Why You Need Insurance

Well, it was bound to happen. I've been riding/racing for 14 years and I guess it was my turn. While riding a moto-x track in GA, I landed wrong off a jump, and broke my tib/fib. After allowing them to cut my fairly new Tech 6's and AXO pants ("yeah, you definitely broke it..."), they drove me to Kennestone hospital (in Marietta), where an Orthopedic surgeon was waiting to "carefully" realign my leg. That was probably the most painful thing I have ever experienced in my life. Bottom line: After the ambulance ride, multiple X-rays, surgery (rod and two screws) and three torturous days in the hospital, my total expenditure was a whopping \$50. Please make sure you pay (insurance) before you play... I guess I'll miss the Daytona relay...

Broke Arm & Lost Bike Story

On Sunday May 19, I was at Croom riding with my dad and a friend from school. We were riding in the back part of the 2nd day use area. I was leading the battle between us and I looked back to see where they were. Out of no where, my throttle sticks wide open. I tried to control the bike and was losing. When my peg hit a root sticking out of the ground and I went over the handlebars. The way I was positioned in the air made me land on my right hand. I felt a popping in my arm. I knew instantly that my arm was broken. And to make it even worse I couldn't ride because it was my throttle hand.

I had broken my left arm 10 months earlier and continued to ride that day because it was my left and I just didn't use the clutch. This time I had to ride back on my dad's bike. We got lost and it took us an hour to get back to the car. My dad went back out to get the bike but couldn't find it. To make a long story short, we went home without the bike.

I went to the ER and got a temporary cast (got a real one the next day) and the next day my mom, dad and I took a day off work (and school) to go to Croom and try to find the bike. I knew for sure that we wouldn't find it. Some guy had found it and left a rough map of where it was. If it wasn't for him I don't think I would have gotten my bike back. We finally got it back after searching for hours. I get my cast off June 23rd, can't wait until I get back to riding again.

The Prez Sez... Gator Tales

by Terry Enyart

For me, one of my biggest motorcycling pleasures is being out in the woods, working with some of my riding buddies getting trails laid out for upcoming events. Hanging around the campfire at the days end, having dinner and swapping a few stories. Boy, I can't believe how those (other guys) can stretch the truth! You know, you have been there yourself. It always goes something like this: You know I saw a shooting star one night that lasted for 7 or 8 seconds and had the whole sky lit up like daylight and you remember that time we saw that rattlesnake crawling across the center grade road, he was so long that his head was on one side of the road and his rattlers were on the other side of the road. That ain't nothing, I remember hooking a bass so big that he busted off 40 lb test, I saw him when he jumped and he had to be at least a 30 pounder. Whew, those other guys and their stories! Well, I've got one and I swear it's the truth.

The weekend before the Richloam Enduro there were 5 or 6 of us doing trails, you know, filling in arrows, doing danger markers, cutting faceslappers and putting up wrong ways. Following the pack in a cloud of dust and all of a sudden I come up on Kevin Hodge standing in the trail flagging me down. He tells me, Dave Arnett and Maynard Patterson almost hit a Big Gator laying in the middle of the trail. I walked up and thought, what kind of prank are they trying to pull on me this time. But sure enough, over in the palmettos and the myrtle bushes, I could see 6 or 7 feet of gator laying in the bushes. Just where the end of his head was and just where the end of his tail was, is anyone's guess. But, It was a good size one.

After a standing around for a while and trying to get a good look, I figured we really needed to know just how big was this gator and me knowing the guys that were there with us. I just knew, if we didn't know how big it really was, it was no telling where that story would go. So I grabbed a machete and cut a nice spear. I could see the gator from the road, but not very well, it was fifteen feet or so off the trail in the heavy bushes. I walked into the bushes four or five feet, got my feet planted and let the spear go. It hit the gator about in the middle of the tail and bounced off, the gator raised up and growled like a big dog and headed back toward the road. I jumped at least three feet off the ground and almost ran over Maynard Patterson and Dave Arnett who were standing right behind me, everyone else was heading for the hills, almost knocking down the motorcycles and themselves.

Why that old gator stopped short of the road where everyone was scattering, we'll never know. But I know one thing for sure I'm glad he stopped! I figured it was probably 10 or 12 ft long. But as I was in fast retreat and really didn't see the whole gator. But, by the hissing, growling and noise it was making coming through those bushes, you just never know!

