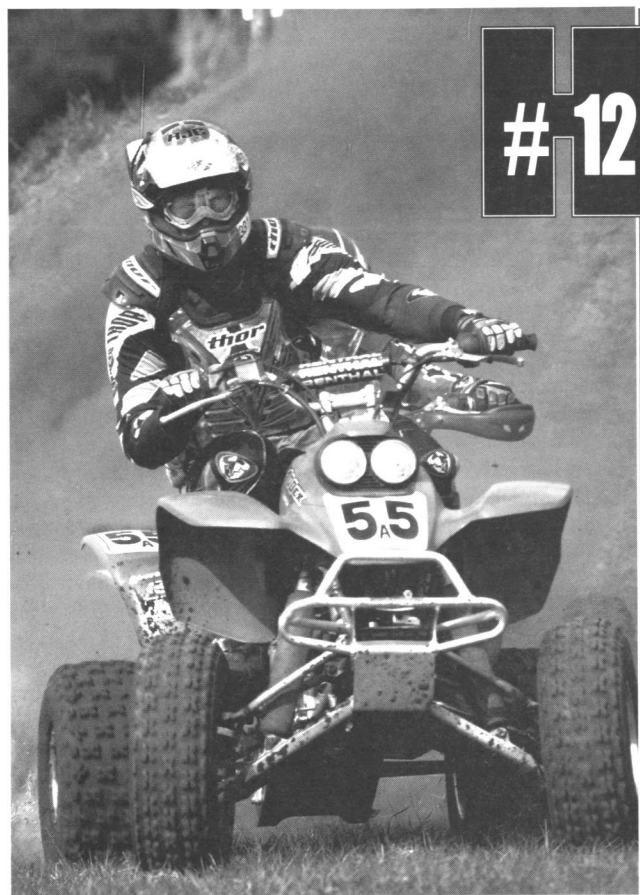

3 After the cornea is moistened, the microkeratome glides across its surface, cutting through the outer layers. The instrument stops automatically, leaving an uncut section to act as a hinge

4 After the suction is turned off and the cutting device removed, vision returns. The surgeon carefully lifts the still attached corneal flap out of the way, exposing the underlying layers that must be excised by the laser

Go to a doctor *who knows your sport*

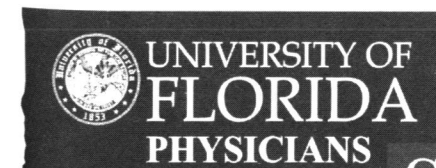

Dr. Augustine
The Human Mechanic

an orthopaedic physician and an avid motorcyclist.

The combination of his motorcycling background and medical training has allowed him to gain valuable insight into the treatment of injuries to the motorcycle athlete and become a specialist in this field. He volunteers his medical expertise at many local and national racing events each year. He conducts research and educates the public and medical community about the sport of motorcycle racing.

You only trust the best mechanic to take care of your motorcycle when it needs repair, so make sure you do the same with the most ultimate machine on earth—your body.

Dr. Stephen J. Augustine
Assistant Professor/Dept. of Orthopaedic Surgery
Specialty: Sports Medicine/Arthroscopy
Shoulder Reconstruction and Knee Reconstruction
Appointments: (904) 244-5001
Fax: (904) 244-3457
E-Mail: steve.augustine@jax.ufl.edu

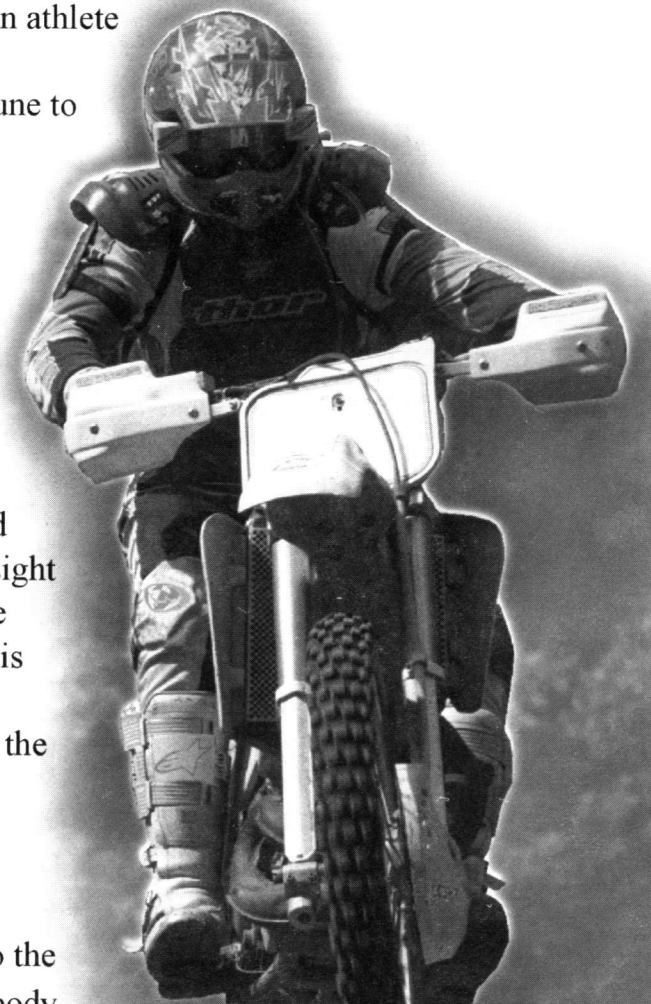

Health Science Center

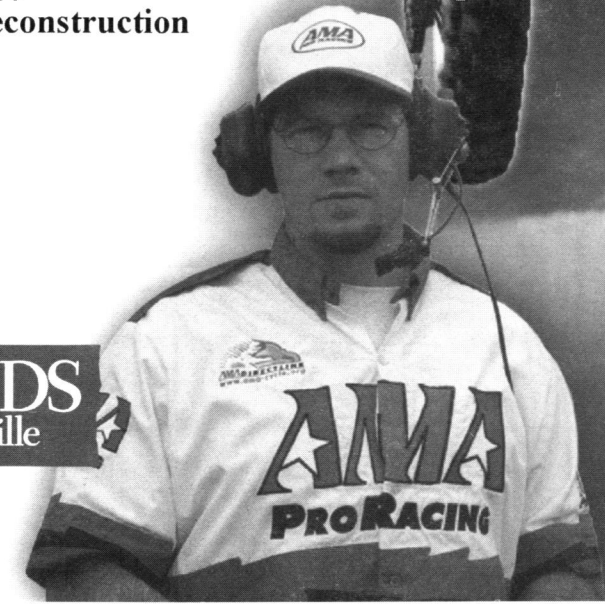

SHANDS
Jacksonville

Any sport that combines high speeds with competitive conditions places an athlete at an inherent risk for injury. Motorcycle racers are not immune to this fact and injuries do occur.

Having a physician who understands your sport is important in the proper approach to and treatment of your injury. Dr. Augustine is
