##### **Enduro Scoring**

#### **C. Scoring**

15. A team shall consist of not less than three riders nor more than five riders. Riders may compete on only one team. They must be entered as a team before the meet begins. The best three scores will be used to determine the winning team for that event. In case of a tie, the 4th and 5th place riders placing will be used to determine the team winner. If still tied after the 5<sup>th</sup> person, the raw scores of each team rider will be added and the lowest team total wins. A team competing for a year end award shall remain consistent in its members. An eight member roster must be registered with the Enduro Scorekeeper. A minimum of any three, or a maximum of any five of these members, may enter an event. A team roster can only be changed in the event that the member(s) being deleted from the team is unable to compete in 3 or more of the remaining events for the season. Roster changes must be submitted in writing to the Enduro Scorekeeper.

##### **Enduro Scoring**

#### **C. Scoring**

15. A roster of three to a maximum of eight members must be registered with the Enduro Scorekeeper before their first event begins. Each member must sign the roster agreeing to be on the team. A minimum member roster may be increased at any time thereafter to the maximum eight members. A member may

be deleted after such member has missed 3 events and may be replaced at any time thereafter. Roster changes must be submitted in writing to the Enduro Scorekeeper before the affected meet begins. A team shall consist of not less than 3 nor more than 5 members from the roster. Riders may compete on only one team. They must be entered as a team before the meet begins. In case of a tie, the 4<sup>th</sup> placed rider, and subsequently the 5<sup>th</sup> placed rider, will be used to determine the winning team. If still tied after the 5<sup>th</sup> rider, the event will be deemed a tie with both teams receiving equal points.