Shoot, you know how stories go, after a few years and the story is told a few times, that old gator will probably be at least 16 feet long. Boy, oh Boy, what fun we have. Just think of the adventures that you miss by not belonging to one of your local clubs. Come on out, join a club. Help the clubs get the events ready for everyone to ride. You just never know when you'll get your chance to share a good story with everyone. As always, thanks for your time.

Florida Trail Riders EXECUTIVE COMMITTEE REPORT

The meeting was called to order on April 20, 2002 at 6:38 by the FTR President, Terry Enyart. Members of the committee in attendance were as follows:

President Terry Enyart
Vice President Jenni Lamb
Treasurer Cheryl Horn
Hare Scrambles Chairman Randy Faul
Enduro Chairman Ryan Crist

A quorum was present.

The only order of business was to review the club documentation in order to determine which clubs met the criteria to be recognized FTR clubs.

The clubs were organized alphabetically and the review process began. The procedure was to be that those that met the criteria would be approved. Those that did not meet the criteria were to be put aside and reviewed again, with a more subjective approach, to determine if they could be recognized.

By the rule, a 2/3 vote of the entire committee was necessary to approve a club as recognized. Since 2 of the 7 members of the committee were not

present, meaning that a "yes" vote from all 5 members present were necessary to approve a club.

The first club to be considered was the Apollo M/C. They were approved unanimously.

The second club to be considered was Azalea City M/C. They were disapproved, since 1 member, Ryan Crist, voted to disapprove.

Ryan's vote was questioned by a spectator at the meeting, Jack Terrell. Crist and Terrell had a somewhat heated discussion over this.

The next club to be considered was the Bay Area Dirt Riders. The club was disapproved with "no" votes cast by Jenni Lamb and Cheryl Horn.

With this, a very heated discussion erupted between Crist and Lamb.

Crist announced that he was leaving the meeting and left.

The President, Terry Enyart, declared that, since Crist left, the required number of committee members needed to vote was no longer present and the meeting was over. The time was 7:05.

2002 Battlefield Enduro Report

By Jean Masters
River City Dirt Riders

On race day, there was a great turn out with over 300 riders from 7 southeastern states participating in the Battlefield Enduro. The weather was great, dry and warm. The riders ranged in ages from 16 to 67.

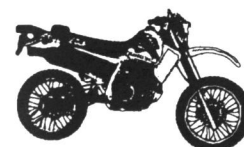

The River City Dirt Riders (RCDR) club has put on this enduro every year since 1987. This Enduro marked their 16th year of holding this event. This event was co-sanctioned with SETRA (Southeastern Enduro and Trail Riders Association). The contestants rode 65 miles of trail through the woods, on jeep trails and graded roads and tried to maintain a speed average of 24 mph. There were ten checkpoints along the 65 miles of trail, including three emergency checks. Several sections of new single-track trail were added this year in order to shorten the amount of riding on graded roads. To those new to this Enduro, the Florida Mountain (hill) was a sudden surprise during the first part of the course. The lack of rain made for a challenging race. Each rider had to compete with the dust and dry sandy conditions of the trails. As many know, this course can change yearly depending on the amount of rainfall to the area. Most of the riders who stopped at the scoring table said they had a great time and the course was "Awesome" and from the smiles on their faces, I don't doubt it.

The overall winner was Tommy Veator from Warner Robins, GA. He is 33 years old and rides a KTM motorcycle. He has been riding dirt bikes since he was 3 years old. Bradley Hodge was the AA First Place Trophy Winner. Nine sportsman riders competed for first place with Scott Sanders taking first. Kevin Hodge was the first place winner in Super Vintage. Jenni Lamb took Women's first place.

The RCDR club would like to thank the Plum Creek Timberlands Company, the U. S. Forestry Service, the Lake Butler Water Management District and Frank Loran of the Olustee Battlefield Park Service for the use of their land and their cooperation in putting on this event. We would also like to send a special thanks to our friends in both the Muddobbers Motorcycle Club and Azalea City Motorcycle Club. Their hard work and loyalty is greatly appreciated.

What's Up With The Devil's Creek Dual Sport Ride?

