FTR Rule Change Proposal

Submitted By: _cbob House_____ Date: 3/30/2020_____

Circle One: **New Rule** Clarification of Rule Deletion of Rule Safety Critical

Summary of Proposal (What is to be accomplished)

To attract the best volunteers FTR should award season workpoints to the Enduro Chairman and Enduro Scorekeeper. Both positions command an enormous effort over the course of a racing season. The Enduro Committee will approve workpoints at end of each season based on individual's performance.

Current Rule (Copy and paste from rule book – cite chapter, paragraph, etc. of every section that is affected)

No rule currently exists

Current Risk (Negative consequences should a change not be made)

FTR could exhaust it's pool of volunteers willing to take on the two most difficult enduro season tasks.

Proposed Solution (Write rule in exact detail how it should be incorporate into the rule book. Include every section of the rule book the proposal will affect)

Chapter V Item D # 7 (page 28) add:
Season workpoints may be awarded to the Enduro Chairman and Enduro Scorekeeper through the Enduro Committee, which will approve by vote at end of each season. The Enduro Committee has the right to approve full (100) or partial workpoints. The Chairman / Scorekeeper may apply their workpoints to any race of the racing season.

Steps Involved (What must be done to implement the proposal – other rule changes, capital, manpower, etc.)

The Enduro Committee must approve workpoints by vote for each individual at end of each season.

Benefits (For making the change)

To attract the best qualified volunteers for FTR.

Potential Obstacles (What would cause the change not to be implemented – cost, manpower, etc.)

This could start a “me-too” group who feel they should be compensated for their efforts. However, no other position(s) comes close to the time and effort that the Enduro Chairman and Enduro Scorekeeper commit to an FTR season.

Motion Failed

Yes – 5

No - 9
