

Press Release

July 15 2015

From Central Florida Trail Riders

To all Florida Trail Rider Members and Organizations.

The Central Florida Trail Riders have been strong supporters of the FTR Scholarship funds since its inception many years ago. We have all ways been one of, if not the top donating sources to this very important worthwhile fund.

This Past year at our event we asked the vendors to participate and they responded Graciously. We provided an exclusive vendor row at a reasonable rate which we promised to donate to the Scholarship fund.

Our Club agreed at our meeting last night to Match the funds of these ten individual vendors to double the donation.

The Central Florida Trail riders as a club should be recognized for this generous contribution as well as the Individual vendors that made this possible. We offer the challenge to every member or organization to step up and support our members and make or entire organization better.