The Devil's Creek Dual Sport Weekend is the only AMA/Suzuki National Dual Sport Event in the southeastern United States. For this year, the event will be held July 27 & 28 outside of Dade City, Florida. As an AMA National Event, membership in the American Motorcyclist Association is required of all participants. Also, since the WDSRC puts this ride on, membership in the WDSRC is required as well. The WDSRC is a dual sport only organization comprised of over 500 dual sport enthusiasts from throughout the southeast. Membership includes the bi-monthly WDSRC Southern Dual Sporting Newsletter, which covers anything relating to dual sport in the southeast, from bike tests to ride reviews, from land use stories to how-to tips.

Historically, the "Creek" has been held in July for a number of reasons. During this time of year there are fewer user conflicts as the equestrians and hikers are more apt to stay at home. July also is the heart of the rainy season in Florida. Don't confuse a Florida rain with a Smokey Mountain rain. It isn't cold, but it is refreshing. Also, it just happens to fall before the school year begins which allows the WDSRC to gather school supplies for the kids of the economically challenged area of Lacoochee, a community that borders the forest.

"The Creek" is a dual sport event in the truest definition of dual sport. It incorporates something for everyone regardless of riding proficiency, bike choice, etc. We've designed "the Creek" to match up to any bike, any rider, and those who have ridden it in the past will attest to that.

The event starts on Saturday. The day designed for the larger dual sports, the novices, those that like to ride two-up, and those that just want to meander through the countryside on a sunny Florida day. No pressure, no stress. It covers paved roads, country lanes, dirt roads and gravel, as it winds through the Florida Suncoast. Along the way folks venture through the many orange groves of the area, through the cattle lands and ranches, up and down hills, around twisting turns, through overhanging lowlands to upland pine hammocks. You'll follow the route with a route sheet, searching for those

mystery locations in the scavenger hunt, or you may possibly be trying to find the numerous Geocaches with the help of your GPS unit. Saturday is a great day for you folks with bikes such as the BMW GS series, Triumph Tigers, KLR650s and the like. It's also great if you just like to ride your DR350. You'll end the day with dinner with the other riders. Bring a friend, bring the better half. Enjoy the day. If you keep momma happy, she won't mind you playing so much!

Sunday is designed for the more dirt oriented dual sporter. Those with bikes such as the DRZ400, the LC4s, the legalized XR400s and so forth. This ride has a severe dirt oriented tilt. You'll discover not only paved and dirt roads, but "roads" with mud, water, muck, rocks, grass, sand, broken pavement, roots, face slappers, downed trees, log crossings, and just about anything a dirt oriented dual sport rider could wish for, well, maybe except mountains. At 140 +/- miles, it is a ride you'll remember and one that you will thoroughly enjoy. It's not really suitable for the larger bikes. In the history of "The Creek" no bike larger than and including the KLR650 has ever completed this event. While that statement is not a challenge, please remember that if you have limited off-road experience, you shouldn't be out there on one of the bigger bikes.

Support for "the Creek" has grown over the years. We have sponsors like Moose, KTM USA, Nevada Off-Road Tours, local dealers such as Motorcycle Enthusiasts KTM, Mike's Cycle Center KTM, BMW of Tampa Bay and also those far away like Kawasaki Suzuki of Gastonia, NC.

The riders who attend come from Georgia, South Carolina, North Carolina, Alabama, and of course, Florida. With plenty of attractions, there is something around for the whole family, from the Suncoast beaches to canoe trips down the Withlacoochee. You can make this a family event. And whenever you can combine family, friends old and new, and dual sport motorcycles, you're bound to have a great time.

NEVADA MOTORCYCLE ADVENTURES

Nevada, an absolute blast! A real wild west!

Thick pine forest, Snow, old mine workings, Trail to over 11,000 feet, Fantastic fun to ride, Views, Absolutely magnificent! Ancient trees. A ghost town, once a bustling mining town, as if we'd stepped back in time at least 70 years. A meadow reminded me of Switzerland, Fantastic views! I was amazed, looking down as if in an aircraft. Incredibly tight, steep hairpin bends, as hairy as anything I've ever seen in the Alps! A Basque restaurant, an amazing collection of memorabilia of the wild west. The food and company were excellent. Going tough enough to provide a challenge. A fantastic ride! Superb fun! A motorcycling nirvana! An extremely enjoyable trip. I can't recommend anything better than getting out into the wide open spaces and high mountain trails of Nevada! THANKS -A Huge thanks to Matt Ernst for being such a capable and entertaining guide! *Excerpts from: "The Full Monty" by Paul Blezzard Published in TBM Jan 00.*
